Swordplay, magic, intrigue and friendships stronger than iron: the first volume in the new swashbuckling fantasy series set in the universe of THE GREATCOATS. Damelas Chademantaigne picked a poor night to flee a judicial duel. He has precious little hope of escaping the wrath of the Vixen, the most feared duellist in the entire city, until he stumbles through the stage doors of the magnificent Operato Belleza and tricks his way into the company of actors. An archaic law provides a temporary respite from his troubles - until one night a ghostly voice in his head causes Damelas to fumble his lines, inadvertently blurting out a dreadful truth: the city's most legendary hero may actually be a traitor and a brutal murderer. With only the help of his boisterous and lusty friend Bereto, a beautiful assassin whose target may well be Damelas himself, and a company of misfit actors who'd just as soon see him dead, this failed grandson of two Greatcoats must somehow find within himself the courage to dig up long-buried truths before a ruthless band of bravos known as the Iron Orchids come for his head. Oh, and there's still that matter of the Vixen waiting to duel him .

Recent research has demonstrated that, in the Roman, Late Antique, Early Islamic and Medieval worlds, glass was traded over long distances, from the Eastern Mediterranean, mainly Egypt and Israel, to Northern Africa, the Western Mediterranean and Northern Europe. Things that Travelled, a collaboration between the UCL Early Glass Technology Research Network, the Association for the History of Glass and the British Museum, aims to build on this knowledge. Covering all aspects of glass production, technology, distribution and trade in Roman, Byzantine and Early Medieval/Early Islamic times, including studies from Britain, Egypt, Cyprus, Italy and many others, the volume combines the strengths of the sciences and cultural studies to offer a new approach to research on ancient glass. By bringing together such a varied mix of contributors, specialising in a range of geographical areas and chronological time frames, this volume also offers a valuable contribution to broader discussions on glass within political, economic, cultural and historical arenas.

'High energy, highly unique, swashbuckling-cop-epic-noir story. Buy it. BUY IT NOW' Sam Sykes The Three Musketeers meets Joe Abercrombie via Mark Lawrence. The Greatcoats are back - and this time it's personal. How do you kill a Saint? Falcio, Brasti and Kest are about to find out, as someone is doing just that, and they've started with a friend. The Dukes were already looking for ways to weasel out of their promise to put Aline on her father's throne - but with Saints turning up dead, and Church Inquistitors pushing for control - rumours are spreading that the Gods themselves oppose her ascension. The only way Falcio can stop the country turning into a vicious theocracy is to find and stop the Saint-killer - but his only clue is the iron mask encasing the head of the Saint of Mercy, which prevents her from speaking. And even if he can find the murderer, he will still have to face them in battle - and this may be a duel that no swordsman, no matter how skilled, can win.

DICTIONNAIRE UNIVERSEL FRANÇOIS ET LATIN Jo Fletcher Books

The Romans founded colonies throughout Italy and the provinces from the early Republic through the high Empire. Far from being mere 'bulwarks of empire,' these colonies were established by diverse groups or magistrates for a range of reasons that responded to the cultural and political problems faced by the contemporary Roman state and populace. This project traces the diachronic changes in colonial foundation practices by contextualizing the literary, epigraphic, archaeological, and numismatic evidence with the overall perspective that evidence from one period of colonization should not be used analogistically to explain gaps in the evidence for a different period. The Roman colonies were not necessarily 'little Romes,' either structurally, juridically, or religiously, and therefore their role in the spread of Roman culture or the exercise of Roman imperialism was more complex than is sometimes acknowledged.

After years of struggle and sacrifice, Falcio val Mond, First Cantor of the Greatcoats, is on the brink of fulfilling his dead king's dream: Aline, the king's daughter, is about to take the throne and restore the rule of law once and for all. But for the Greatcoats, nothing is ever that simple. In the neighboring country of Avars, an enigmatic new warlord is uniting the barbarian armies that have long plagued Tristia's borders--and even worse, he is rumored to have a new ally: Trin, who's twice tried to kill Aline to claim the throne of Tristia for herself. With the armies of Avars at her back, led by a bloodthirsty warrior, she'll be unstoppable. Falcio, Kest, and Brasti race north to stop her, but in those cold and treacherous climes they discover something altogether different, and far more dangerous: a new player is planning to take the throne of Tristia, and with a sense of dread the three friends realize that the Greatcoats, for all their skill, may not be able to stop him. As the nobles of Tristia and even the Greatcoats themselves fight over who should rule, the Warlord of Avars threatens to invade. With so many powerful contenders vying for power, it will fall to Falcio to render

the one verdict he cannot bring himself to utter, much less enforce. Should he help crown the young woman he vowed to put on the throne, or uphold the laws he swore to serve?

