 Carrey Dewey and her husband, Eric, worked hard to build their dream life: a strong marriage, three incredible kids, and a beautiful home. It all came crashing down when Carrey was diagnosed at age 42 with amyotrophic lateral sclerosis (ALS) - a disease that had no treatment or cure, a disease that is 100 percent fatal. Her doctor told her, "Get your paperwork in order and go make memories." But Carrey, a smart, courageous, and often very funny woman, was determined to do more - to spend what life she had left advocating for ALS research and educating people about the disease. *Kickin' ALS* is a compilation of Carrey's personal Facebook posts, written from shortly after her diagnosis in June 2014 until just before her death in May 2018. It is a powerful and poignant chronicle of one woman's experience with the disease made famous through the Ice Bucket Challenge. More than 5,000 people in the United States are diagnosed with ALS each year, according to the ALS Association, and it is estimated that at least 16,000 Americans may be living with ALS at any given time. Proceeds from the sale of this book will be donated to organizations supporting ALS research and education, as well as ALS patients and their families.

 Modern-day feminism and the decline of solid Bible teaching in churches have left many women confused or unaware of God's high calling for their lives. Though the world changes, God's priorities have not. In Titus 2:3-5, the apostle Paul reveals the value God places upon a woman's character, her relationships, and her home. In *God's Priorities for Today's Woman*, popular Bible teacher Lisa Hughes explains and illustrates each priority that Paul describes, empowering Christian women to grow in their understanding of God and of what He considers important gain

assurance they are living the life God desires them to live be equipped to grow in each priority area learn how to minister more effectively to other women God's Priorities for Today's Woman will equip women of all ages to grow in godly living. Study questions effective for individual or small group use are included at the end of each chapter.

 Cop, Secret Service agent, private consultant, and bodyguard ? Greg Gitschier has led an exciting life. He's protected presidents and royalty, tracked down international criminals, and cracked tough cases. An assignment to protect Pope John Paul II forever changed Greg's life, leading him down a path toward "sacred service." He now serves as a deacon in the Catholic Church, a police chaplain, and Secret Service chaplain. *Sneakin' Deacon* shares the raw, the routine, the gritty, and the grand moments of a life in both Secret Service and sacred service. In Greg Gitschier's 11 years as a cop, he worked undercover, caught bad guys, and joined car chases and shootouts. But the excitement ratcheted up when Gitschier launched his 20-year career with the Secret Service. He broke up international counterfeiting rings, arrested a notorious diamond thief, survived heart-pounding moments in the Middle East and Africa, and protected presidents, royalty, and celebrities. Gitschier's assignment to protect Pope John Paul II during the pontiff's 1999 visit to the United States forever changed his life. Gitschier stepped up his involvement in his church and eventually became a Catholic deacon, a police chaplain, and a chaplain for the US Secret Service. He continues to work as a private security consultant and bodyguard for high-profile clients. *Sneakin' Deacon* shares the raw, the routine, the gritty, and the grand moments of a life in both Secret Service and sacred service.

 Autobiographical poetry from one of Kentucky's rising Affrilachian literary stars. Bernard Clay's autobiographical poetry debut, *English Lit*, juxtaposes the roots of Black male identity against an urban and rural Kentucky landscape. Hailed as one of the most authentic voices of his generation, Clay artfully renders coming-of-age in the predominately Black West End of Louisville, Kentucky. Balancing the spirited grit of a farmer and the careful lyricism of a poet, *English Lit* is a triumph of new Affrilachian—African American and Appalachian—literature.

 \* Schneider Family Book Award Winner \* A gorgeous and empowering picture book biography about Evelyn Glennie, a deaf woman, who became the first full-time solo percussionist in the world. (Cover may vary) "No. You can't," people said. But Evelyn knew she could. She had found her own way to listen. From the moment Evelyn Glennie heard her first note, music held her heart.

She played the piano by ear at age eight, and the clarinet by age ten. But soon, the nerves in her ears began to deteriorate, and Evelyn was told that, as a deaf girl, she could never be a musician. What sounds Evelyn couldn't hear with her ears, though, she could feel resonate through her body as if she, herself, were a drum. And the music she created was extraordinary. Evelyn Glennie had learned how to listen in a new way. And soon, the world was listening too. "Radiant." —Publishers Weekly "Perfect for elementary school readers . . . Excellent." —SLJ "Beautiful." —A Mighty Girl "Lyrical . . . Expressive . . . Vibrant." —Booklist "An intriguing, loving biography." —Kirkus "Engaging [and] vibrant." —The Horn Book "Fantastic." —Book Riot

 Winner of a 2020 Catholic Press Association book award (first place, backlist beauty). Do you ever feel caught in an endless cycle of working harder and longer to get more while enjoying life less? The Stewart family did—and they decided to make a radical change. Popular Catholic blogger and podcaster Haley Stewart explains how a year-long internship on a sustainable farm changed her family's life for the better, allowing them to live gospel values more intentionally. When Haley Stewart married her bee-keeping sweetheart, Daniel, they dreamed of a life centered on home and family. But as the children arrived and Daniel was forced to work longer hours at a job he liked less and less, they dared to break free from the unending cycle of getting more yet feeling unfulfilled. They sold their Florida home and retreated to Texas to live on a farm with a compost toilet and 650 square feet of space for a family of five. Surprisingly, they found that they had never been happier. In *The Grace of Enough*, Stewart shares essential elements of intentional Christian living that her family discovered during that extraordinary year on the farm and that they continue to practice today. You, too, will be inspired to: live simply offer hospitality revive food culture and the family table reconnect with the land nurture community prioritize beauty develop a sense of wonder be intentional about technology seek authentic intimacy center life around home, family, and relationships Drawing from Pope Francis's encyclical on the environment, *Laudato Si'*, Stewart identifies elements of Catholic social teaching that will enhance your life and create a ripple effect of grace to help you overcome the effects of today's "throwaway" culture and experience a deeper satisfaction and stronger faith.

