LI ROBERTSON

No Coins, Please Courier Dover Publications

A new edition of the #1 NYT's bestseller by Mark Nepo, who has been called "one of the finest spiritual guides of our time" and "a consummate storyteller." Philosopher-poet and cancer survivor Mark Nepo opens a new season of freedom and joy—an escape from deadening, asleep-at-the wheel sameness—that is both profound and clarifying. His spiritual daybook is a summons to reclaim aliveness, liberate the self, take each day one at a time, and savor the beauty offered by life's unfolding. Reading his poetic prose is like being given second sight, exposing the reader to life's multiple dimensions, each one drawn with awe and affection. The Book of Awakening is the result of Nepo's journey of the soul and will inspire others to embark on their own. He speaks of spirit and friendship, urging readers to stay vital and in love with this life, no matter the hardships. Encompassing many traditions and voices, Nepo's words offer insight on pain, wonder, and love. Each entry is accompanied by an exercise that will surprise and delight the reader in its mind-waking ability.

False Alarm Simon and Schuster

In a 25th anniversary, behind-the-scenes account of the making of the cult-classic film, the lead actor shares never-before-told stories and exclusive photographs as well as interviews with Robin Wright, Billy Crystal and more. 100,000 first printing.

The Book of Awakening Grove Press

One day Sophie comes home from school to find two questions in her mail: "Who are you?" and "Where does the world come from?" Before she knows it she is enrolled in a correspondence course with a mysterious philosopher. Thus begins Jostein Gaarder's unique novel, which is not only a mystery, but also a complete and entertaining history of philosophy.

Getting Pregnant the Natural Way Simon and Schuster

Making Babies offers a proven 3-month program designed to help any woman get pregnant. Fertility medicine today is all about aggressive surgical, chemical, and technological intervention, but Dr. David and Blakeway know a better way. Starting by identifying "fertility types," they cover everything from recognizing the causes of fertility problems to making lifestyle choices that enhance fertility to trying surprising strategies such as taking cough medicine, decreasing doses of fertility drugs, or getting acupuncture along with IVF. Making Babies is a must-have for every woman trying to conceive, whether naturally or through medical intervention. Dr. David and Blakeway are revolutionizing the fertility field, one baby at a time.

Good in Bed (20th Anniversary Edition) Random House Worlds

"Far more than a history of lunar exploration . . . [Hurt] is at his

best in the deft sketches of the astronauts—as they were and as they became."—Chicago Tribune Between December 1968 and December 1972, twenty-four men captured the imagination of the world as they voyaged to the moon. In *For All Mankind*, Harry Hurt III presents a dramatic, engrossing, and expansive account of those journeys. Based on extensive research and exclusive interviews with the Apollo astronauts, *For All Mankind* remains one of the most comprehensive and revealing firsthand accounts of space travel ever assembled. In their own words, the astronauts share the sights, sounds, thoughts, fears, hopes, and dreams they experienced during their incredible voyages. In a compelling narrative structured as one trip to the moon, Harry Hurt recounts all the drama and danger of the lunar voyages, from the anxiety of the astronauts' prelaunch procedures through the euphoria of touchdown on the lunar surface. Updated with a new introduction by the author for the 50th anniversary of the Apollo 11 moon landing, *For All Mankind* is both an extraordinary adventure story and an important historical document. "Hurt's timely book is like an instant replay of the dramatic moon flight years . . . Hurt tells us of the hardships and the successes of the Apollo program, the remarkable journey to the moon, of the astronauts and technicians who made it possible and the goals of the nation in space."—Houston Chronicle "The meat here lies in the lunar voyage itself, an irresistible mix of danger, courage, tedium, and spectacle, evoked with unprecedented detail by those who went there."—Kirkus Reviews

Simon and Schuster

NATIONAL BESTSELLER • PEN/FAULKNER AWARD FINALIST • From the two-time Pulitzer Prize-winning author of *The Underground Railroad* and *The Nickel Boys*: a hilarious and supremely original novel set in the Hamptons in the 1980s, "a tenderhearted coming-of-age story fused with a sharp look at the intersections of race and class" (*The New York Times*). Benji Cooper is one of the few Black students at an elite prep school in Manhattan. But every summer, Benji escapes to the Hamptons, to Sag Harbor, where a small community of Black professionals have built a world of their own. The summer of '85 won't be without its usual trials and tribulations, of course. There will be complicated new handshakes to fumble through and state-of-the-art profanity to master. Benji will be tested by contests big and small, by his misshapen haircut (which seems to have a will of its own), by the New Coke Tragedy, and by his secret Lite FM addiction. But maybe, just maybe, this summer might be one for the ages. Look for Colson Whitehead's new novel, *Crook Manifesto*, coming soon!

