For the first time in the history of the Little House books, this new edition features Garth Williams' interior art in vibrant, full color, as well as a beautifully redesigned cover. The adventures of Laura Ingalls and her family continue as Pa, Ma, Laura, Mary, Carrie, and little Grace bravely face the hard winter of 1880-81 in their little house in the Dakota Territory. Blizzards cover the little town with snow, cutting off all supplies from the outside. Soon there is almost no food left, so young Almanzo Wilder and a friend make a dangerous trip across the prairie to find some wheat. Finally a joyous

Christmas is celebrated in a very unusual way in this most exciting of all the Little House books. *Something Wilder* Vintage

An urgent account of the explorers and scientists racing to understand the rapidly melting ice sheet in Greenland, a dramatic harbinger of climate change. As Greenland's ice melts and runs off into the sea, it not only threatens to affect hundreds of millions of people who live in coastal areas. It will also have drastic effects on ocean currents, weather systems, economies, and migration patterns *Reports of Cases in the Supreme Court of Nebraska* New World Library

The "reigning romance queens" (PopSugar) and New York Times bestselling authors of *The Soulmate Equation* and *The Unhoneymooners* present a charming and laugh-out-loud funny novel filled with adventure, treasure, and, of course, love. Growing up the daughter of notorious treasure hunter and absentee father Duke Wilder left Lily without much patience for the profession...or much money in the bank. But Lily is resourceful, and now uses Duke's coveted hand-drawn maps to guide tourists on fake treasure hunts through the red rock canyons of Utah. It pays the bills but doesn't leave enough to fulfill her dream of buying back the beloved ranch her father sold years ago, and definitely not enough to deal with the sight of the man she once loved walking back into her life with a motley crew of friends ready to hit the trails. Frankly, Lily would like to take him out into the wilderness and leave him there. Leo Grady knew mirages were a thing in the desert, but they'd barely left civilization when the silhouette of his greatest regret comes into focus in the flickering light of the campfire. Ready to leave the past behind him, Leo wants nothing more than to reconnect with his first and only love. Unfortunately, Lily Wilder is all business, drawing a clear line in the sand: it's never going to happen. But when the trip goes horribly and hilariously wrong, the group wonders if maybe the legend of the hidden treasure wasn't a gimmick after all. There's a chance to right the wrongs—of Duke's past and their own—but only if Leo and Lily can confront their history and work together. Alone under the stars in the isolated and dangerous mazes of the Canyonlands, Leo and Lily must decide whether they'll risk their lives and hearts on the treasure hunt of a lifetime. This page-turning adventure full of second chances, complicated relationships, and the breathtaking beauty of the American Southwest will take you on one wild ride.

A Times Literary Supplement Book of the Year, chosen by Tom Stoppard "A revelation."—Marc Weingarten, Washington Post Acclaimed film director Billy Wilder's early writings—brilliantly translated into English for the first time Before Billy Wilder became the screenwriter and director of iconic films like *Sunset Boulevard* and *Some Like It Hot*, he worked as a freelance reporter, first in Vienna and then in Weimar Berlin. *Billy Wilder on Assignment* brings together more than fifty articles, translated into English for the first time, that Wilder (then known as "Billie") published in magazines and newspapers between September 1925 and November 1930. From a humorous account of Wilder's stint as a hired dancing companion in a posh Berlin hotel and his dispatches from the international film scene, to his astute profiles of writers, performers, and political figures, the

collection offers fresh insights into the creative mind of one of Hollywood's most revered writer-directors. Wilder's early writings—a heady mix of cultural essays, interviews, and reviews—contain the same sparkling wit and intelligence as his later Hollywood screenplays, while also casting light into the dark corners of Vienna and Berlin between the wars. Wilder covered everything: big-city sensations, jazz performances, film and theater openings, dance, photography, and all manner of mass entertainment. And he wrote about the most colorful figures of the day, including Charlie Chaplin, Cornelius Vanderbilt, the Prince of Wales, actor Adolphe Menjou, director Erich von Stroheim, and the Tiller Girls dance troupe. Film historian Noah Isenberg's introduction and commentary place Wilder's pieces—brilliantly translated by Shelley Frisch—in historical and biographical context, and rare photos capture Wilder and his circle during these formative years. Filled with rich reportage and personal musings, *Billy Wilder on Assignment* showcases the burgeoning voice of a young journalist who would go on to become a great auteur.

The mother-daughter partnership that produced the Little House books has fascinated scholars and readers alike. Now, John E. Miller, one of America's leading authorities on Laura Ingalls Wilder and Rose Wilder Lane, combines analyses of both women to explore this collaborative process and shows how their books reflect the authors' distinctive views of place, time, and culture. Along the way, he addresses the two most controversial issues for Wilder/Lane aficionados: how much did Lane actually contribute to the writing of the Little House books, and what was Wilder's real attitude toward American Indians. Interpreting these writers in their larger historical and cultural contexts, Miller reconsiders their formidable artistic, political, and literary contributions to American cultural life in the 1930s. He looks at what was happening in 1932—from depression conditions and politics to chain stores and celebrity culture—to shed light on Wilder's life, and he shows how actual "little houses" established ideas of home that resonated emotionally for both writers. In considering each woman's ties to history, Miller compares Wilder with Frederick Jackson Turner as a frontier mythmaker and examines Lane's unpublished history of Missouri in the context of a contemporaneous project, Thomas Hart Benton's famous Jefferson City mural. He also looks at Wilder's Missouri Ruralist columns to assess her pre-Little House values and writing skills, and he readdresses her literary treatment of Native Americans. A final chapter shows how Wilder's and Lane's conservative political views found expression in their work, separating Lane's more

