Pocket Guide to Birds of Southern Africa Grey Eagle Publications
 Bradt's fully illustrated wildlife guides focus on regions of the world particularly celebrated for their

amazing and often unique species. With spectacular photography or exclusive watercolour drawings throughout, each visitors' guide provides an introduction to the region's principal flora and fauna alongside suggested wildlife itineraries, practical information on when to go and what to take and photography tips. Written in a deliberately engaging way, they offer something different from dry field guides, and will appeal to the interested layman as much as the wildlife devotee. Ideal as a lightweight companion to any wildlife trip they also make a handsome souvenir. Beautifully illustrated with full-colour photographs throughout, Madagascar Wildlife is a celebration of the unique fauna of a remarkable island. Featuring over 250 species - from lemurs to millipedes - this guide is ideal for natural history enthusiasts and travellers alike. Newly discovered species and recently protected habitats are all covered in this fully revised edition. Also included is practical advice on visiting the key national parks and reserves plus special features on the evolution, camouflage, night-time wildlife and conservation issues.

[Diamanten im Staub](#) Lonely Planet

In distinctive ways, Iran is one of the most photogenic countries in the world -- a place where dazzling architecture is set amid desolate expanses of desert or steppe; where snow-capped mountains plunge dramatically to a seacoast of steamy lushness; where nomads guide their flocks to seasonal pasturelands; where tombs, temples, castles, and mosques bespeak the richness of the Persian past. High and dry for the most part, the land is sectioned by great mountain ranges, dotted with venerable villages of mud and stone as well as modern cities, and has a cultural fabric woven of many different threads -- Persian, Turkic, Kurdish, Baluchi and even Mongol. For a photographer to capture such a mix of spectacular terrain and cultural complexity is a formidable challenge, one that Daniel Nadler, an American born in Egypt, has met brilliantly in Iran the Beautiful. This book, comprising more than 170 photographs, takes as its symbolic centre the magnificent landmark of Mount Damavand, the highest peak in the Middle East, and ranges outward from there north to the Caspian Sea, east as far as Gonbad-e Kavus, west toward Zanjan, and south to Isfahan. All lie no more than a day's drive from the great volcano, yet within those bounds can be found a spectrum of landscapes, lifestyles, and architectural treasures that show why Iran, once seen, can never be forgotten.

[Verzeichnis der Bücher, Landkarten, &c. welche vom ... neu erschienen oder neu aufgelegt worden sind](#) BAEDEKER Verlag

Das schönste Ende der Welt Der Baedeker Kapstadt, Garden Route begleitet durch den pulsierenden Schmelztiegel aller Nationen, Küchen und Kulturen. Winzerhochburgen, Safari und endlose Traumstrände - die "Mutterstadt Südafrikas" hält seine Versprechungen. Das Kapitel Hintergrund beschäftigt sich mit Wissenswertem über die Anfänge, das Erbe der Kolonisation und Apartheid, über Wirtschaft und Kultur der Stadt am "Zipfel der Welt" und mit seinen Menschen. Was sind die typischen Gerichte und wo kann man sie probieren? Was kann man mit Kindern unternehmen? Antworten auf diese und viele andere Fragen, gibt das Kapitel "Erleben und Genießen". Entdecken Sie Kapstadt zu Fuß: Zwei spannende Spaziergänge führen durch die City zwischen Bo-Kaap und Castle of Good Hope und zeigen das ganze Spektrum der #Mutterstadt Südafrikas". Andere Plätze, an denen man aber auch nicht einfach vorbeigehen sollte, sind im großen Kapitel Sehenswürdigkeiten von A-Z ausführlich beschrieben. Infografiken zeigen anschaulich Kapstadt auf einen Blick, erklären, warum es so viele Schiffswracks rund um die Kaphalbinsel gibt und machen südafrikanischen Wein schmackhaft. Einzigartige 3D-Darstellungen geben einen lebendigen Einblick ins Castle of Good Hope, das älteste Steingebäude Südafrikas, führen im Stellenbosch Dorp Museum ins 18. und 19. Jh. und hoch hinauf auf das Wahrzeichen Kapstadts, den 1086 m hohen Tafelberg. Die Baedeker-Tipps verraten unter anderem, wo man in Kapstadt die besten Austern bekommt, selbst Goldschmuck entwerfen und wo man Geparden und weißen Löwen auf der Spur sein kann.

German books in print Bradt Travel Guides

An exploration of the world's most famous and challenging song cycle, Schubert's Winter Journey (Winterreise), by a leading interpreter of the work, who teases out the themes—literary, historical, psychological—that weave through the twenty-four songs that make up this legendary masterpiece. Completed in the last months of the young Schubert's life, Winterreise has come to be considered the single greatest piece of music in the history of Lieder. Deceptively laconic—these twenty-four short poems set to music for voice and piano are performed uninterrupted in little more than an hour—it nonetheless has an emotional depth and power that no music of its kind has ever equaled. A young man, rejected by his beloved, leaves the house where he has been living and walks out into snow and darkness. As he wanders away from the village and into the empty countryside, he experiences a cascade of emotions—loss, grief, anger, and acute loneliness, shot through with only fleeting moments of hope—until the landscape he inhabits becomes one of alienation and despair. Originally intended to be sung to an intimate gathering, performances of Winterreise now pack the greatest concert halls around the world. Drawing equally on his vast experience performing this work (he has sung it more than one hundred times), on his musical knowledge, and on his training as a scholar, Bostridge teases out the enigmas and subtle meanings of each of the twenty-four lyrics to explore for us the world Schubert inhabited, his biography and psychological makeup, the historical and political pressures within which he became one of the world's greatest composers, and the continuing resonances and affinities that our ears still detect today, making Schubert's wanderer our mirror.

