### **Subject guide to German books in print**

Courier Dover Publications  
 "At last world.com meets  
 ethnography.eudora. This book shows how  
 ethnography can have a global reach and  
 a global relevance, its humanistic and  
 direct methods actually made more not  
 less relevant by recent developments in  
 global culture and economy. Globalisation  
 is not a singular, unilinear process,  
 fatalistically unfolding towards inevitable  
 ends: it entails gaps, contradictions,  
 counter-tendencies, and marked  
 unevenness. And just as capital flows  
 more freely around the globe, so do  
 human ideas and imaginings, glimpses of  
 other possible futures. These elements all  
 interact in really existing sites, situations  
 and localities, not in outer space or near-  
 earth orbit. Unprefigurally, they are taken

up into all kinds of local meanings-  
 makings by active humans struggling and  
 creating with conditions on the ground, so  
 producing new kinds of meanings and  
 identities, themselves up for export on the  
 world market. This book, conceptually rich,  
 empirically concrete, shows how global  
 neo-liberalism spawns a grounded  
 globalisation, ethnographically observable,  
 out of which is emerging the mosaic of a  
 new kind of global civil society. As this  
 book so richly shows, tracing the  
 lineaments of these possibilities and  
 changes is the special province of  
 ethnography."—Paul Willis, author of  
 Learning to Labor and editor of the journal  
 Ethnography "The authors of Global  
 Ethnography bring globalization 'down to  
 earth' and show us how it impacts the  
 everyday lives of Kerala nurses, U.S.  
 homeless recyclers, Irish software  
 programmers, Hungarian welfare

recipients, Brazilian feminists, and a host of other protagonists in a global postmodern world. This is superb ethnography -- refreshing and vivid descriptions grounded in historical and social contexts with important theoretical implications."—Louise Lamphere, President of the American Anthropological Association "The global inhabits and constitutes specific structuration of the political, economic, cultural, and subjective. How to study this is a challenge. Global Ethnography makes an enormous contribution to this effort."—Saskia Sassen, author of *Globalization and Its Discontents* "This fascinating volume will quickly find its place in fieldwork courses, but it should also be read by transnationalists and students of the political economy, economic sociologists, methodologists of all stripes--and doubting macrosociologists."—Herbert J. Gans, Robert S. Lynd Professor of Sociology, Columbia University "Not only matches the originality and quality of *Ethnography Unbound*, but raises the ante by literally expanding the methodological and analytical repertory of ethnographic sociology to address the theoretical and logistical challenges of a globalized discipline and social world."—Judith Stacey, author of *In the Name of the Family: Rethinking Family Values in the Postmodern Age* "In the best traditions of radical Berkeley scholarship, Burawoy's collective recaptures the ground(s) of an engaged sociology embedded in the cultural politics of the global without losing the ethnographer's magic—the local touch."—Nancy Scheper-Hughes, author of *Death without Weeping*

 Publisher Description  
[Beste Arzthelferin Ever - Notizbuch \\* Journal \\* Tagebuch](#) Cambridge University Press  
 Since the 1967 publication of *Studies in Ethnomethodology*, Harold Garfinkel has indelibly influenced the social sciences and humanities worldwide. This new book, the long-awaited sequel to *Studies*, comprises Garfinkel's work over three decades to further elaborate the study of ethnomethodology. 'Working out Durkheim's Aphorism,' the title used for this new book, emphasizes Garfinkel's insistence that his position focuses on fundamental sociological issues--and that interpretations of his position as indifferent to sociology have been misunderstandings. Durkheim's aphorism states that the concreteness of social facts is sociology's most fundamental phenomenon. Garfinkel argues that

sociologists have, for a century or more, ignored this aphorism and treated social facts as theoretical, or conceptual, constructions. Garfinkel in this new book shows how and why sociology must restore Durkheim's aphorism, through an insistence on the concreteness of social facts that are produced by complex social practices enacted by participants in the social order. Garfinkel's new book, like *Studies*, will likely stand as another landmark in sociological theory, yet it is clearer and more concrete in revealing human social practices.

