"The White Owl," by Edmund Snell, quivers with the literary hocus pocus that affords mental relief in a materialistic age. Two adventurers, searching for an Aztec temple containing a deity,

which flourished before the Spanish conquistadores overran Mexico, find it, and on opening the covering of a shaft one of them is carried down into its fathomless depths by a huge white owl. There appears to the survivor a girl, Naia, who tells him that his friend will reappear after twenty moons. The White Owl having been released, the hatred of the

Aztecs for their Spanish oppressors is renewed, and a series of murders of Spaniards in various places in Europe follows, the White Owl with hideous green eyes continually appearing when the mysterious influences are at work. The vanished explorer and the girl Naia are always the instruments.

A loving look at “disposable” horror culture from the 1960s and 1970s. Over two glorious decades the horror film waged war on good taste, exploiting every taboo and bursting every envelope along the way. TRASHFIEND is the definitive guide to the chaotic, creative and endlessly entertaining golden

age of horror cinema. Scott Stine (author of The Gorehound’s Guide to Splatter Films series) shines a fond but satiric light on everything from low budget horror films to grisly comic art, lurid movie magazines to late-night creature features, campy monster toys to exploitive poster art. Packed with reviews, trivia, interviews, anecdotes and rare illustrations, and written with witty and insightful flair, TRASHFIEND will fascinate aficionados, nostalgists and cinema lovers of every stripe for a fun, energetic and critical look at this beloved genre. *TLA Film and Video Guide* HarperCollins Drawn to Virginia City, Nevada, and its Comstock Lode in the

early 1860s, journalist Henry Stoddard mingles with mining titans, speculators, and bankers as well as the men who descend into the dark earth to wrest the gold riches from it. Among those he meets are a young Missourian named Sam Clemens, a reporter for the "Territorial Enterprise" who would transform himself into Mark Twain. Since the beginning of time, the angelic hosts of the High Heavens and the demonic hordes of the Burning Hells have been locked in a struggle for the fate of all Creation. That struggle has now come to the mortal realm...and neither Man nor Demon nor

Angel will be left unscathed.... Legend speaks of a long-dead city known as Ureh, thought by many to have been a gateway to the High Heavens. It is believed that every two thousand years, when the stars align and the shadow of Mount Nymyr falls upon the ruins, Ureh is reborn -- and all its lost riches are revealed to those brave enough to seek them out. Now, after a lifetime of research and intense calculation, the Vizjerei sorcerer, Quov Tsin, has come to witness Ureh's rebirth for himself. But that which awaits Tsin and his hired band of mercenaries is nothing like what they expected. They will find that the dream of radiant Ureh is, in fact, a twisted nightmare of

horror -- one that will draw them inexorably into The Kingdom of Shadow An original tale of swords, sorcery, and timeless struggle based on the bestselling, award-winning M-rated computer game from Blizzard Entertainment. Intended for mature readers.

"Wholly original . . . the work of the newest major talent in fantasy."—The Wall Street Journal

"Freakishly compelling . . . through heart-thumping acts of violence and laugh-out-loud moments, this book practically dares you to keep reading."—Atlanta Magazine A missing God. A library with the secrets to the universe. A woman too busy to

notice her heart slipping away. Carolyn's not so different from the other people around her. She likes guacamole and cigarettes and steak. She knows how to use a phone. Clothes are a bit tricky, but everyone says nice things about her outfit with the Christmas sweater over the gold bicycle shorts. After all, she was a normal American herself once. That was a long time ago, of course. Before her parents died. Before she and the others were taken in by the man they called Father. In the years since then, Carolyn hasn't had a chance to get out much. Instead, she and her adopted siblings have been raised according to Father's ancient customs. They've

studied the books in his Library and learned some of the secrets of his power. And sometimes, they've wondered if their cruel tutor might secretly be God. Now, Father is missing—perhaps even dead—and the Library that holds his secrets stands unguarded. And with it, control over all of creation. As Carolyn gathers the tools she needs for the battle to come, fierce competitors for this prize align against her, all of them with powers that far exceed her own. But Carolyn has accounted for this. And Carolyn has a plan. The only trouble is that in the war to make a new God, she's forgotten to protect the things that make her human. Populated by an unforgettable cast of characters and

