An Elizabethan spy chases a double agent across Europe in this historical mystery series debut—"Think James Bond for the 17th-century

crowd" (Library Journal). At the dawn of the seventeenth century, England continues to be entangled in wars with Spain and Ireland for many years. The country crackles with unease in the waning years of Queen Elizabeth's reign, and intelligencer Martin Marbeck has just received a vital message from his spymaster, Sir Robert Cecil: the existence of a spy has been discovered,

a double agent code named Morera. A master of disguise and fluent in the argot of secrets and lies, Marbeck must uncover the true identity of this traitor quickly, while evading dangerous Spanish spies, before rumors of the young King Philip III forming a new Armada prove themselves to be true. “A gripping, entertaining page-turner.” —Booklist, starred review “[Pilkington’s] Tudor-era spy novel oozes intrigue and dramatically captures the unsettled mood of the times.” —Library Journal

“Pilkington introduces an intriguing new hero in the dashing Marbeck in an eventful tale packed with the usual Elizabethan minutiae.” —Kirkus Reviews

 Born to parents who were enthusiastic naturalists, and linked through his wider family to a clutch of accomplished scientists, Richard Dawkins was bound to have biology in his genes. But what were the influences that shaped his life? And who inspired him to become

the pioneering scientist and public thinker now famous (and infamous to some) around the world? In *An Appetite for Wonder* we join him on a personal journey from an enchanting childhood in colonial Africa, through the eccentricities of boarding school in England, to his studies at the University of Oxford’s dynamic Zoology Department, which sparked his radical new vision of Darwinism, *The Selfish Gene*. Through Dawkins’s honest self-reflection, touching

reminiscences and witty anecdotes, we are finally able to understand the private influences that shaped the public man who, more than anyone else in his generation, explained our own origins. *Queen of the Wits* Thomas & Mercer

What would you do if your whole world came crashing down? Broken promises of love. Deceits of life. Safiya is deep in despair and nearing self-destruction. But a chance opportunity to escape suicidal misery beckons her. Millions said it is the

land of wishes . Mecca - Saudi Arabia. Millions said it is a life changing journey . Hajj - the pilgrimage. England to Arabia. Thrown into garments resembling a death shroud she embarks on the Hajj and enters the spellbinding world of ancient Islamic practices. To save herself. Alongside three million foreign and unpredictable pilgrims she makes her weeping wish in the celestial palace of Mecca. She camps with Ethiopian peasants and Arab Kings, faces the supernatural in

the deserts and catches a spine-chilling glimpse of the end of the world. She uncovers love for a man she has never met and hatred for a hidden enemy. She risks her life for a fleeting obsession and steps into a perilous ritual where others had been killed. But will her wish come true? Or will it end badly? *Three Thousand Miles for a Wish* is a deeply moving, mystical and powerful story of a young woman's real-life quest for happiness. It captures the soul with remarkable

potency as it takes the reader, in a way never done before, on the greatest trip on earth.

Take a gleeful voyage with famed English comedian Karl Pilkington as he embarks on a quest for knowledge. Karl's logic might be what some call . . . eccentric. For instance, he believes that owning 1,777 acres of the moon is a splendid idea, and

that human testicles should be relocated to one's earlobes. In his thirst for deeper understanding, he undergoes a brain scan and attempts to join Mensa. This hysterical book includes pearls of wisdom from famous comedians Ricky Gervais, Russell Brand, Noel Fielding, and more! Is Karl destined to discover a new truth, or is he headed for a descent into madness? You decide. “. . . hilarious pearls of wisdom on life.”—Heat “Genius or mental case?

Wasowicz During the 1960s, a dedicated library science professor named Lena de Grummond initiated a letter-writing campaign to children's authors and illustrators requesting original manuscripts and artwork to share with her students. Now named after de Grummond, this archive at the University of Southern Mississippi has grown into one of the

largest collections of historical and contemporary youth literature in North America with original contributions from more than 1,400 authors and illustrators, as well as over 185,000 volumes. The first book-length project on the collection, *A de Grummond Primer: Highlights of the Children's Literature Collection* provides a history of de Grummond's work and an introduction to major topics in the field of children's literature. With more than ninety

full-color images, it highlights particular strengths of the archive, including extensive holdings of fairy tales, series books, nineteenth-century periodicals, Golden Age illustrated books, Mississippi and southern children's literature, nonfiction, African American children's literature, contemporary children's and young adult authors and illustrators, and more. The book includes contributions from literature and information science scholars,

