Mika Rottenberg's practice combines video, installations, drawings and sculptures. Many of her works portray absurd assembly-line situations in which work is often being carried out by women whose outsized, far from conventionally beautiful bodies are called into play both as tools and raw materials.

Offering captivating narratives in which whimsicality and wit merge with weirdness, and reality morphs into fiction, Rottenberg's films are presented in the context of immersive installations that plunge the viewer into their world—a world beyond the screen—in a blurring of the borders between the imagined and the real. Book Contents - "Down the Rabbit Hole or Through the Looking Glass?": interview between Mika Rottenberg and Daria de Beauvais. - "Breaking the Bubble: Mika Rottenberg's Industrial Attractions": an essay by Amy Herzog. About the authors - Daria de Beauvais is a curator at the Palais de Tokyo. She curated Mika Rottenberg's solo show. - Amy Herzog is a media historian. Based on the empirical case of an e-learning project of the International Cooperation agency InWent / Capacity Building International, this study does all three-in-one: First, it reflects current Web-based and Blended Learning scenarios. Second, it provides a space-theoretical discussion of the foundations of Internet research: the online and physical environments of reference. Moreover, it applies Actor Network Theory to blending online and physical interaction spaces.

Mika Rottenberg développe une pratique artistique qui conjugue la réalisation de vidéos, d'installations, de dessins et de sculptures. Dans de nombreuses de ses œuvres, elle met en scène des situations absurdes de travail à la chaîne, souvent interprétées par des femmes. Leurs corps, hors des normes et loin des canons habituels, sont entièrement mobilisés et utilisés comme outils de travail et matières premières. Captivants récits où la fantaisie et l'humour se mêlent à l'étrangeté et où le réel semble se distordre dans la fiction, les films de Mika Rottenberg sont montrés au sein d'installations immersives qui plongent les spectateurs dans leur univers au-delà de l'écran et participent ainsi à brouiller les frontières entre imaginaire et réalité. Livre publié à l'occasion de l'exposition personnelle de Mika Rottenberg au Palais de Tokyo, 23.06 - 11.09 2016

The bestselling motivational guide that TheAtlantic.com calls "a rallying cry for women to get the money they deserve." Why are women so often overlooked and underpaid? What are the real reasons men get raises more often than women? How can women ask for--and actually get--the money, the job, the recognition they deserve? Prompted by her own experience as cohost of Morning Joe, Mika Brzezinski asked a wide range of successful women to share the critical lessons they learned while moving up in their fields. Power players such as Facebook's

Sheryl Sandberg, Senator Elizabeth Warren, Harvard's Victoria Budson, comedian Susie Essman, and many more shared their surprising personal stories. They spoke candidly about why women are paid less and the pitfalls women face--and play into. Now expanded to address gender dynamics in the #MeToo era, *Know Your Value* blends compelling personal stories with the latest research on why many women don't negotiate their compensation, why negotiating aggressively usually backfires, and what can be done about it. For any woman who has ever wondered if her desire to be liked can be a liability (yes), if there is a way to reclaim her contribution after it's been co-opted in a meeting (yes), and if there are strategies men use to get ahead that women should too (yes!), *Know Your Value* provides vital advice to help women be their own best advocates.

Mika in Real Life Mika in Real Life

Mika Brzezinski is at war against obesity. On *Morning Joe*, she is often so adamant about improving America's eating habits that some people have dubbed her "the food Nazi." What they don't know is that Mika wages a personal fight against unhealthy eating habits every day, and in this book she describes her history of food obsession and distorted body image, and her lifelong struggle to be thin. She believes it's time we all learned to stop blaming ourselves, and each other, and look at the real culprits—the food we eat and our addiction to it. Mika feels the only way to do this is to break through the walls of silence and shame we've built around obesity and food obsessions. She believes we need to talk openly about how our country became overweight, and what we can do to turn the corner and step firmly onto the path of health. So Mika made a deal with her very close friend Diane: they would work together on this book and on their personal goals, to help Diane drop 75 pounds and to break Mika's obsession with staying superthin. As she did in her bestseller *Knowing Your Value*, Mika has packed each chapter with insights from notable people in medicine, health, business, the arts, and politics. Singer Jennifer Hudson, the late writer and director Nora Ephron, TV host Gayle King, New Jersey governor Chris Christie, and many others open up to Mika about their own challenges and what works for them when it comes to food and diet. It's time we stopped whispering the F-word ("fat") the way

we used to shun the C-word (“cancer”). This book—with its trademark Brzezinski smarts, honesty, and courage—launches us into a no-holds-barred conversation with family and friends, in schools and kitchens, in Congress and the food industry, to help us all find ways to tackle one of the biggest problems standing between us and a healthier America.

Theo can't stop looking at Max. With those black clothes and piercings, and that sarcastic charm that's enough to intimidate pretty much anyone, he's not exactly what you would call

ordinary. Especially not when Theo is as ordinary as it gets, for a high schooler, along with all the insecurity and awkwardness that comes with it. Basically, Max is everything Theo is not, but no matter how hard Theo tries, he can't get him off his mind. He's honestly crushing on him so hard, that it's not even funny. Theo has never spoken to Max, has even tried to hate him, but when their paths actually cross, their first conversation takes a surprising turn. And before long, they both find themselves falling harder and faster than they ever could have anticipated.
