Pinter & Martin

THE RECORD-BREAKING NUMBER ONE BESTSELLER FROM THE UK'S BESTSELLING NON-FICTION AUTHOR.

Discover all the weird and wonderful things that go on inside your body with Adam Kay. Covers key stage 2 / 3 human biology syllabus (in a slightly repulsive way). 'Hilarious and fascinating! I wish Adam had been my biology teacher' - Konnie Huq Do you ever think about your body and how it all works? Like really properly think about it? The human body is extraordinary and fascinating and, well . .

. pretty weird. Yours is weird, mine is weird, your maths teacher's is even weirder. This book is going to tell you what's actually going on in there, and answer the really important questions, like: Are bogeys safe to eat? Look, if your nose is going to all that effort of creating a snack, the least we can do is check out its nutritional value. (Yes, they're safe. Chew away!) And how much of your life will you spend on the toilet? About a year - so bring a good book. (I recommend this one.) So sit back, relax, put on some rubber gloves, and let a doctor take you on a poo (and puke) filled tour of your insides. Welcome to Kay's Anatomy*. *a fancy word for your body. See, you're

learning already. 'The sort of book I would have loved as a child' - Malorie Blackman 'Like listening to a teacher who makes pupils fall about' - The Times 'Absolutely packed with facts...

Entertaining and highly informative' - Daily Mail 'As brilliant, and revolting, as the human body it celebrates' - The i newspaper 'Totally brilliant!' - Jacqueline Wilson 'If only this funny and informative book had been around when I was too embarrassed to teach my kids about bodily functions' - David Baddiel

This Is Going to Hurt

Tim Duggan Books

In the US edition of this international bestseller, Adam Kay channels Henry Marsh and David Sedaris to

tell us the "darkly funny" (The New Yorker) -- and sometimes horrifying -- truth about life and work in a hospital. Welcome to 97-hour weeks. Welcome to life and death decisions. Welcome to a constant tsunami of bodily fluids. Welcome to earning less than the hospital parking meter. Wave goodbye to your friends and relationships. Welcome to the life of a first-year doctor. Scribbled in secret after endless days, sleepless nights and missed weekends, comedian and former medical resident Adam Kay's *This Is Going to Hurt* provides a no-holds-barred account of his time on the front lines of medicine. Hilarious, horrifying and heartbreaking by turns, this is everything

you wanted to know -- and more than a few things you didn't -- about life on and off the hospital ward. And yes, it may leave a scar.

The 1619 Project: Born on the Water

Macmillan

'Very funny and frank'
Independent 'Reads like *Scrubs: The Blog ...* funny and awful in equal measure'

Observer * * * * *

The bestselling real life story of a hapless junior doctor, based on his columns written anonymously for the Telegraph. IF YOU'RE GOING to be ill, it's best to avoid the first Wednesday in August. This is the day when junior doctors graduate to their first placements and begin to face having to put into practice what they have spent the last six

years learning. Starting on the evening before he begins work as a doctor, this book charts Max Pemberton's touching and funny journey through his first year in the NHS. Progressing from youthful idealism to frank bewilderment, Max realises how little his job is about 'saving people' and how much of his time is taken up by signing forms and trying to figure out all the important things no one has explained yet - - for example, the crucial question of how to tell whether someone is dead or not. Along the way, Max and his fellow fledgling doctors grapple with the complicated questions of life, love, mental health and how on earth to make time to do your laundry. All

Creatures Great and Small meets Bridget Jones's Diary, this is a humorous and accessible peek into a world which you'd normally need a medical degree to witness. If you enjoy Trust Me, I'm a (Junior) Doctor, don't miss the follow-up titles Where Does It Hurt? and The Doctor Will See You Now.

