Adrenaline Junkie is more than a renowned, multi-award-winning author entertaining with his life history. Les Edgerton understands that backstory matters. It influences the present. So he journeyed through his past seeking answers for why he was the way he was. Seeking answers for his thrill-seeking, devil-may-care, often self-destructive, behaviors. Seeking a sense of personal peace. Why was he compelled to be the best he could be in all his endeavors—legal or otherwise. What drove him to excel, then flee success, only to strive for supremacy in another field? Adrenaline Junkie holds the answers. With nothing held back. With his life-saving

humor, an indomitable spirit, and a fierce courage to expose the ugly and painful. Like the tough, raw, vulnerable characters Les writes about in his short stories and novels, he exposes us to a man fighting against family, society, and his own sense of injustice. Fighting for a moment—regardless of how fleeting—to feel in control of his life. And, as uncomfortable at times as Les's life adventure may be for us to witness, we come away grateful he took us with him. So settle back. Meet a real-life, twenty-first-century Renaissance man. A real-life adrenaline junkie. Praise for ADRENALINE JUNKIE: "Adrenaline Junkie is a raw and harrowing memoir that brilliantly combines great

sensitivity with brutal honesty. Les Edgerton is never afraid to reveal his vulnerability—and culpability—as he takes us on a head-spinning ride through the bizarre and terrifying experiences in a life that was often defined by violence.

The result is a breathtaking page-turner that will keep readers hooked from page one and will never let them go.”

—Lisa Lieberman
 Doctor, former Warner Bros. prodco president, president of Robin Williams prodco, Blue Wolf Productions
 “Filled with stories of knifings, armed robberies, brutal prison fights, and Charles Manson (yes, that Charles Manson!), Edgerton proves that life can be stranger

(and certainly more violent) than fiction. But Edgerton isn’t just a guy with a tough story to tell. He’s a poet who startles you with sentences both stark and darkly beautiful. An astonishing accomplishment.”

—Jon Bassoff, author of *Corrosion*
 “Adrenaline Junkie is the compelling, beautifully written story of an extraordinary man who has lived on both sides of the tracks. Les Edgerton achieves a sort of sainthood among sinners, an apotheosis of rebellion and force, much like Harcamone at Fontevrault, or a hero in a Johnny Cash song, a huge, Promethean work of major significance and scale.”
 —Richard Godwin, critically acclaimed

author “Edgerton's prose hits with the force of a hammer—as does his recollection of an America, both deeply flawed and wonderful, that is now more important than ever to keep in our sights. Adrenaline Junkie makes sense of one man's life while showing us all new aspects of our own.” —Jenny Milchman, USA Today bestselling and Mary Higgins Clark Award-winning author of *Cover of Snow* and *Wicked River* “No one can accuse Les of being a ‘crime tourist’. He’s lived the life, done the deed, and now he’s written the book. Adrenaline Junkie should be on any prospective (or established) crime writer’s list. An entertaining, darkly-rendered tale of one

man’s adventures in the very belly of the beast.” —Tony Black, author of *Her Cold Eyes* “Sometimes shocking, often poignant, occasionally distasteful, frequently funny, and always brutally honest, Adrenaline Junkie tells the story of one man’s harrowing yet ultimately successful quest for redemption. Written with razor-sharp clarity, Edgerton’s memoir is a triumph.” —Robert Rotstein, author of *We, the Jury* Standard Textbook of Cosmetology Delmar Includes entries for maps and atlases. *Forthcoming Books* Milady Publishing Company Milady's Skin Care and Cosmetic Ingredients Dictionary, third edition, is a multi-

purpose resource for cosmetic professionals and consumers alike. Part one puts cosmetics in the context of skin care. It provides an overview of skin physiology. In order to understand how and why a product works it is essential to understand how the skin works. It gives an overview of the complexity of cosmetic chemistry particularly with respect to product penetration, and highlights the current challenges facing cosmetic formulators. In addition, it offers comprehensive discussion of the various skin types and conditions in order to help professionals in their product selection. Lastly, it defines common cosmetic industry terminology used by cosmetic

manufacturers, professional estheticians, marketers and the media. The second part is dedicated to helping cosmetic users identify the function and purpose of specific ingredients. It is an alphabetical dictionary that lists and describes not only active principles but all other categories of ingredients that comprise a skin care cosmetic. As scientific knowledge of skin physiology and cosmetic chemistry advances, so do cosmetic products. This volume puts everything in context in an easy to read, easy to understand, user-friendly format.