propelled by a plot that will shock you again and again, *The Library at Mount Char* is at once horrifying and hilarious, mind-blowingly alien and heartbreakingly human, sweepingly visionary and nail-bitingly thrilling—and signals the arrival of a major new voice in fantasy. Praise for *The Library at Mount Char* An engrossing fantasy world full of supernatural beings and gruesome consequences."—Boston Globe "Vivid . . . the dialogue sings . . . you'll spend equal time shuddering and chortling."—Dallas Morning News" *Halliwell's Film, Video and DVD Guide* SCB Distributors Lorna Dee Cervantes is a pivotal figure throughout the Chicano

literary movement and this book gathers 30 years' worth of essays and articles about her as well as interviews with her. A fifth-generation Californian of Mexican and Native American (Chumasch) heritage, Cervantes is widely considered one of the most important Latina poets who drew tremendous power from her struggles in the literary and political trenches. This work explores the boundaries between language and experience and features a new collection of poems by the dynamic poet. [The Library at Mount Char](#) [Lulu.com](#)

In this pathbreaking book one of America's most distinguished philosophers brilliantly explores the status and authority of law and

the nature of political allegiance through close readings of three classic Hollywood Westerns: Howard Hawks' *Red River* and John Ford's *The Man Who Shot Liberty Valance* and *The Searchers*. Robert Pippin treats these films as sophisticated mythic accounts of a key moment in American history: its "second founding," or the western expansion. His central question concerns how these films explore classical problems in political psychology, especially how the virtues of a commercial republic gained some hold on individuals at a time when the heroic and martial virtues were so important. Westerns, Pippin shows, raise central questions about the difference between

private violence and revenge and the state's claim to a legitimate monopoly on violence, and they show how these claims come to be experienced and accepted or rejected. Pippin's account of the best Hollywood Westerns brings this genre into the center of the tradition of political thought, and his readings raise questions about political psychology and the political passions that have been neglected in contemporary political thought in favor of a limited concern with the question of legitimacy.

General Simon Bolivar, “the Liberator” of five South American countries, takes a last melancholy journey down the Magdalena River, revisiting cities along its shores, and reliving the triumphs, passions, and betrayals of his life. Infinitely charming, prodigiously successful in love, war and politics, he still dances with such enthusiasm and skill that his witnesses cannot believe he is ill. Aflame with memories of the power that he commanded and the dream of continental unity that eluded him,

he is a moving exemplar of how much can be won—and lost—in a life.

Women.com Discover the secrets of Caldonbrae Hall in this riveting, modern gothic debut set at an all girls' boarding school perched on a craggy Scottish peninsula. For 150 years, high above rocky Scottish cliffs, Caldonbrae Hall has sat untouched, a beacon of excellence in

an old ancestral castle. A boarding school for girls, it promises that the young women lucky enough to be admitted will emerge "resilient and ready to serve society." Into its illustrious midst steps Rose Christie: a 26-year-old Classics teacher, Caldonbrae's new head of the department, and the first hire for the school in over a decade. At first, Rose is overwhelmed to be invited into this institution, whose prestige is unrivaled. But she quickly discovers that behind the school's elitist veneer lies an impenetrable, starkly traditional culture that she struggles to reconcile with her modernist beliefs--not to mention her commitment to

educating "girls for the future." It also doesn't take long for Rose to suspect that there's more to the secret circumstances surrounding the abrupt departure of her predecessor--a woman whose ghost lingers everywhere--than anyone is willing to let on. In her search for this mysterious former teacher, Rose instead uncovers the darkness that beats at the heart of Caldonbrae, forcing her to confront the true extent of the school's nefarious purpose, and her own role in perpetuating it. A darkly feminist tale pitched against a haunting backdrop, and populated by an electrifying cast of heroines, Madam will keep readers engrossed until the breathtaking

conclusion. They want our silence... They want our obedience... Let them see our fire burn