Kay's Anatomy Basic Books

From the creator of the

popular website Ask a Manager and New York's work-advice columnist comes a witty, practical guide to 200 difficult professional conversations—featuring all-new advice! There's a reason Alison Green has been called "the Dear Abby of the work world." Ten years as a workplace-advice columnist have taught her that people avoid awkward conversations in the office because they simply don't know what to say. Thankfully, Green does—and in this incredibly helpful book, she tackles the tough discussions you may need to have during your career. You'll learn what to say when

- coworkers push their work on you—then take credit for it
- you accidentally trash-talk

someone in an email then hit "reply all" • you're being micromanaged—or not being managed at all • you catch a colleague in a lie • your boss seems unhappy with your work • your cubemate's loud speakerphone is making you homicidal • you got drunk at the holiday party Praise for Ask a Manager "A must-read for anyone who works . . . [Alison Green's] advice boils down to the idea that you should be professional (even when others are not) and that communicating in a straightforward manner with candor and kindness will get you far, no matter where you work."—Booklist (starred review) "The author's friendly,

warm, no-nonsense writing is a pleasure to read, and her advice can be widely applied to relationships in all areas of readers' lives. Ideal for anyone new to the job market or new to management, or anyone hoping to improve their work experience."—Library Journal (starred review)

"I am a huge fan of Alison Green's Ask a Manager column. This book is even better. It teaches us how to deal with many of the most vexing big and little problems in our workplaces—and to do so with grace, confidence, and a sense of humor."—Robert Sutton, Stanford professor and author of *The No Asshole Rule* and *The Asshole Survival Guide* "Ask a Manager is the

ultimate playbook for navigating the traditional workforce in a diplomatic but firm way."—Erin Lowry, author of *Broke Millennial: Stop Scraping By and Get Your Financial Life Together*

This Is Gonna Hurt
Berrett-Koehler Publishers

A blazingly funny, heartfelt memoir from the daughter of the larger-than-life woman who ran Sticky Fingers Brownies, an underground bakery that distributed thousands of marijuana brownies per month and helped provide medical marijuana to AIDS patients in San Francisco—for fans of Armistead Maupin and Patricia Lockwood

During the '70s in San Francisco, Alia's mother ran the

underground Sticky Fingers Brownies, delivering upwards of 10,000 illegal marijuana edibles per month throughout the circus-like atmosphere of a city in the throes of major change. She exchanged psychic readings with Alia's future father, and thereafter had a partner in business and life. Decades before cannabusiness went mainstream, when marijuana was as illicit as heroin, they ingeniously hid themselves in plain sight, parading through town--and through the scenes and upheavals of the day, from Gay Liberation to the tragedy of the Peoples Temple--in bright and elaborate outfits, the goods wrapped in hand-designed packaging and tucked

into Alia's stroller. But the stars were not aligned forever and, after leaving the city and a shoulda-seen-it-coming divorce, Alia and her mom returned to San Francisco in the mid-80s, this time using Sticky Fingers' distribution channels to provide medical marijuana to friends and former customers now suffering the depredations of AIDS. Exhilarating, laugh-out-loud funny, and heartbreaking, Home Baked celebrates an eccentric and remarkable extended family, taking us through love, loss, and finding home.

Do No Harm Simon and Schuster
Award-winning Oxford University researcher Dr. Jeremy Howick draws on the latest peer-reviewed medical

studies to arm readers with scientific evidence that will empower them to make sensible choices about what drugs to take, what drugs to give their children, and when (and when not) to simply let the body do its thing. "READ THIS BREAKTHROUGH BOOK!" --DEEPAK CHOPRA The miracles of modern medicine--and our overreliance on prescription drugs and surgical procedures--have obscured the evolutionary ability of the body to heal itself, as Dr. Jeremy Howick explains in this groundbreaking book. Wealthy countries have become highly dependent on medical intervention: On average, one-fifth of all Americans, half of the elderly British, and

two-thirds of older Canadians take at least five prescription drugs per day, their lives a nonstop ritual of pill popping and managing side effects. One in ten people takes antidepressants, and millions of boys who can't sit still in school are prescribed methamphetamines. Skyrocketing global healthcare costs render this overmedication increasingly unaffordable. In *Doctor You*, Howick explains that the abundance of modern drugs and technologies has blinded us to the fact that the human body produces its own drugs that can treat pain, is capable of curing itself of many physical ailments as well as a surgeon, and can even combat most mild

depression as well as any psychologist. Recent clinical trials clearly show that states of mind affect our health: relaxation, positive thinking, and comfortable social environments all provide measurable health benefits--sometimes as effectively as blockbuster drugs. With a methodical and approachable analysis of modern medicine's overuse of pharmaceutical intervention and the scientific evidence for your body's innate power to heal itself, *Doctor You* will change the way you think about your health, your body, and your approach to medicine. [Sibling Estrangement and the Road to Reconciliation](#)
Hachette UK