There's only one place to find easy-to-understand, fact-based information about natural or artificial nails. *Nail Structure & Product Chemistry, 2E* is the only book of its kind available for those interested in learning more about this interesting topic. Easy-to-read and understand, this text brings together authoritative information from diverse fields including dermatology; toxicology; anatomy and physiology; chemistry; physics; and materials science. Authored by a leading research scientist in this field, the text serves as an informational guide for anyone interested in learning more about how and why

professional nail products work; how to troubleshoot, understand and solve most common salon problems; why products sometimes don't work and how to avoid these problems; how to avoid product-related skin allergies; and more. The text contains an in-depth study of the natural nail, its various parts, and how they function together. In addition, it covers a wide range of topics helpful to the salon professional, including how to give clients trouble-free nails/services; nail polishes and treatments; the use of electric files; understanding and avoiding skin allergies; improving ventilation; and much, much more. This updated text includes discussions of

new products, services, problems and misunderstandings in the filed and is a must-have resource for anyone interested in learning more about the science and technology of nails.

A little off the top? Want to cut hair but think you don't have the talent? If you've ever dreamed of becoming a painter, a sculptor, or a home decorator, you can cut hair. If you love sewing, drawing, or craft projects, you can cut hair. This book is designed to help you discover your inner artist, easily enhancing your loved one's hairstyles while trimming big bucks off

your family budget. Haircutting For Dummies is for people who want to cut their family and friends' hair, as well as those who are entering the field of cosmetology. Cutting hair at home will allow you to save money, be creative, and do something nice for your loved ones. If you're looking to become a licensed stylist, this book will show you how to do simple trims and styles while giving your own creativity room to roam. You'll see how to: Prepare men's and women's hair for cutting Create short, mid-length, and long styles Choose and care for your cutting tools Apply advanced haircutting techniques Seek a career in cutting hair In this easy-to-follow guide,

you'll find step-by-step instructions for the latest short, medium, and long hairstyles as well as more involved techniques such as notching and texturing. You get plenty of expert advice in using your tools, following lengths and angles, and creating show-stopping styles, as well as proven guidance in how to: Cut and style straight, curly, or kinky hair Give the perfect shampoo Judge the texture, strength, and health of hair Handle bangs, layers, and sliced hair Use a blow dryer, curling iron, and flat iron Pump up the volume and fight the frizzies Win your family's and friends' haircutting trust Featuring detailed illustrations and model shots, tips on maintaining your own

haircut between salon appointments, and special advice on cutting children's hair, *Haircutting For Dummies* will have you achieving salon- or barbershop-quality results on all types of hair!

Volume 3 contains fact-based answers to questions from actual nail professionals.

Based on *Face to Face* with Doug Schoon, Episodes 50-74. Many images in the book are shown also in 3D. View these images use Red/Cyan Anaglyph 3D glasses Ordering information can be found in the Appendix. Doug Schoon, currently residing in Dana Point, CA, is an internationally-recognized scientist with a Masters Degree

in Chemistry from UC-Irvine, as well as an author and educator with over 30 years' experience in the cosmetic beauty and personal care industry. He is a leading industry authority, known for his technical and regulatory work that has helped shape the beauty industry.

Schoon has authored several books, video and audio training programs, as well as dozens of magazine articles about salon products, safety, and best practices for salon professionals. In 1986, Schoon founded Chemical Awareness Training Service (CATS) the beauty industry's first safety training company. This was followed by his book, *Nail Structure & Product Chemistry*, 1st and 2nd Edition, which

has become essential reading for na salon pros. Schoon is a chief contributor to Milady's Standard Nail Technology and Standard Cosmetology, as well as several medical reference books such as Baran and Maibach's Textbook of Cosmetic Dermatology and Cosmetic Dermatology: A Comprehensive Medical and Surgical Text.

Practical Workbook for Milady's Standard Cosmetology Down & Out Books

This is the primary student supplement to Milady's core disciplines: Cosmetology, Nail Technology, Esthetics, and Barbering. Each contains chapter-by-chapter questions in a multiple-choice format

to help students prepare for their state board exams. An answer key at the back of the book allows students to check accuracy and identify weak areas.

