 Shortlisted for the 2018 Ondaatje Prize Shortlisted for the Stanford Dolman Travel Book of the Year A masterful and entirely fresh portrait of great hopes and dashed dreams in a mythical city from a major new literary voice. Everything that could possibly be wrong with a city was wrong with Calcutta. When Kushanava Choudhury arrived in New Jersey at the age of twelve, he had already migrated halfway around the world four times. After graduating from Princeton, he moved back to the world which his immigrant parents had abandoned, to a city built between a river and a swamp, where the moisture-drenched air swarms with mosquitos after sundown. Once the capital of the British Raj, and then India's industrial and cultural hub, by 2001 Calcutta was clearly past its prime. Why, his relatives beseeched him, had he returned? Surely, he could have moved to Delhi, Bombay or Bangalore, where a new Golden Age of consumption was being

born. Yet fifteen million people still lived in Calcutta. Working for the Statesman, its leading English newspaper, Kushanava Choudhury found the streets of his childhood unchanged by time. Shouting hawkers still overran the footpaths, fish-sellers squatted on bazaar floors; politics still meant barricades and bus burnings, while Communist ministers travelled in motorcades. Sifting through the chaos for the stories that never make the papers, Kushanava Choudhury paints a soulful, compelling portrait of the everyday lives that make Calcutta. Written with humanity, wit and insight, *The Epic City* is an unforgettable depiction of an era, and a city which is a world unto itself.

 Kashmiri Lal Chawla joins the Bank of Polampur as a clerk and is posted to different cities and offices, where he confronts bizarre situations and odd characters. Nothing escapes him, neither the idiosyncrasies of the people he meets inside or outside the bank, nor their doings or intents; he presents these to the reader in simple, everyday language, spicing it up with his dry wit. Through these amusing anecdotes that can be enjoyed by readers of all age groups and from all walks of life, Kashmiri Lal exposes the sorry state of affairs in the bank; he diagnoses the shortcomings, contradictions and loopholes in the system and also offers solutions, without becoming preachy. As a satire on the Indian banking industry, this is possibly a first, using tongue-in-cheek humour to expose the corrupt and ineffectual system prevailing in public-sector banks in specific, and government departments at large. The author has an intimate knowledge of Indian banking, so this novel also becomes a record of the changing scenario of the banking sector in the country, over the last forty years.