Dank dickem Papier, besonders robust und angenehm zum schreiben und skizzieren. Zeige deine Leidenschaft zu deinem Beruf als Altenpfleger mit diesem tollen einzigartigen Notiz- und Arbeitsbuch.  
[Qualitative Media Analysis](#) Rowman & Littlefield  
 Although discourse theory tends to draw upon lofty examples, *Discreet Indiscretions* draws instead on one many consider inconsequential. Bergmann treats daily gossip, both friendly and malicious, as the genre of everyday communication and thereby in need of serious analysis. Utilizing discourse theory and ethnomethodology, this study shifts among several kinds of terrain: the sociology of language, the sociology of knowledge, and the sociology of culture. It rests on widespread individual observations on gossip in the existing literature of social science and on the investigation of real gossip recorded in conversations in the field, and reproduced here as transcribed segments. By exploring the complex relations of friendship and loyalty with respect to transmitting knowledge about the personal affairs of others, he develops his thesis: that gossip should be defined not as a control mechanism, but rather as the social organization of discreet indiscretions.

**Efraim's Book** Uksak E-Books  
 The New York Times and #1 internationally bestselling author of the Department Q series is back, with a terrifyingly relevant stand-alone novel about an America in chaos. Sixteen years before Democratic Senator Bruce Jansen was elected president of the United States, a PR stunt brought together five very different people: fourteen-year-old Dorothy "Doggie" Rogers, small-town sheriff T. Perkins, single mother Rosalie Lee, well-known journalist John Bugatti, and the teenage son of one of Jansen's employees, Wesley Barefoot. In spite of their differences, the five remain bonded by their shared experience and devotion to their candidate. For Doggie, who worked the campaign trail with Wesley, Jansen's election is a personal victory: a job in the White House, proof to her Republican father that she was right to support Jansen, and the rise of an intelligent, clear-headed leader with her same ideals. But the triumph is short-lived: Jansen's pregnant wife is assassinated on election night, and the alleged mastermind behind the shooting is none other than Doggie's own father. When Jansen ascends to the White House, he is a changed man, determined to end gun violence by any means necessary. Rights are taken away as quickly as weapons. International travel becomes impossible. Checkpoints and roadblocks destroy infrastructure. The media is censored. Militias declare civil war on the government. The country is in chaos, and Jansen's former friends each find themselves fighting a very different battle, for themselves, their rights, their country . . . and, in Doggie's case, the life of her father, who just may be innocent.

Dieses Buch enthält folgende Romane: Die Braut des Bergführers (Alfred Bekker) Schüsse im Hochwald (Alfred Bekker/W.A.Hary) Die Tochter des Einsiedlers (Alfred Bekker) Gefährliche Wetten und heiße Liebeleien (Anna Martach) Madln und Berge - geliebt und gefährlich (Anna Martach) Expedition ins Glück (Anna Martach) Manege frei fürs große Glück (Anna Martach) Musik des Herzens (Anna Martach) Eifersucht und 1000 Lügen (Anna Martach) Der lange Weg zu deinem Herzen (Anna Martach) Hab ich dein Herz für immer verloren? (Anna Martach) Schneeballschlacht und heiße Herzen (Anna Martach) Heiße Liebe - kalte Herzen (Anna Martach) Eine Lawine wird zum Schicksal (Anna Martach) Nur ein Wunder kann noch helfen (Anna Martach) Der verlorene Erbe (Alfred Bekker) Der Erb mord (Robert Gruber/Peter Haberl) Wo das Herz spricht, hat der Verstand nicht mehr viel zu sagen ... Alpendoktor Daniel Ingold muss sich nicht nur um zwei verliebte Burschen kümmern. Eine rätselhafte Krankheit breitet sich außerdem im Ort aus - was steckt dahinter? Und was sagt sein eigenes Herz? *Qualitative Researching with Text, Image and Sound* Cambridge University Press Efraim's Book is the sophisticated, offbeat novel about the peculiar society of post-World-II Berlin. Its hero George Efraim is a Jewish reporter who has fought for the British on the Italian front and lost both parents to Auschwitz. He returns home to Berlin in 1962 for the first time since the war to investigate the wartime disappearance of his editor's daughter, only to begin writing a novel, which helps him "to embark on a certain arrangement of signs with the help of which I hope to chart my position." Like the great German