libertarian bent from Wilder's focus on writing moralist children's fiction. These nine thoughtful essays expand the critical discussion on Wilder and Lane beyond the Little House. Miller portrays them as impassioned and dedicated writers who were deeply involved in the historical changes and political challenges of their times—and contends that questions over the books' authorship do not do justice to either woman's creative investment in the series. Miller demystifies the aura of nostalgia that often prevents modern readers from seeing Wilder as a real-life woman, and he depicts Lane as a kindred artistic spirit, helping readers better understand mother and daughter as both women and authors.

Older But Wilder Crown Books For Young Readers

A pioneering researcher's illuminating account of Arctic ice—its secret history and dire future Barely inhabited, the Arctic is an alien world to most of us. It also holds critical clues about the future of our planet. In *The Hidden Life of Ice*, Marco Tedesco invites us to Greenland, where he and his fellow scientists are doggedly researching the dramatic changes afoot. Following the arc of his typical day at work, Tedesco unearths the secrets in the ice—from evidence of long-extinct "polar camels" to the fantastically weird microorganisms living at freezing temperatures in cryoconite holes. Tedesco weaves together the bald facts on climate change with poetic reflections on this endangered landscape, the epic deeds of great Arctic explorers, and the legends of the rare local populations. *The Hidden Life of Ice* is more than a diatribe on climate—it's a moving tribute to a beautiful place that may be gone too soon.

From a truly distinctive voice brimming with wicked humor, tales of the little disasters that befall and befuddle us April Wilder's characters (some normal, some less so) have this in common: they are spiraling (or inching) toward self-destruction. An almost poetic range of disasters are sought out and savored in *This Is Not an Accident*, from bad romance to iffy adoption decisions to unsteady liaisons with animals and dolls; from compulsive driving to compulsive written correspondence with oneself. A house sitter hides among poets in Salt Lake City after his canine charge dies tragically. A grandma's boyfriend holds a backyard barbecue under siege—with the kids as his pint-sized guards. The world of these slightly off-center individuals is similarly off by a few degrees. But by the end, we realize it's not as far off as we would like to think: this is modern American life. What Wilder captures is not a dark side, but rather the side we all know well and hide from others, and ourselves. In the tradition of Wells Tower and Jim Shepard, *This Is Not an Accident* signals a bold new voice and delivers the kind of insanely incisive moments only a master of the human condition can conjure.

The Future We Choose The Experiment

Winner of the National Book Critics Circle Award for Criticism Winner of the Graywolf Press Nonfiction Prize A frank and fascinating exploration of race and racial identity Notes from No Man's Land:

American Essays begins with a series of lynchings and ends with a series of apologies. Eula Biss explores race in America and her response to the topic is informed by the experiences chronicled in these essays -- teaching in a Harlem school on the morning of 9/11, reporting for an African American newspaper in San Diego, watching the aftermath of Katrina from a college town in Iowa, and settling in Chicago's most diverse neighborhood. As Biss moves across the country from New York to California to the Midwest, her essays move across time from biblical Babylon to the freedman's schools of Reconstruction to a Jim Crow mining town to post-war white flight. She brings an eclectic education to the page, drawing variously on the Eagles, Laura Ingalls Wilder, James Baldwin, Alexander Graham Bell, Joan Didion, religious pamphlets, and reality television shows. These spare, sometimes lyric essays explore the legacy of race in America, artfully revealing in intimate detail how families, schools, and neighborhoods participate in preserving racial privilege. Faced with a disturbing past and an unsettling present, Biss still remains hopeful about the possibilities of American diversity, "not the sun-shininess of it, or the quota-making politics of it, but the real complexity of it."

This book delineates how Thornton Wilder (1897-1975), a learned playwright and novelist, embeds himself within the classical tradition, integrating Greek and Roman motifs with a wide range of sources to produce heart-breaking masterpieces such as *Our Town* and comedy sensations such as *Dolly Levi*. Through this study of archival sources and close reading, readers will understand Wilder's avant-garde staging and innovative time sequences not as a break with the past, but as a response to the classics. The author traces the genesis of unforgettable characters like *Dolly Levi* in *The Matchmaker*, *Emily Webb* in *Our Town*, and *George Antrobus* in *The Skin of Our Teeth*. Vergil's

expression, "Here are the tears of the world, and human matters touch the heart" haunts Wilder's oeuvre. Understanding Vergil's phrase as "tears for the beauty of the world," Wilder utilizes scenes depicting the beauty of the world and the sorrow when individuals recognize this too late. Wilder exhorts us to observe lovingly, alert to the wonder of the everyday. This work will appeal to actors and directors, professors and students in classics and in American literature, those fascinated by modern drama and performance studies, and non-specialists, theatre-goers, and readers in the general public.