Face-To-Face with Doug Schoon Volume III Cengage Learning Milady's Standard Esthetics Fundamentals, International Edition is an introductory text for students who are enrolled in an esthetics training course up to 600 hours. The text is designed to deliver a complete overview of all of the information necessary to introduce a newcomer to the world of professional skin care, including human anatomy, chemistry, electricity, skin analysis, conditions and disorders. Learners are

given a comprehensive tour of the most well-known, best-used treatment techniques and services requested by clients: facial massage, the use of facial machines, hair removal, advanced topicals and makeup. The material covers the history of and the opportunities in Esthetics, as well as how to create a competent and lasting professional image and effectively communicate for success in the skin care business. The text prepares the learner for management of the skin care business operations and successful retailing of products and services.

EXAM REVIEW FOR MILADY PROFESSIONAL EDUCATOR, 4TH.
Delmar

"Each author represented in this book, shares their knowledge that transforms their clients and helps them to realize success." -- taken from back cover.

Catalog of General Information Milady Publishing Company
MILADY STANDARD ESTHETICS FUNDAMENTALS, 11E International Edition is the essential source for basic esthetics training. This new edition builds upon Milady's strong tradition of providing students and instructors with the best beauty and wellness education tools for their future. The rapidly expanding field of esthetics has taken a dramatic leap forward in the past decade, and this up-to-date text

plays a critical role in creating a strong foundation for the esthetics student. Focusing on introductory topics, including history and opportunities in skin care, anatomy and physiology, and infection control and disorders, it lays the groundwork for the future professional to build their knowledge. The reader can then explore the practical skills of a skin care professional, introducing them to the treatment environment, basic facial treatments, hair removal, and the technology likely to be performed in the salon or spa setting.

Subject Guide to Books in Print Milady Publishing Company

Step-by-step technicals: Photos and

accompanying text help students visualize procedures as they move through every step of a process. The easy-to-follow format significantly raises self-confidence, making a seamless transition to hands-on applications. Real-life scenarios: On the last page of every chapter, we offer students a chance to apply their new knowledge. Hypothetical scenarios require students to use decision making skills mastered in that chapter. It is a chance for students to mentally leave the classroom and envision themselves a successful professional. Key concepts: Throughout each chapter, we use imaginative ways to call attention to key

points. Look for colored text, bold print, bullets, and charts. These relate to important theories your students must remember and makes chapter review for tests much easier! Learning strategy: More complex technicals include a checkmark beside any step that calls for specific safety precautions. This indicates an ideal moment to check on a client's comfort level. - Publisher.

A complete guide to presenting all the content material contained in Milady's Standard Textbook of Professional Barber-Styling. The lesson plan directs all activities toward the achievement of specific goals. It suggests new approaches for using instructional material and makes the teacher extremely sensitive to sequential form (the order in which the lesson is developed) a factor of great

importance in effective teaching. All lessons follow the order of topics within each chapter of the text. Each lesson is numbered and includes a topic headline, a topic reference, lesson objective, facility to be used, time allotment, material and equipment, printed matter, visual and audio aids, special research material, preparatory assignments for students, a listing of materials students must bring to class, motivation to be employed by the instructor, lesson outline, summary statements, evaluation of the students and assignments.

Milady has evolved for over 85 years to

become what it is today, the cornerstone of beauty and wellness education. We are very excited and proud to announce the latest edition of Milady Standard Cosmetology, the most commonly used resource in cosmetology education. For decades since our first textbook published, it has been our commitment to provide students with the foundation in the principles and skills needed to master the science and art of cosmetology, and with this latest version that commitment has not waived. For the new edition, celebrity stylist Ted Gibson served as Creative Director on the project. The result is a brilliant new design with over 750 new photos and a gorgeous layout, providing a

visually stunning resource to engage today's learner. We also recruited a team of twelve authors, made up of top professionals and educators in the industry, to provide the most current information on concepts and techniques. During our extensive peer review and development

process, we were asked for a resource that placed emphasis on essential content needed for licensure success, and we feel confident that we delivered. Milady Standard Cosmetology will continue to be a source of education that students can count on, not only while in school, but throughout their careers.
