Kuwaiti border,

Thomas Benton meets Arwood Hobbes. Benton is a British journalist who reports from war zones in part to avoid his lackluster marriage and a daughter he loves but cannot connect with; Arwood is an American private who might be an insufferable ignoramus or might be a genuine lunatic with a death wish—it's hard to tell. Desert Storm is over, peace has been declared, but as they argue about whether it makes sense to cross the nearest border in search of an ice cream, they become embroiled in a horrific attack in which a young local girl in a green dress is killed as they are trying to protect her. The two men walk away into their respective lives. But something has

cracked for them both. Twenty-two years later, in another place, in another war, they meet again and are offered an unlikely opportunity to redeem themselves when that same girl in green is found alive and in need of salvation. Or is she? “Swift, gripping, and mined with surprises...Arwood Hobbes is as intriguing an operative as Graham Greene's quiet American, but without the quiet.”—David Shafer, author of *Whiskey Tango Foxtrot* “[A] stellar, electrifying story with a knockout ending.”—*Publishers Weekly* (starred review) “A penetrating, poetic, and unexpectedly disarming book about the ageless conflict in the Middle East.”—*Kirkus Reviews*

Zombie - racconto lungo (47 pagine) - Non la solita apocalisse zombie. Ovvio, i morti viventi milanesi mangiano i vivi, ma si mangiano pure fra loro.

Riuscendo persino a trasformarsi in fantasmi, ultimo stadio della vita immateriale dopo la disgregazione. Annunciata da incubi condivisi e da suoni orribili dal cielo, l'apocalisse piomba su Milano, ridotta in poche ore a un ginepraio di morti viventi lanciati alla caccia dei vivi. Alessandro, brillante professionista trentasettenne, riesce a fuggire dalla metropoli a bordo del proprio SUV e raggiunge una baita in montagna, sbarrandosi all'interno nella speranza che gli zombie non si spingano a quota tremila. Qui trascorre dieci anni in angosciosa solitudine... Sino a quando non decide di tornare a piedi in pianura diretto alla metropoli. Quel che troverà supera

ogni immaginazione. Danilo Arona, scrittore, ricercatore e giornalista. Ha scritto più di 40 libri e un incalcolabile numero di articoli sul cinema e sul lato oscuro della realtà. Tra le sue pubblicazioni di narrativa: Un brivido sulla Schiena del Drago, Black Magic Woman, Palo Mayombe, Cronache di Bassavilla, Rock - i delitti dell'Uomo Nero, L'estate di Montebuio, Ritorno a Bassavilla, Malapunta - L'isola dei sogni divoratori, Finis Terrae, Bad Visions, La maledizione della croce sulle labbra e Km 98 in coppia con Edoardo Rosati, L'autunno di Montebuio con Micol Des Gouges, Land's End - Il teorema della distruzione con Sabina Guidotti, Morgan e il buio, L'inquietante bottega delle piante

fatali e L'ultima storia da raccontare con Angelo Marenzana. Per la saggistica: Tutte storie, Satana ti vuole, Possessione mediatica e Gli uccelli di Alfred Hitchcock. Ancora con Edoardo Rosati cura la collana Medical Noir edita da INK ed è uscito per gli stessi tipi il saggio L'oscuro bagliore dell'Uomo Nero.

From the subversive to the antic, the uproarious to the disturbing, the stories of Bruce Sterling are restless, energy-filled journeys through a world running on empty--the visionary work of one of our most imaginative and insightful modern writers. They live as strangers in strange lands. In worlds that have fallen--or should have. They wage battles in wars already lost and become heroes--and sometimes martyrs--in their last-ditch efforts to preserve the dignity and individuality of humanity. A hack Indian filmmaker takes the pulse of a wounded and declining civilization--21st-

century Britain. A pair of swashbuckling Silicon Valley entrepreneurs join forces to make a commercial killing--in organic underground slime and computer-generated jellyfish. A man in a Japanese city takes orders from a talking cat while pursuing a drama of danger and adventure that has become the very essence of his life. From "The Littlest Jackal", a darkly hilarious thriller of mercs and gunrunners set in Finland, to a stark vision of a post-atomic netherworld in his haunting tale "Taklamakan", Bruce Sterling once again breaks boundaries, breaks icons, and breaks rules to unleash the most dangerously provocative and intelligent science

fiction being written today. Senior Service Delos Digital srl Semipalatinsk Polygon, 1965. The Soviets run the Chagan Test, their first experiment in underground nuclear detonation. It's a cover. Deep beneath the earth, in a bunker, they are bio-engineering soldiers to adapt to the extreme conditions of a thermonuclear war. But their human subjects get out of control, and the project's survivors are transferred to a new base hidden at the site of the proposed Chernobyl nuclear plant. Professor Petrov is one such survivor. Marked by the horrors he has witnessed, and obsessed with Boni, a dangerous Muse he has created in the lab, the scientist slides into

an abyss of alcoholism and madness.

Meanwhile, in the zone outside Chernobyl, strange sightings and horrific murders fuel a twenty-year manhunt, culminating in a surprising and dramatic showdown.

