Warriors. Omen of the Stars Harper Collins
 The central characteristic of the evolution of

the combat soldier in recent years is an increasingly sophisticated array of sensing, communications, and related electronics for use in battlefield situations. The most critical factor for maintaining this evolution will be the development of power supply systems capable of operating those electronics effectively for missions up to 72 hours long. To address

the challenge, it is important that new approaches be sought on how to integrate and power these electronics. To assist in addressing this problem, the Army requested the National Research Council to review the state of the art and to recommend technologies that will support the rapid development of effective power systems for the future warrior. This report

presents the results of that review. It provides an assessment of various technology options for different power level requirements, power system design, and soldier energy sinks. The report also describes future design concepts, focusing on low-power systems. Recommendations for technology development and system design are presented. *Bamboo Kingdom #1: Creatures of*

Warriors: Power of Three #1: The Sight
 Harper Collins
 Firestar's three grandchildren have learned of the powerful

prophecy that foretells their destinies, and the responsibility of deciding the Clans' future weighs heavily on the three apprentices. But each secretly yearns for power: Lionpaw dreams of being undefeatable in battle, while Hollypaw longs to be a great leader and Jaypaw knows only he can see the true past and future for them all. Their strengths are tested when ThunderClan

is suddenly attacked—and all four Clans are thrown into a battle unlike any the cats have ever seen. Then a dark shadow falls across the forest, and a mysterious stranger warns the Clans of more trouble to come. For the first time, it appears that StarClan does not hold the answers the cats need. All of a sudden, the warrior code is being tested. A crisis of faith threatens to tear the four Clans apart and destroy

what the cats have built their lives upon. . . .