Dans les pages de cet ouvrage intime, le destin des derniers Ottomans de Turquie se dévoile telle une tapisserie finement tissée. À travers six carnets empreints de nostalgie, l'auteur nous guide des rives du Bosphore aux rivages ensoleillés de la Riviera Française et Italienne. C'est l'histoire d'une noblesse ottomane déracinée, de princes et princesses dont les vies extraordinaires se réinventent dans l'exil. La princesse Méliké, fil conducteur de ce récit, nous introduit dans un monde où le faste d'antan côtoie la mélancolie du présent. Ce livre est à la fois une quête personnelle et un témoignage historique, mêlant avec grâce souvenirs familiaux et chroniques d'une époque révolue. Il peint le portrait saisissant d'une dynastie au crépuscule de sa gloire, oscillant entre la grandeur de son héritage et les défis d'une nouvelle vie en terre d'asile. Au-delà de l'histoire familiale ottomane, ce livre explore également les outils modernes dédiés à la généalogie. Je partage mes retours d'expérience sur l'utilisation de l'intelligence artificielle pour analyser et extraire des données de documents précieux pour tout généalogiste. En tant que co-auteur de deux livres sur Copilot de Microsoft et OpenAI, et auteur de nombreux ouvrages techniques, j'apporte une perspective unique sur l'intersection entre technologie et recherche généalogique. J'ai joint à cet ouvrage de nombreuses sources généalogiques accompagnées de photos certaines exclusives, offrant ainsi un aperçu visuel et technique de cette fascinante quête familiale. In this book some 25 scholars focus on the relationship between religion, children's literature and modernity in Western Europe since the Enlightenment (c. 1750). They examine various aspects of the phenomenon of children's literature, such as types of texts, age of readers, position of authors, design and illustration. The role of religion in giving meaning both in a substantive sense as well as through the institutionalised churches is studied from an interdenominational point of view (Judaism, Roman Catholicism, Protestantism and Anglicanism). Finally, the contribution of pedagogy and child psychology in the interaction between modernity, religion and children's literature is also discussed. Various articles give a broad overview of the tensions between aesthetics and ethics and the demand for cultural autonomy in the development of children's literature. Children's bibles and missionary stories played an important part in the growing diversification of children's literature, as did the publication of illustrated reviews for children. Remarkable differences are highlighted in the involvement of religious societies and institutions, episcopally approved publishing houses and supervisory bodies in the publication, distribution and supervision of children's literature. This volume adopts a comparative approach in exploring the underlying religious, ideological and cultural dimensions of children's literature in modern society.)

With swashbuckling action that recalls Dumas's *Three Musketeers*, Sebastien de Castell has created a dynamic new fantasy series. In *Traitor's Blade*, a disgraced swordsman struggles to redeem himself by protecting a young girl caught in the web of a royal conspiracy. The King is dead, the Greatcoats have been disbanded, and Falcio Val Mond and his fellow magistrates Kest and Brasti have been reduced to working as bodyguards for a nobleman who refuses to pay them. Things could be worse, of course. Their employer could be lying dead on the floor while they are forced to watch the killer plant evidence framing them for the murder. Oh wait, that's exactly what's happening. Now a royal conspiracy is about to unfold in the most corrupt city in the world. A carefully orchestrated series of murders that began with the overthrow of an idealistic young king will end with the death of an orphaned girl and the ruin of everything that Falcio, Kest, and Brasti have fought for. But if the trio want to foil the conspiracy, save the girl, and reunite the Greatcoats, they'll have to do it with nothing but the tattered coats on their backs and the swords in their hands, because these days every noble is a tyrant, every knight is a thug, and the only thing you can really trust is a traitor's blade.
