### WARE BRADFORD

*Mastering Erotic Hypnosis* [St. John's] : Institute of Social and Economic Research, Memorial University of Newfoundland  
 From dust jacket: "'The Chemehuevis' is a landmark inquiry into the soul of a people, using the key of their complex, poetic, witty language, rendered into a literary presentation of the highest order ... reminiscent of an Emily Dickinson discovering a whole new world. I was reminded constantly of the four books of Carlos Castenada." Appendices include: List of place names. A brief note on the Chemehuevi language.

**The Chemehuevis** White Wolf Games Studio

"Rates a recommendation to lovers of language". -- William Safire, New York Times Magazine Presenting 6,500 colorful comparative phrases from ancient times to the present, the Metaphors Dictionary is a powerful tool for writers and speakers and a source of inspiration and entertainment for readers. This expansive collection offers annotated metaphors in a diverse range of timeless and timely subjects -- from love to the information superhighway.

**Metaphors Dictionary** Routledge

An autobiography of the history of reverse speech

All kinds of people are secretly (or not so secretly) fascinated by the erotic possibilities of hypnosis. Many of us know that hypnosis doesn't really have the kind of mind-melting power we see in movies. Still, we can't help but get turned on at the thought of either controlling someone, or being controlled by someone, into doing things we've been told we shouldn't do ... but really, inside, kind of want to. In this book, Mark Wiseman (Wiseguy) will teach you how to put your partner into a hypnotic trance safely and effectively. Then the fun begins as you learn how to: Create or intensify arousal and desire Turn their entire body into an erogenous zone eager for your touch Get kinky with hypnotic bondage, flogging, or tickling Give them intense pleasure using his Five-Point Palm Exploding Orgasm technique and more! Whether you are new to hypnosis or have already learned the basics, Mind Play will give you the tools you need to become a skilled, responsible erotic hypnotist. This 2017 edition has been updated to reflect changes in community standards and resources.

*Anthropology of the Numa* Comprehensive Mastery

Robin Sylvan combines colorful firsthand accounts, extensive interviews with ravers, and cutting edge scholarly analysis to paint a compelling portrait of global rave culture as an important new religious and spiritual phenomenon that also serves as a template for mapping the future evolution of new forms of religion and spirituality in the twenty-first century.

*Paiute Sorcery* Knowledge Systems Incorporated

"The First World War Is Over. For the Dead, the Great War Has Only Begun. Outside the walls of Stygia, the Fourth Great Maelstrom rages. In the skies overhead, ghostly pilots engage in dogfights against shrieking Spectres. The gates of the Necropoli slam shut. And at the heart of the empire of the dead, a traitor works to topple what Oblivion never could. Civil war is about to strike Stygia, and Charon -- the one wraith who can prevent it -- is missing. Wraith: The Great War takes you to an era of innocence newly slaughtered and unimaginable terror unleashed. From the heart of the

Labyrinth to the killing fields of the Somme, from the skies above Stygia to the bootleggers' warehouses of Chicago, Wraith: The Great War opens a new chapter in the history of the World of Darkness "RM", in the tradition of Vampire: The Dark Ages. Journey back in time and learn the secrets even the Deathlords are afraid to whisper -- if you dare".

*Great Basin Anthropology ... a Bibliography* Routledge

In this in-depth exploration of the symbols found in Navaho legend and ritual, Gladys Reichard discusses the attitude of the tribe members toward their place in the universe, their obligation toward humankind and their gods, and their conception of the supernatural, as well as how the Navaho achieve a harmony within their world through symbolic ceremonial practice. Originally published in 1963. The Princeton Legacy Library uses the latest print-on-demand technology to again make available previously out-of-print books from the distinguished backlist of Princeton University Press. These editions preserve the original texts of these important books while presenting them in durable paperback and hardcover editions. The goal of the Princeton Legacy Library is to vastly increase access to the rich scholarly heritage found in the thousands of books published by Princeton University Press since its founding in 1905.

**Navaho Religion** Univ of California Press

The collection provides insights on developments in post-traditional religiosity (especially 'New Age' and 'Neo-Paganism') through studies of rave's Gnostic narratives of ascensionism and re-enchantment, explorations of the embodied spirituality and millennialist predispositions of dance culture, and investigations of transnational digital-art countercultures manifesting at geographic locations as diverse as Goa, India, and Nevada's Burning Man festival. Contributors examine raving as a new religious or revitalization movement; a powerful locus of sacrifice and transgression; a lived bodily experience; a practice comparable with world entheogenic rituals; and as evidencing a new Orientalism. Rave Culture and Religion will be essential reading for advanced students and academics in the fields of sociology, cultural studies and religious studies.

**Reverse Speech**

As Reviewed by Eugene N. Anderson, University of California, Riverside in The Journal of California Anthropology, Vol. 2, No. 2 (WINTER 1975), pp. 241-244:A child born in December is "like a baby in an ecstatic condition, but he leaves this condition" (p. 102). The Chumash, reduced by the 20th century from one of the richest and most populous groups in California to a pitiful remnant, had almost lost their strage and ecstatic mental world by the time John Peabody Harrington set out to collect what was still remembered of their language and oral literature. Working with a handful of ancient informants, Harrington recorded all he could--then, in bitter rejection of the world, kept it hidden and unpublished. After his death there began a great quest for his scattered notes, and these notes are now being published at last. Thomas Blackburn, among the first and most assiduous of the seekers through Harrington's materials, has published her the main body of oral literature that Harrington collected from the Chumash of Santa Barbara and Ventura Counties. Blackburn has done much more: he has added to the 111 stories a commentary and analysis, almost book-length in its own right, and a glossary of the Chumash and Californian-Spanish terms that Harrington was prone to leave untranslated in the texts.

*Amazonian Cosmos*

Have you been looking for a book that lays bare all the secrets of hypnotic play for pleasure and kink? A clear, step by step guide that explains theory as well as practice so that you can develop your own style and flair? Authors James Gordon, a clinical hypnotherapist, and Rebecca Doll, who holds a master's in education, wrote an exhaustive guide. Taking a clear, consent based, non-gendered , approach to hypnotic instruction, we use a scientific

and historical approach to de-mystify hypnosis so that anyone and everyone can learn to hypnotize not just highly suggestible individuals, but any partner. We focus on teaching fundamentals so that you can develop your own unique style and flair. Other books are designed to give you a few scripts and tricks, but they are not an entire course in hypnosis. We reveal all the keys that will allow the reader a complete understanding of how to hypnotize. Among many topics we cover: ethics and consent, types of suggestibility, suggestibility testing, hypnotic modalities, inductions, deepening techniques. Designed to be an inclusive course, we offer roadmap of how to recover if you have a problem, and what to do if you experience abreactions or other issues in hypnosis, discussing important issues such as emotional support and aftercare. We tell you the things that are vital to your knowledge and understanding of how to successfully hypnotize even those subjects that have previously proven difficult or impossible to hypnotize. If you've been looking for a respectable source for training in erotic hypnosis with a full and up front discussion of both the easy and hard parts, this book is an excellent guide. In addition to a broad overview of hypnotic skills we include a detailed discussion of play suggestions, including hypnotic bondage, eroticization, orgasm control and orgasm on command, hypnotic roleplay and how to use hypnosis as part of D/s play.