It Starts with the Egg Fertility Cookbook Red Wheel

The stunning 20th anniversary edition of writer Mark Waid (Archie) and artist Alex Ross' multiple Eisner and Harvey Award-winning, seminal masterpiece KINGDOM COME. In the near-future world of KINGDOM COME, superheroes are ubiquitous, but

heroism is rare. After decades as Earth's champions, the members of the Justice League have all retreated out of the public eye, replaced with a new generation of crime-fighters whose brand of harsh justice leaves humanity terrified, rather than inspired. But with the planet's future in jeopardy, Superman, Wonder Woman and Batman must come out of retirement to make one last stand for truth and justice. Collects KINGDOM COME #1-4 and more than one hundred pages of sketches, annotations and other extras!

Igifu Harmony

One of the twentieth century's enduring works, *One Hundred Years of Solitude* is a widely beloved and acclaimed novel known throughout the world and the ultimate achievement in a Nobel Prize-winning career. The novel tells the story of the rise and fall of the mythical town of Macondo through the history of the Buendía family. Rich and brilliant, it is a chronicle of life, death, and the tragicomedy of humankind. In the beautiful, ridiculous, and tawdry story of the Buendía family, one sees all of humanity, just as in the history, myths, growth, and decay of Macondo, one sees all of Latin America. Love and lust, war and revolution, riches and poverty, youth and senility, the variety of life, the endlessness of death, the search for peace and truth—these universal themes dominate the novel. Alternately reverential and comical, *One Hundred Years of Solitude* weaves the political, personal, and spiritual to bring a new consciousness to storytelling. Translated into dozens of languages, this stunning work is no less than an account of the history of the human race.

Eat Your Mind Franklin Fox Publishing LLC

Rachel Morgan must keep her friends close—and her enemies closer—in the next *Hollows* novel from #1 New York Times bestselling author Kim Harrison, now in mass market. Rachel Morgan, witch-born demon, has one unspoken rule: take chances, but pay for them yourself. With it, she has turned enemies into allies, found her place with her demon kin, and stepped up as the subrosa of Cincinnati—responsible for keeping the paranormal community at peace and in line. Life is...good? Even better, her best friend, Ivy Tamwood, is returning home. Nothing's simple, though, and Ivy's not coming alone. The vampires' ruling council insists she escort one of the long undead, hell-bent on proving that Rachel killed Cincy's master vampire to take over the city. Which, of course, Rachel totally did not do. She only transformed her a little. With Rachel's friends distracted by their own lives and problems, she reaches out to a new ally for help—the demon Hodin. But this trickster has his own agenda. In the end, the only way for Rachel to save herself and the city may be to forge a new understanding with her estranged demon teacher, Al. There's just one problem: Al would sell his own soul to be rid of her....

Darwin on Trial BoD - Books on Demand

The stories in *Igifu* summon phantom memories of Rwanda and

radiate with the fierce ache of a survivor. From the National Book Award finalist who Zadie Smith says, "rescues a million souls from the collective noun genocide." Scholastique Mukasonga's autobiographical stories rend a glorious Rwanda from the obliterating force of recent history, conjuring the noble cows of her home or the dew-swollen grass they graze on. In the title story, five-year-old Colomba tells of a merciless overlord, hunger or igifu, gnawing away at her belly. She searches for sap at the bud of a flower, scraps of sweet potato at the foot of her parent's bed, or a few grains of sorghum in the floor sweepings. Igifu becomes a dizzying hole in her stomach, a plunging abyss into which she falls. In a desperate act of preservation, Colomba's mother gathers enough sorghum to whip up a nourishing porridge, bringing Colomba back to life. This elixir courses through each story, a balm to soothe the pains of those so ferociously fighting for survival. Her writing eclipses the great gaps of time and memory; in one scene she is a child sitting squat with a jug of sweet, frothy milk and in another she is an exiled teacher, writing down lists of her dead. As in all her work, Scholastique sits up with them, her witty and beaming beloved. **Heir to the Empire: Star Wars Legends** Little, Brown Spark This book reveals how big a bowl would be needed to hold a million goldfish, or how many years it would take to count to a million.