Baedeker Reiseführer Kapstadt, Winelands, Garden Route Lonely Planet

The irresistible novel that was adapted into a major motion picture starring Leonardo DiCaprio. The Khao San Road, Bangkok -- first stop for the hordes of rootless young Westerners traveling in Southeast Asia. On Richard's first night there, in a low-budget guest house, a fellow traveler slashes his wrists, bequeathing to Richard a meticulously drawn map to "the Beach." The Beach, as Richard has come to learn, is the subject of a legend among young travelers in Asia: a lagoon hidden from the sea, with white sand and coral gardens, freshwater falls surrounded by jungle, plants untouched for a thousand years. There, it is rumored, a carefully selected international few have settled in a communal Eden. Haunted by the figure of Mr. Duck -- the name by which the Thai police have identified the dead man -- and his own obsession with Vietnam movies, Richard sets off with a young French couple to an island hidden away in an archipelago forbidden to tourists. They discover the Beach, and it is as beautiful and idyllic as it is reputed to be. Yet over time it becomes clear that Beach culture, as Richard calls it, has troubling, even deadly, undercurrents.

Spellbinding and hallucinogenic, The Beach by Alex Garland -- both a national bestseller and his debut -- is a highly accomplished and suspenseful novel that fixates on a generation in their twenties, who, burdened with the legacy of the preceding generation and saturated by popular culture, long for an unruined landscape, but find it difficult to experience the world firsthand.

Mammals of Botswana and Surrounding Areas Penguin

A magic-realism novel on the lot of women in Iran whose heroines reject men and marriage. One woman turns herself into a tree in order to preserve her virginity, another is born anew after being killed by her brother for disobedience.

Trees and Shrubs of the Sahel Balogh Scientific Books

Männer wie wir sehen Dinge. Wir tun Dinge, die uns gefühllos machen. Das ist der Preis für Macht und Geld, dafür, dass wir la belle vie leben und die französische Mafia leiten. Dann tauchte sie auf wie eine hübsche Wildblume, die durch die Ritzen eines schmutzigen Pflasters wächst - zerbrechlich und doch unverwundlich, ein Hauch von Schönheit inmitten des Schmutzes. Sie sollte nur ein weiterer Job sein, eine namenlose Person, die ich aus ihrem Leben reißen und meinem Bruder übergeben sollte, nichts weiter als ein Pfand in unserem Diamantengeschäft. Für Männer wie uns gibt es einen psychologischen Stempel. Uns fehlt es an Empathie und Schuldgefühlen. Wir tun Dinge, um zu bekommen, was wir wollen, Dinge, die Blumen verwelken lassen.

[Profiling Violent Crime](#) Syracuse University Press

Presented from the perspectives of a former FBI profiler and a forensic violence-risk expert, Profiling Violent Crime: A Behavioral and Forensic Approach educates readers about the nature of criminal profiling including how it works, the techniques it draws on, the types of offenders it applies to, and the psychological make-ups of those offenders. Drawing from technique, as well as from theory and the latest clinical research, Profiling Violent Crime delves into precisely what it means to profile. Students learn what it's like to be on the ground as an FBI profiler, dispelling myths and detailing the actual process. Subsequent chapters detail crime scene analysis; determination of the type of offender that may be at work; the fascinating interplay between mental illness and criminality; and breakdowns of the various types of criminal offenders including stalkers, murderers, rapists, mass murderers, and serial killers. The book also offers multiple real-life case examples to shed light further into the criminal mind. Rooted in the authors' personal experience in law enforcement and forensic psychology Profiling Violent Crime is an excellent text for courses in criminal justice, psychological profiling, and forensic psychology. It provides readers with real, intimate insight into criminal profiling, addressing its strengths and drawbacks, as well as offering a glimpse of where this crucial field has yet to go. Peter M. Klismet, Jr. holds a master's degree in criminal justice from California Lutheran University and another in public administration from the University of Southern California. He is a former agent with the Federal Bureau of Investigation, and was one of the first formally-trained psychological profilers within the Agency. He served in law enforcement for over thirty years before joining the faculty at Pikes Peak Community College as an associate professor of criminal justice, going on to chair the department. He is now the founder and director of Criminal Profiling Associates, a law enforcement consulting company. Dr. Clarissa Cole received her master's and doctoral degrees in clinical psychology from Baylor University, and began her career by working at Napa State Hospital. More than a decade ago, she transferred to the California Department of Corrections and Rehabilitation. Currently, she is a senior forensic psychologist in an experimental program--the first of its kind, in the United States--wherein she supervises violence-risk assessments for the Board of Parole Hearings. Along with specializing in violence risk, Dr. Cole co-hosts a weekly true-crime radio show, and maintains her own blog/opinion page.