 John Keats's biographers have rarely been fair to George Keats (1797-1841)—pushing him to the background as the younger brother, painting him as a prodigal son, or labeling him as the "business brother." Some have even condemned him as a heartless villain who took more than his fair share of an

inheritance and abandoned the ailing poet to pursue his own interests. In this authoritative biography, author Lawrence M. Crutcher demonstrates that George Keats deserves better. Crutcher traces his subject from Regency London to the American frontier, correcting the misconceptions surrounding the Keats brothers' relationship and revealing the details of George's remarkable life in Louisville, Kentucky. Brilliantly illustrated with more than ninety color photographs, this engaging book reveals how George Keats embraced new business opportunities to become an important member of the developing urban community. In addition, George Keats of Kentucky offers a rare and fascinating glimpse into nineteenth-century life, commerce, and entrepreneurship in Louisville and the Bluegrass.

Bridges are some of the most fascinating structures in our landscape, and they come in all forms. From towering suspension bridges to humble stone crossings, this book visits them all in sweet, bouncing text with expository sidebars. But while bridges can be quite grand, this reminds us that their main purpose is bringing people together. This is perfect for budding architects, as well as readers who can relate to having loved ones who live far away.

Pure joy and the power of community radiate from this sweet picture book about a young Black girl's perseverance and confidence in following her double Dutch dreams. Africa's grandmother was a double Dutch legend, and Africa knows she can become the same. Her brother scoffs when she signs up for a double Dutch competition, though—how can she hope to compete when she's never done it before? But Africa has all the tools she needs: memories of her grandmother, her bestie Bianca's dance moves, her friend Omar's rhythm, and her classmates' Mary Mack timing and cartwheels. If Africa can pull everything together to jump some winning moves, she might just fly, but it's the birthmark in the shape of her name that tells her she's always been a winner.

Many of us dream of quitting our jobs, hopping on a plane, and escaping our daily reality to frolic around on a beach for a while. But for most of us, it's just a dream - until now. How to Quit Your Job & Travel is a practical, step-by-step guide to one of the most exciting, exhilarating, and terrifying things you'll ever do. You'll learn how to tackle each of the challenges preventing you from taking off on a long-term trip, from finances to fear to returning to reality - and all the nitty-gritty logistics along the way. But once you do actually pack your bags, throw your stuff into storage, and head off - what's next? Lia Garcia, co-founder and CEO of one of the most-read travel blogs in the world, spills all the things nobody tells you about the reality of long term travel - and coming home again - with stories from her own disastrous year-long honeymoon. About the Book This book is divided into four sections: Part One focuses on laying the groundwork for your trip, including the preparations and decisions that take place well before you leave. You'll learn to identify and navigate fears and obstacles in your way as you develop a rough outline for your trip, set yourself a departure deadline, calculate the cost of your adventure, start working towards a specific savings goal, and turn your travel dream into an actionable plan. Part Two takes place in the months before your trip, as you finalize your plans, pack your bags, book your itinerary, and tie up loose ends at home. You'll learn how to effectively plan a long-term trip, tackle each piece of the logistical puzzle of placing your life on hold, find out what to pack (and what to leave at home), and take off on the adventure of a lifetime. Part Three prepares you for the trip itself, including all the things that nobody tells you about long-term travel, how to stay safe and prevent theft, and what to do if you find yourself running out of funds. You'll learn about the many challenges of long-term travel, the beauty of "travel magic," and how to overcome challenges while you're on the road. Part Four occurs after the trip, as you return home and reintegrate into ordinary life. We'll cover how to prepare yourself for the most difficult part of long-term travel, including picking back up where you left off with your career (or choosing not to), and how to use the skills you learned during your travels to identify your needs and adjust to the life you've returned to. In each part of the book, you'll find specific, actionable advice interwoven with stories and mishaps from the author's year-long honeymoon. At the end of the book is a reference section containing all of the websites, apps, businesses, academic studies, spreadsheet templates, and tools mentioned or recommended, as well as tables organizing specific information you'll need as you plan your trip. You'll also receive access to a digital and printable version of the "Reference" section.

The most haunted neighborhood in America? That's what many are calling Old Louisville, an extensive preservation district with hundreds of old mansions and beautiful homes in Kentucky's largest city. Wherever you go in this eye-popping neighborhood, it seems that a haunted house is not far away. Or a haunted church, a haunted street corner, or a haunted park. Over the last decade, so many stories of paranormal activity have surfaced that Old Louisville has gained the reputation as being one of the spookiest locations in the country. David Dominé discovered this for himself after purchasing an old home on Old Louisville's famed Millionaires Row in 1999. A self-proclaimed skeptic, the food writer dismissed rumors of a mischievous resident poltergeist named Lucy when he moved in, but he quickly found himself at a loss to explain the disembodied footsteps and mysterious odors that seemed to plague the old house. Soon, he was talking to neighbors and fellow homeowners, and it seemed that everyone had stories of strange events and supernatural occurrences in their own dwellings. As a result, David set out to document and research these reports and began writing about the neighborhood; in the process he uncovered a wealth of fascinating history and ghostly tales that convinced him this historic neighborhood is like no other in the country. If you liked David Dominé's Ghosts of Old Louisville series, you'll love True Ghost Stories and Eerie Legends from America's Most Haunted Neighborhood. Edited and updated, this collection brings together the most popular and chilling tales from his previous books about one of the most fascinating neighborhoods in the country.
