1956 "for all those men and women who are interested in scientific discovery, and in its industrial, commercial and social consequences". The brand's mission is no different today - for its consumers, New Scientist reports, explores and interprets the results of human endeavour set in the context of society and culture.

The Civil Engineer and Architect's Journal  
Springer-Verlag

From the standpoint of practising engineers, architects and contractors, the law of contract is the most important one and, from preparation of technical documents to its execution and in the determination of disputes, the engineer or architect must have relevant knowledge. This book acts as a practical guide to building and engineering

contracts. All points are explained with illustrations gathered from decided court cases. This book covers the substantive law of contract applicable to building and engineering contracts with updated noteworthy judgments. FIDIC conditions are mentioned at appropriate places with a global focus. Key Features: Guide for a full and thorough understanding of the contractual undertakings of the civil engineering industry, primarily in India Discusses specific conditions which are fertile sources of disputes, referring to and commenting upon the FIDIC conditions Covers internationally adopted standard form conditions of contract with analysis, discussions and interpretations, with decided court cases from India and abroad Focuses on technical civil engineering aspects

Addresses cases from countries including UK, US, Canada, Australia, New Zealand and India

*The American City & County Career FAQs* Presents professional information designed to keep Army engineers informed of current and emerging developments within their areas of expertise for the purpose of enhancing their professional development. Articles cover engineer training, doctrine, operations, strategy, equipment, history, and other areas of interest to the engineering community.

Resumes for Engineering Careers helps

you create a tailor-made resume that will help you land your perfect job. It takes you step-by-step through the process, helping to assess your talents and organize them into a standout resume, whether you just graduated from college, are changing careers, or are re-entering the job market after years at one company.

**Transport and Logistics Career FAQs** Dieses Sprach-Lehrbuch wurde speziell für Architekten und Bauingenieure entwickelt, um sie zu befähigen bei der Kommunikation auf Englisch in der Berufspraxis mit fachlicher Kompetenz zu überzeugen. Das Buch folgt den einzelnen Planungs- und Ausführungsphasen und ermöglicht somit auch ein schnelles und gezieltes Nachschlagen während eines laufenden

Bauprojektes. Die 5. Auflage wurde überarbeitet und neu strukturiert. In Kooperation mit der Gesellschaft für Weiterbildung im Bauwesen(GeWeB) steht den Kunden des Buches zur Vertiefung der Lerninhalte ein kostenfreies E-Learning Modul mit 15 Übungen zum Hörverstehen sowie weiteren Aufgaben zu Grammatik und Fachvokabular zur Verfügung.

Interview Questions and Answers

CAREER FAQs TRANSPORT AND LOGISTICS profiles over 25 people working in freight, aviation, rail, road, warehousing and maritime services.

From business systems management to safety consultants and legal counsel, transport and logistics offers a range of dynamic career options for people with a passion for organisation, planning and travel.

The Outlook for Women in Science: Architecture and engineering

Output in infrastructure is forecast to rise by 6.6% in 2013 & 7.6% in 2014, driven by Highways Agency's capital budget funding, by rail and by electricity... Spon's Civil Engineering and Highway Works Price Book 2014 gives costs for both general and civil engineering works and highway works, and provides a full breakdown of labour, plant and material elements, with labour rates updated in line with the latest CIJC wage agreement. Beyond prices, it can

be used as a comprehensive work manual for the UK's civil engineering, surveying and construction business. Use the access code inside the back cover of the book to get set up with internet access to this edition until the end of December 2014. We now provide SPON'S Online, a versatile and powerful online data viewing package, which replaces the estimating software and ebook of recent years. This 28th edition incorporates a comprehensive review throughout: Labour rates have increased at the beginning of the year and further increases are expected in 2014 - make sure you register for quarterly updates to keep up to date with wage increases! Pressure is being maintained on material costs with a slight fall in materials prices

as some of the rail projects come on stream Structured to comply with CESMM3 and MMHW, the book includes prices and rates covering the key items that make a general civil or highway construction project - from gabions to gutters and painting to PVC pipework. In a time when it is essential to gain 'competitive advantage' in an increasingly congested market, this price book provides instant-access cost information and is a one-stop reference.
