"Death must be so beautiful. To lie in the soft brown earth, with the grasses waving above one's head, and listen to silence. To have no yesterday, and no tomorrow. To forget time, to forgive life, to be at peace." "The Canterville Ghost" is a short story by Oscar Wilde. It was the first of Wilde's stories to be published. It's about the American family moved into a British mansion, Canterville Chase, much to the annoyance of its tired ghost. The family -- which refuses to believe in him -- is in Wilde's way a commentary on the British nobility of the day -- and on the Americans, too. The tale, like many of Wilde's, is rich with allusion, but ends as sentimental romance.

Following their acclaimed Ghost Stories and Weird Women, award-winning anthologists Leslie S. Klinger and Lisa Morton present a new eclectic anthology of ghostly tales certain to haunt the reader long past the closing page. In Haunted Tales, the reader will enjoy discovering masterpieces like Algernon Blackwood's terrifying "The Kit-Bag," Oscar Wilde's delightful "The Canterville Ghost," and F. Marion Crawford's horrific "The Screaming Skull," as well as lesser-known gems by some of literature's greatest voices, including Virginia Woolf's "A Haunted House," H. G. Wells's "The Story of the Inexperienced Ghost," and Rudyard Kipling's "They." Haunted Tales also resurrects some wonders that have been woefully neglected, including Dinah Mulock's "M. Anastasius" (which Charles Dickens called "the best ghost story ever written"); E. F. Benson's "The Bus-Conductor" (the source of one of the most iconic lines in horror); and E. and H. Heron's "The Story of the Spaniards, Hammersmith" (the debut adventure of Flaxman Lowe, fiction's first psychic detective). Whether the stories are familiar or overlooked, all are sure to surprise and astonish the reader long past the closing of this book's cover.

»The Canterville Ghost« is a short story by Oscar Wilde, originally published in 1891. OSCAR WILDE, born in 1854 in Dublin, died in 1900 in Paris, was an Irish prose writer, playwright, essayist, and poet. Wilde's significance as a symbol for persecuted homosexuals around the world is immeasurable. The Picture of Dorian Gray [1890] is his most famous work.

When Rozenn and Dahut's bond is irrevocably changed, the fate of Ys is sealed, exposing the monsters that lurk in plain view. M. T. Winner of the HarperCollins/UBC Prize for Best New Fiction, this powerful, sweeping novel set in Vienna during the 1930s and '40s centres on a poignant love story and a friendship that ends in betrayal. In the years between the two world wars, Josef Tobak builds a quiet life around his friendships, his beloved wife, Anna, and his devotion to the old Jewish cemeteries of Vienna. Then comes the Anschluss in 1938, and Josef's world is uprooted. His health disintegrates. His wife and child are forced to flee to China. His closest gentile friend joins the Nazi Party—and yet helps Josef escape to America. When the war ends, Josef returns to Vienna with his family and tries to make sense of what remains, including his former Nazi friend who, he discovers, protected Josef's young female cousin throughout the war. Back among his cemeteries in Austria's war-shattered capital, Josef finds himself beset by secrets, darkness and outward righteousness marred by private cruelty. As the truth is unearthed, Josef's care for the dead takes on new meaning while he confronts his own role in healing both his devastated community and his deepest wounds. The Ghost Keeper is a story about the terrible choices we make to survive and the powerful connections to communities and friends that define us. Here is a finely accomplished novel that introduces an exciting new voice to our literary landscape.

*The Graphic Novel* Classical Comics: Teaching Res

This book provides both students and scholars with a critical and historical introduction to the graphic novel. Jan Baetens and Hugo Frey explore this exciting form of visual and literary communication, showing readers how to situate and analyse graphic novels since their rise to prominence half a century ago. Several key questions are addressed: what is the graphic novel? How do we read graphic novels as narrative forms? Why is page design and publishing format so significant? What theories are developing to explain the genre? How is this form blurring the categories of high and popular literature? Why are graphic novelists nostalgic for the old comics? The authors address these and many other questions raised by the genre. Through their analysis of the works of many well-known graphic novelists - including Bechdel, Clowes, Spiegelman and Ware - Baetens and Frey offer significant insights for future teaching and research on the graphic novel.