This book tells the story of a little-known but outstanding man whose achievements far eclipsed those of his famous father, Queen Elizabeth's favourite, the Earl of Leicester. Unlike similar works, it is a biographical novel, not a biography. Robert Dudley's legitimacy remains in doubt to this day though it was recognised by Charles I, Charles II, The Austrian Emperor and the Pope. Here his life has been extensively researched and the man speaks for himself through historical fact. His achievements, for

his era and position, were varied and unique and he died, the Duke of Northumberland, in what is now the Villa Castello near Florence. Perhaps because he left his own country when Star Chamber closed his legitimacy case, he has not been given his proper place in English history. He did not go alone; his beautiful cousin Elizabeth Southwell, disguised as his page, went with him and their twelve children were born in Tuscany. Apart from his achievements, Robert Dudley's private life, a positive minefield, needs little invention. His powerful personality shouts through his actions. Anyone who enjoys Elizabethan and Jacobean history will appreciate the story of

this gifted buccaneer of a man who built four ships and sailed them to Trinidad, fought as an Admiral at Cadiz and took possession of Kenilworth Castle by the age of twenty-two. Later, while serving the Medici rulers of Tuscany as Great Chamberlain and rebuilding their navy, he wrote and left to posterity, a definitive, six-volume work on all naval and sea-faring matters, "Dell' Arcano Del Mare" copies of which remain.

My novel, *A Splintered View*, is a modern-day thriller strung together with elements of humor and romance and then firmly knotted on top with family roots and faith in God. Set in the fictional town of Sienna Springs,

Texas, Deputy Sheriff Daniel Yohner is given the task of solving a double murder. The murdered victims are the son and daughter of two powerful men, the Mennonite Elder, Josiah Behrtager, and County Judge Bradworth T. Warner, who each have their own secrets. Daniel must return to the Mennonite settlement where he was born and face his own demons. When he uncovers the clandestine operation that led to the murders, he also comes to know his own heart and renews his faith in God. Dolores McConnell Young is a native Texan and grew up on a cotton farm in the same West Texas region as the setting of her novels. Although she acquired the knowledge to drive a

tractor and start an irrigation siphon hose, she much preferred to sit in a corner and become lost in a good whodunit novel. When asked to describe herself, she jokingly says, "I'm left-handed, wear glasses, and I was a middle child."

Influenced by an artist mother and grandmother, she grew up seeing everything in magenta, tangerine, and turquoise. Her goal in writing was to paint a scene on paper as vivid as they did in oils. She lives in Lubbock, Texas, and has two children.

The work of the twentieth-century Argentine writer Cortazar is analyzed by Standish (foreign languages and literature, East Carolina U., Greenville), who writes with the assurance of his long familiarity with the author's work. Of the eight chapters, the first is devoted to Cortazar's life, the remainder to his writing, which is

divided chronologically and by genre.

Cortazar's own writing on literature and his controversial political identity each merit separate chapters. c. Book News Inc.

This provocative story illuminates the lives of 2 wayward adventure seekers. It's the unfortunate true account of myself and

equally neurotic traveling companion. As young, naive gringos, we sought a mood altering pilgrimage to South America. We followed our siren's call towards drama, chaos and confusion in the jungles and mountains of the Inca Empire. For nearly a year, we played hide and seek from military police, danced the jig of civility while dodging the bullet of sanity. Exploits contained in this work are not intended for the squeamish, timid, faint of heart or too delicate. Graphic episodes may offend fragile, tightly wrapped and emotionally stable individuals. That being said, this narrative is equally seductive to extreme travel junkies and adventure seekers.

A burgeoning population of recovery oriented Baby Boomers, will discover a niche of paradoxical insight. Arm chair travelers will be shocked, amused, entertained and educated. Hipsters will marvel at the high drama and drop dead humor.