novels of Günter Grass and Heinrich Böll, Alfred Andersch's Efraim's Book grapples with the legacy of World War II and the Holocaust in all its horror and sad humanity. A troubling yet often humorous book, it offers a poignant account of the traumatized German state.

**Beste Arzthelferin Ever - Notizbuch \* Journal \* Tagebuch** Cambridge University Press

In arguably the finest text ever written in the philosophy of social science, Abraham Kaplan emphasizes what unites the behavioral sciences more than what distinguishes them from one another. Kaplan avoids the bitter disputes among people doing methodology, claiming instead that what is important are those qualities intrinsic to the overall aspirations of the social sciences. He deals with special problems of various disciplines only so far as may be helpful in clarifying the general method of inquiry. The Conduct of Inquiry is a systematic, rounded, and wide-ranging inquiry into behavioral science. Kaplan is guided by the experience of sciences with longer histories, but he is bound neither to their problems nor to their solutions. Instead, he addresses the methodology of behavioral science in the broad sense of both method and science. The work is not a formal exercise in the philosophy of science but rather a critical and constructive assessment of the developing standards and strategies of contemporary social inquiry. He emphasizes the tasks, achievements, limitations, and dilemmas of the newer disciplines. Philosophers of science usually choose to write about the most fully developed sciences because problems are clearer there. The result is ordinarily of little benefit to the behavioral scientist, whose task is clarification of method; here the precedents and analogies of physical science are obscure or inappropriate. The Conduct of Inquiry goes a long way in drawing upon the strengths of social research insights without simplifying the common concerns of the scientific enterprise as a whole. As Leonard Broom noted when the book initially appeared: "Kaplan fills a gap and does so with admirable clarity and often engaging wit. It lacks pomposity, pedantry, and pretension, and it is bound to make an impact on the teaching of and, with luck, research in the behavioral sciences."

Arzthelfer Weil Superheld Keine Berufsbezeichnung Ist SAGE

The first English translation of Waldenfels' work on the human experience of the alien, or the "other".

*Vier Bergromane: Schicksale in der*

*Bergwelt* SAGE

This book, designed for students who have already developed a basic competence in German, aims to broaden and improve their vocabulary by providing detailed information on groups of German words with related meanings. It is invaluable as a guide to finding the right word for the context. In order to enhance understanding of the structure of the German vocabulary, groups of synonyms are organised under German (rather than English) headwords. All entries are accompanied by an example of usage and English glosses and there are two indexes

allowing users quickly to locate words in German or English. The book takes full account of register variation, indicating the degree of formal or informal use, and reflects regional usage especially in Austria and Switzerland. It is an essential reference for intermediate and advanced students as well as teachers and other professional linguists seeking access to the finer nuances of the German language. *A Summer of Murder* Goldmann Verlag  
Dieser Band dokumentiert das lebendige amerikanische Interesse an Schriftstellerinnen aus der ehemaligen DDR. In interdisziplinärer Anlage und

Methodik umreißen die Beiträge - von theoretischen Überlegungen bis zur praktisch-pädagogischen Erläuterung - wichtige Themen und interkulturelle Berührungspunkte im Denken von Frauen in Ost und West. Neben der Bestandsaufnahme des besonderen Beitrags, den DDR-Autorinnen zur deutschen Kultur der Nachkriegsepoche geleistet haben, bieten andere Aufsätze beachtenswerte Überlegungen, wie die Visionen und Entwürfe ostdeutscher Frauen in heutige Diskussionen über Reformen für die Welt von morgen einzubringen wären.