A New York Times Bestseller From #1 New York Times bestselling author Julia Quinn comes the story of Colin Bridgerton and Penelope Featherington, in the fourth of her beloved Regency-set novels featuring the charming, powerful Bridgerton family, now a series created by Shondaland for Netflix. COLIN AND PENELOPE'S STORY
Penelope Featherington has secretly adored her best friend's brother for . . . well, it feels like forever. After half a lifetime of watching Colin Bridgerton from afar, she thinks she knows everything about him, until she stumbles across his deepest secret . . . and fears she doesn't know him at all. Colin Bridgerton is tired of

being thought of as nothing but an empty-headed charmer, tired of the notorious gossip columnist Lady Whistledown, who can't seem to publish an edition without mentioning him. But when Colin returns to London from a trip abroad, he discovers nothing in his life is quite the same—especially Penelope Featherington! The girl who was always simply there is suddenly the girl haunting his dreams. When he discovers that Penelope has secrets of her own, this elusive bachelor must decide . . . is she his biggest threat— or his promise of a happy ending?

Summary of This is Going to Hurt Custom House

#1 NEW YORK TIMES

BESTSELLER • PULITZER PRIZE FINALIST • This inspiring, exquisitely observed memoir finds hope and beauty in the face of insurmountable odds as an idealistic young neurosurgeon attempts to answer the question What makes a life worth living?

NAMED ONE OF PASTE'S BEST MEMOIRS OF THE DECADE • NAMED ONE OF THE BEST BOOKS OF THE YEAR BY The New York Times Book Review • People • NPR • The Washington Post • Slate • Harper's Bazaar • Time Out New York • Publishers Weekly • BookPage

Finalist for the PEN Center USA Literary Award in Creative Nonfiction and the Books for a Better Life Award in Inspirational Memoir At the age of

thirty-six, on the verge of completing a decade's worth of training as a neurosurgeon, Paul Kalanithi was diagnosed with stage IV lung cancer. One day he was a doctor treating the dying, and the next he was a patient struggling to live. And just like that, the future he and his wife had imagined evaporated. When *Breath Becomes Air* chronicles Kalanithi's transformation from a naïve medical student "possessed," as he wrote, "by the question of what, given that all organisms die, makes a virtuous and meaningful life" into a neurosurgeon at Stanford working in the brain, the most critical place for human identity, and finally into a patient and new

father confronting his own mortality. What makes life worth living in the face of death? What do you do when the future, no longer a ladder toward your goals in life, flattens out into a perpetual present? What does it mean to have a child, to nurture a new life as another fades away? These are some of the questions Kalanithi wrestles with in this profoundly moving, exquisitely observed memoir. Paul Kalanithi died in March 2015, while working on this book, yet his words live on as a guide and a gift to us all. "I began to realize that coming face to face with my own mortality, in a sense, had changed nothing and everything," he wrote. "Seven words from Samuel Beckett began

to repeat in my head: 'I can't go on. I'll go on.'" When *Breath Becomes Air* is an unforgettable, life-affirming reflection on the challenge of facing death and on the relationship between doctor and patient, from a brilliant writer who became both.

Women to the Front

Ballantine Books

Soon to be a major AMC TV series starring Ben Whishaw and a 2.5 million-copy international bestseller, *This Is Going to Hurt* is Adam Kay's equally "heartbreaking" and "darkly funny" (New Yorker) memoir of his years as a young doctor. Welcome to 97-hour weeks. Welcome to life and death decisions. Welcome to a constant tsunami of bodily fluids. Welcome

to earning less than the hospital parking meter. Wave goodbye to your friends and relationships. Welcome to the life of a first-year doctor. Scribbled in secret after endless days, sleepless nights, and missed weekends, comedian and former medical resident Adam Kay's *This Is Going to Hurt* provides a no-holds-barred account of his time on the front lines of medicine. Hilarious, horrifying, and heartbreaking by turns, this is everything you wanted to know--and more than a few things you didn't--about life on and off the hospital ward. And yes, it may leave a scar.