The Open-Hearted Way to Open Adoption Penguin

"In a narrative filled with humor, heartache, and hope, Julia Indichova fearlessly documents her allegedly impossible mission to conceive a child. Her pilgrimage takes her through the offices of the best that modern medicine has to offer, as well as through a maze of surprising alternatives. The point is not which methods she chooses but how she chooses them - by paying careful attention to her needs and responses, a skill that not only brings her a child but changes her approach to life. Ultimately, what Julia discovers, and what *Inconceivable* teaches us, is that when we have faith, and honor our own truth rather than docilely place ourselves in the hands of others, all the rules change. Whether we long to birth a child, a work of art, or a vital, fulfilling life, the journey begins with trusting our deepest wisdom: the expert within who always knows the best next step."--From back cover.

The Society of Reluctant Dreamers Farrar, Straus and Giroux T.S. Garp, a man with high ambitions for an artistic career and with obsessive devotion to his wife and children, and Jenny Fields, his famous feminist mother, find their lives surrounded by an assortment of people including teachers, whores, and radicals **Inconceivable** Harper Collins

The bestselling memoir that's "irresistible....A kind of Bridget Jones meets *The French Chef*" (Philadelphia Inquirer) that inspired *Julie & Julia*, the major motion picture directed by Nora Ephron, starring Amy Adams as Julie and Meryl Streep as Julia. Nearing 30 and trapped in a dead-end secretarial job, Julie Powell reclaims her life by cooking every single recipe in Julia Child's legendary *Mastering the Art of French Cooking* in the span of one year. It's a hysterical, inconceivable redemptive journey -- life rediscovered through aspics, calves' brains and *cré me brûlée*.

Tigana Soho Press

Here is a special 20th anniversary edition of the #1 New York Times bestselling novel that reignited the entire Star Wars publishing phenomenon—featuring an Introduction and annotations from award-winning author Timothy Zahn, exclusive commentary from Lucasfilm and Del Rey Books, and a brand-new novella starring the ever-popular Grand Admiral Thrawn. The

biggest event in the history of Star Wars books, Heir to the Empire follows the adventures of Luke Skywalker, Han Solo, and Princess Leia after they led the Rebel Alliance to victory in *Star Wars: Episode VI Return of the Jedi*. Five years after the Death Star was destroyed and Darth Vader and the Emperor were defeated, the galaxy is struggling to heal the wounds of war, Princess Leia and Han Solo are married and expecting twins, and Luke Skywalker has become the first in a long-awaited line of new Jedi Knights. But thousands of light-years away, the last of the Emperor's warlords—the brilliant and deadly Grand Admiral Thrawn—has taken command of the shattered Imperial fleet, readied it for war, and pointed it at the fragile heart of the New Republic. For this dark warrior has made two vital discoveries that could destroy everything the courageous men and women of the Rebel Alliance fought so hard to create. The explosive confrontation that results is a towering epic of action, invention, mystery, and spectacle on a galactic scale—in short, a story worthy of the name Star Wars. Features a bonus section following the novel that includes a primer on the Star Wars expanded universe, and over half a dozen excerpts from some of the most popular Star Wars books of the last thirty years!

The Accusation: Blood Libel in an American Town Flatiron Books National Book Award Finalist: "This man's ideas may be the most influential, not to say controversial, of the second half of the twentieth century."—Columbus Dispatch At the heart of this classic, seminal book is Julian Jaynes's still-controversial thesis that human consciousness did not begin far back in animal evolution but instead is a learned process that came about only three thousand years ago and is still developing. The implications of this revolutionary scientific paradigm extend into virtually every aspect of our psychology, our history and culture, our religion—and indeed our future. "Don't be put off by the academic title of Julian Jaynes's *The Origin of Consciousness in the Breakdown of the Bicameral Mind*. Its prose is always lucid and often lyrical...he unfolds his case with the utmost intellectual rigor."—The New York Times "When Julian Jaynes . . . speculates that until late in the twentieth millennium BC men had no consciousness but were automatically obeying the voices of the gods, we are astounded but compelled to follow this remarkable thesis."—John Updike, *The New Yorker* "He is as startling as Freud was in *The Interpretation of Dreams*, and Jaynes is equally as adept at forcing a new view of known human behavior."—*American Journal of Psychiatry*