historians, librarians, and archivists—all noted experts on children’s literature—and points to the exciting research possibilities of the archive. De Grummond could not have realized when she wrote to luminaries like H. A. and Margret Rey, Berta and Elmer Hader, Madeleine L’Engle, J. R. R. Tolkien, Lois Lenski, Garth Williams, and others that their correspondence and contributions would form the foundation for this extraordinary trove now visited by scholars from

around the world. Such major authors and illustrators as Ezra Jack Keats, Richard Peck, Rosemary Wells, Angela Johnson, and John Green continued to donate content. In addition, curators, past and present, have acquired both historical and contemporary volumes of literature and criticism. The One You Trust Severn House/ORIM Experience the gripping first instalment of the bestselling Emma Holden suspense mystery trilogy, full of twists, turns and

page-turning cliff-hangers. Why do you hurt the one you love? Enjoying her Hen Night in a busy London West End bar, Emma Holden receives troubling news. When my father was diagnosed with terminal cancer he was told by his doctor that he had "weeks rather than months" to live. If I wasn't already aware of it, the clock had - at that moment - truly started. It was to stop just one week later when my father died - and it's those seven days which form the basis of this true account. Divided into seven days, this is a story that faces up to the thoughts and fears that

we all have - of growing older, of losing a parent, of saying what we really think, and of learning to live again. So, if you're having a mid-life crisis... Reviews from the earlier Kindle version on Amazon include the following comments: 'Utter brilliance, heartfelt and meaningful, I was truly inside the writer's mind from beginning to end.' 'A beautifully written account...and offers very palpable hope.' 'Refreshing, honest, clear, and insightful.' 'Reading this made me cry, smile,

hurt and heal a bit more...This book made me feel NORMAL!

What are your top twenty expectations for your pastor? Now multiply your list by the number of people who attend church with you. Is it any wonder pastors are overwhelmed and underappreciated? They're expected to know every member by name, preach a "home run sermon" every Sunday, condemn sin without hurting anyone's feelings, and be available to serve others 24/7 while not

neglecting their own family. The intensity of these expectations and lack of appreciation can and does bring the majority of pastors to a place of despair and ultimately departure from pastoral ministry. This practical field guide offers tangible ways to better understand and care for the pastor who cares so deeply about you.

Follow the Rabbit-Proof

Fence David C Cook

This extraordinary story of courage and faith is based on the actual experiences of three girls who fled from the repressive life of Moore River Native Settlement, following along the rabbit-proof fence back to their homelands.

Assimilationist policy dictated that these girls be taken from their kin and their homes in order to be made white. Settlement life was unbearable with its chains and padlocks, barred windows, hard cold beds,

and horrible food. Solitary confinement was doled out as regular punishment. The girls were not even allowed to speak their language. Of all the journeys made since white people set foot on Australian soil, the journey made by these girls born of Aboriginal mothers and white fathers speaks something to everyone.

suspense.” —O, the Oprah Magazine “Explosive . . . Both a propulsive mystery and a profound examination of a mixed-race family.” —Entertainment Weekly “Lydia is dead. But they don’t know this yet.” So begins this exquisite novel about a Chinese American family living in 1970s small-town Ohio. Lydia is the favorite child of Marilyn and James Lee, and her parents are determined that she will fulfill the dreams they were unable to pursue. But when Lydia’s body is

found in the local lake, the delicate balancing act that has been keeping the Lee family together is destroyed, tumbling them into chaos. A profoundly moving story of family, secrets, and longing, *Everything I Never Told You* is both a gripping page-turner and a sensitive family portrait, uncovering the ways in which mothers and daughters, fathers and sons, and husbands and wives struggle, all their lives, to understand one another.

Before I Let You Go

Mariner Books
 Seeking the truth about UFOs in America, Mark Pilkington and John Lundberg uncover a 60 year-old story stranger than any conspiracy thriller. Through the fascinating account of their quest Mark Pilkington reveals the long history of UFOria and its parallels in little known tales from the murky worlds of espionage, psychological warfare and advanced military technology. Along the way he discovers that the truth about flying saucers

is stranger and more complex than either the ufologists or debunkers would have us believe. As he crossed the US meeting intelligence agents, disinformation specialists and UFO hunters Pilkington was confronted with a dizzying array of ever more outrageous claims and counter claims. As a result he began to suspect that, instead of covering up stories of crashed flying saucers, alien contacts and secret underground bases, the US intelligence agencies had actually

been promoting them all along. Meanwhile he has to deal with his own uncertainties, the suspicions of the UFO community and a partner who is starting to believe that conspiracy theorists might be right after all. With a fresh, funny and objective approach, Pilkington is the ideal guide to steer us through these strange territories, where nothing is quite as it seems and reality is just a matter of managing perceptions.