HarperCollins UK

This is not a new book but a specially adapted version of Adam Kay's bestseller This is Going to Hurt for Quick Reads. These short books are perfect for adults who are discovering reading for pleasure for the first time. Welcome to the life of a junior doctor. You work 97 hours a week. You make life and death decisions. You are often covered in blood (or worse) from head to toe. And the hospital parking meter earns more money than you do.

Adam Kay's diary was written in secret after long days, sleepless nights and missed weekends. It is funny, moving and sometimes shocking. This is everything you wanted to know - and more than a few things you didn't - about life on and off the hospital ward. Specially rewritten for ease of reading by Francesca Main.

Dogwinks Vintage

This is Going to Hurt: Secret Diaries of a Junior Doctor by Adam Kay: Conversation Starters This is Going to Hurt: Secret Diaries of a Junior Doctor, author, comedian, and former doctor Adam Kay's newest novel is the million-copy bestseller. It tells us a story of the plights and insider details of a life and journey of a doctor

who is often forgotten despite his humble efforts to do his best. Adam Kay has written a masterful novel that is hilariously honest and makes us realize that doctors are often thought to be superhumans and don't have the luxury to live a normal life. The book urges the readers to accept doctors as regular humans who are flawed but try to make lives better of all the people they touch. A Brief Look Inside: EVERY GOOD BOOK CONTAINS A WORLD FAR DEEPER than the surface of its pages. The characters and their world come alive, and the characters and its world still live on. Conversation Starters is peppered with questions designed to bring us beneath the

surface of the page and invite us into the world that lives on. These questions can be used to create hours of conversation: -Foster a deeper understand of the book -Promote an atmosphere of discussion for groups - Assist in the study of the book, either individually or corporately -Explore unseen realms of the book as never seen before Disclaimer This book is an independent resource to supplement the original book and is not affiliated nor endorse by the original work in any way. If you have not yet purchased a copy of the original book, please do before purchasing this unofficial Conversation Starters. Download your copy now on sale

Read it on your PC, Mac, iOS or Android smartphone, tablet devices.

The bestselling and beloved Godwink series returns with a charming, dog-focused collection of stories, all of which provide plenty of hope, encouragement, and laughter. With delightfully uplifting stories and enthralling prose, DogWinks is the perfect gift for dog lovers of all backgrounds. Featuring several never-before-published and true stories about

coincidences and divine intervention, DogWinks is an inspirational and entertaining book that illustrates the overwhelming power of faith and how miracles can change our lives and those of our canine companions.

Dear NHS Penguin

This Is Gonna Hurt is music, photography, and life through the distorted lens of Nikki Sixx, bassist for heavy metal rock band Mötley Crüe's and the New York Times bestselling author of *The Heroin Diaries*. A combination of powerful prose and dramatic photographs, *This Is Gonna Hurt* is an arresting, deeply personal look through the eyes of a real rock star at a stark, post-addiction world.

An Easy to Read Version of the

Bestselling Book Pan
Macmillan

A scorchingly frank look at how doctors are made, bringing readers into the critical care unit to see one burgeoning physician's journey from ineptitude to competence. In medical school, Matt McCarthy dreamed of being a different kind of doctor—the sort of mythical, unflappable physician who could reach unreachable patients. But when a new admission to the critical care unit almost died his first night on call, he found himself scrambling. Visions of mastery quickly gave way to hopes of simply surviving hospital life, where confidence was hard to come by and no amount of medical school training could dispel the terror of facing actual patients.

This funny, candid memoir of McCarthy's intern year at a New York hospital provides a scorchingly frank look at how doctors are made, taking readers into patients' rooms and doctors' conferences to witness a physician's journey from ineptitude to competence.

McCarthy's one stroke of luck paired him with a brilliant second-year adviser he called "Baio" (owing to his resemblance to the *Charles in Charge* star), who proved to be a remarkable teacher with a wicked sense of humor. McCarthy would learn even more from the people he cared for, including a man named Benny, who was living in the hospital for months at a time awaiting a heart transplant. But no

teacher could help McCarthy when an accident put his own health at risk, and showed him all too painfully the thin line between doctor and patient. The Real Doctor Will See You Shortly offers a window on to hospital life that dispenses with sanctimony and self-seriousness while emphasizing the black-comic paradox of becoming a doctor: How do you learn to save lives in a job where there is no practice?