Shy, likeable Karl is in love with clever, beautiful Fiorella. To prove his affection, she demands that he bare his soul to her in letters. The difficulty? Karl is convinced he can't write, or at least not well enough for Fiorella, who loves books and words. He sets out to persuade Fiorella's favourite novelist to write a letter for him. When the famous author

agrees, a series of misunderstandings ensues, resulting in a startling revelation, a near tragedy, and an unexpected friendship that transform the lives of all three.

of our publishing program is to facilitate rapid access to this vast reservoir of literature, and our view is that this is a significant literary work, which deserves to be brought back into print after many decades. The contents of the vast majority of titles in the Classic Library have been scanned from the original works. To ensure a high quality product, each title has been meticulously hand curated by our staff. Our philosophy has been guided by a desire to provide the reader with a book that is as close as possible to ownership of the original work. We hope that you will enjoy this wonderful classic work, and that for you it becomes an enriching experience.

Edogawa Ranpo

(1894-1965) was a great admirer of Edgar Allan Poe and like Poe drew on his penchant for the grotesque and the bizarre to explore the boundaries of conventional thought. Best known as the founder of the modern Japanese detective novel, Ranpo wrote for a youthful audience, and a taste for playacting and theatre animates his stories. His writing is often associated with the era of ero guro nansense (erotic grotesque nonsense), which accompanied the rise of mass culture and mass media in urban

Japan in the 1920s.

Characterized by an almost lurid fascination with simulacra and illusion, the era's sensibility permeates Ranpo's first major work and one of his finest achievements, *Strange Tale of Panorama Island* (Panoramato kidan), published in 1926. Ranpo's panorama island is filled with cleverly designed optical illusions: a staircase rises into the sky; white feathered "birds" speak in women's voices and offer to serve as vehicles; clusters of naked men and women romp on slopes carpeted with rainbow-colored flowers. His fantastical utopia is filled with entrancing music and strange sweet odors, and nothing is ordinary,

predictable, or boring. The novella reflected the new culture of mechanically produced simulated realities (movies, photographs, advertisements, stereoscopic and panoramic images) and focused on themes of the doppelganger and appropriated identities: its main character steals the identity of an acquaintance. The novella's utopian vision, argues translator Elaine Gerbert, mirrors the expansionist dreams that fed Japan's colonization of the Asian continent, its ending an eerie harbinger of the collapse of those dreams. Today just as a new generation of technologies is transforming the way we think—and becoming ever more

invasive and pervasive—Ranpo's work is attracting a new generation of readers. In the past few decades his writing has inspired films, anime, plays, and manga, and many translations of his stories, essays, and novels have appeared, but to date no English-language translation of *Panoramato kidan* has been available. This volume, which includes a critical introduction and notes, fills that gap and uncovers for English-language readers an important new dimension of an ever stimulating, provocative talent. *Darkness, Come on in* Eros Comics  
I punti di contatto dell'immaginifico, dell'immaginario e delle realtà, sono molteplici come le

visioni che affondano nell'oscurità dell'ayahuasca - la pianta amazzonica che se assunta incautamente può aprire uno sterminato mondo psichedelico su cui adagiare le proprie follie interiori - così, per Danilo Arona non è per niente difficile collegare i deliri psicotropi sudamericani con le perversioni evocate da un classico della letteratura fantastica, quel Giro di Vite scritto da Henry James denso di oscurità e spaventose evocazioni negromantiche.

ZOMBIE - I nomadi dell'Apocalisse scendono verso la pianura in condizione Cold Zero, l'avvenuto crollo di ogni sistema di comunicazione. A ogni passo il timore di imbattersi in orde di esseri infettati dal Morbo. Nella prima stazione del terrore, una stazione ponte-radio abbandonata da tempo, non dovrebbe esserci nulla di vivo. Eppure non è proprio così... Dopo il racconto d'esordio della serie, "Cold Zero" (parte 1 e

parte 2) di Alan D. Altieri, ecco il secondo capitolo di The Tube Nomads, la serie spin-off di The Tube, la saga horror del momento. - Sono molte le tappe della discesa agli inferi. Per Korvin, Doc, Jester & Red-Eye, i temerari Nomads della stazione di sorveglianza Ecom-Con 334, la prima di queste tappe è una torre ponte-radio assediata dal ghiaccio, flagellata dai venti della cordigliera. Non c'è nulla in questa lugubre rovina di cemento. Non può, non deve esserci nulla. Solo claustrofobici spazi desolati e macchinari ancestrali ormai inutili. Ma allora da dove viene la livida nevicata di polvere silicea che distorce la percezione? E quelle ombre evanescenti in agguato sono forse altre

locuste, esseri infettati dal Morbo? Ma se lo sono, com'è possibile che i proiettili delle armi d'assalto semplicemente passino attraverso i loro corpi senza abatterli? Costretti a cercare riparo proprio nella torre a causa di una tempesta di ghiaccio tanto improvvisa quanto brutale, i Nomads si troveranno ad affrontare un avversario da incubo, una entità forse davvero scaturita dagli inferi.