The Zombie Stories of H. P. Lovecraft W. W. Norton & Company

A masterful epic of magic, politics, war, and the power of love and hate—from the renowned author of *The Fionavar Tapestry* and *Children of Earth and Sky*. Tigana is the magical story of a beleaguered land struggling to be free. It is the tale of a people so cursed by the black sorcery of a cruel despotic king that even the name of their once-beautiful homeland cannot be spoken or remembered... But years after the devastation, a handful of courageous men and women embark upon a dangerous crusade to overthrow their conquerors and bring back to the dark world the brilliance of a long-lost name...Tigana. Against the magnificently rendered background of a world both sensuous and barbaric, this sweeping epic of a passionate people pursuing their dream is breathtaking in its vision, changing forever the boundaries of fantasy fiction.

My Book of Life by Angel Random House Digital, Inc.

Humiliated to discover that her ex-boyfriend has been chronicling

their sex life in a series of articles called "Loving a Larger Woman" in a popular women's magazine, journalist Cannie Shapiro embarks on an adventure-filled odyssey as she confronts her losses, makes peace with the past, and comes to terms with herself

Essays on Free Knowledge Turner Publishing Company

MED Personal narratives are an important consumer health resource, and *Inconceivable* is no exception. At 42, Indichova was told that in vitro fertilization using donated eggs represented her only chance for a second child. The book relates her journey through secondary infertility to a successful, spontaneous pregnancy, which she credits to her use of alternative healing practices from acupuncture to imagery to yoga. This is the first such account written from a patient's perspective. Indichova is a Czech immigrant and a teacher with a theatrical background, which makes for an interesting narrative. Unfortunately, her cafeteria-style approach to alternative medicine is more likely to confuse than enlighten readers who lack experience with this subject. The real value of her account is its stress on personal empowerment. This book will make any reader feel stronger, no matter what her medical politics. Recommended for libraries with strong collections in women's health but not for alternative medicine collections. Catherine Arnott Smith, Ctr. for Biomedical Informatics, Univ. of Pittsburgh-

Julie and Julia Hachette UK

"The first full-scale authorized biography of the pioneering experimental novelist Kathy Acker, one of the most original and controversial figures in 20th-century American literature. Kathy Acker (1947-1997) was a rare and almost inconceivable thing: a celebrity experimental writer. Twenty-five years after her death, she remains one of the most original, shocking, and controversial artists of her era. The author of visionary, transgressive novels like *Blood and Guts in High School*; *Empire of the Senses*; and *Pussy, King of Pirates*, Acker wrote obsessively about the treachery of love, the limitations of language, and the possibility of revolution. She was notorious for her methods-collaging together texts stolen from other writers with her own diaries, sexual fantasies, and blunt political critiques—as well as her appearance. With her punkish hairstyles, tattoos, and couture outfits she looked like no other writer before or after. Her work was exceptionally prescient, taking up complicated conversations about gender, sex, capitalism, and colonialism that continue today. Acker's life was as unruly and radical as her writing. Raised in a privileged but oppressive Upper East Side Jewish family, she turned her back on that world as soon as she could, seeking a life of romantic and intellectual adventure that led her to, and through, many of the most thrilling avant-garde and countercultural moments in America: the births of conceptual art and experimental music; the poetry wars of the 60s and 70s; the mainstreaming of hardcore porn; No Wave cinema and New Narrative writing; Riot grrls, biker chicks, cyberpunks. As this definitive biography shows, Acker was not just a singular writer, she was also a titanic cultural force who tied together disparate movements in literature, art, music, theatre, and film. A feat of literary biography, *Eat Your Mind* is the first full-scale, authorized life of Acker. Drawing on exclusive interviews with hundreds of Acker's intimates as well as her private journals, correspondence, and early drafts of her work, acclaimed journalist and critic Jason McBride offers a thrilling account and a long overdue reassessment of a misunderstood genius and revolutionary artist!"--
