Treaty Series 2764 BRILL

In accordance with Article 102 of the Charter and the relevant General Assembly Resolutions, every treaty and international agreement registered or filed and recorded with the Secretariat since 1946 is published in the United Nations Treaty Series. At present, the collection includes about 30,000 treaties reproduced in their authentic languages, together with translations into English and French, as necessary. The Treaty Series, where treaties are published in the chronological order of registration, also provides details about their subsequent history (i.e., participation in a treaty, reservations, amendments, termination, etc.). Comprehensive Indices covering 50-volume-lots are published separately. A Standing Order service is available for the Series and out-of-print volumes are available on microfiche.

Christian-Muslim Relations, a Bibliographical History, Volume 11 (CMR 11) is a history of everything that was written on relations in the period 1600-1700 in South and East Asia, Africa and the Americas. Its entries contain descriptions, assessments and comprehensive bibliographical details about individual works.

Ceylon London : Longman, Green

Environ 200 millions de personnes (soit 5 % de la population mondiale âgée de 15 à 64 ans) ont consommé des drogues illicites au moins une fois au cours des 12 derniers mois. Presque tous les pays de la planète sont représentés parmi ces consommateurs. Plus de personnes participent à la production et au trafic de drogues illicites, et plus encore en subissent les conséquences socioéconomiques dévastatrices. En raison d'une part de l'étendue du problème, et d'autre part de sa nature illicite et dissimulée, les analyses et les statistiques fiables sur la production, le trafic et la consommation des drogues illicites sont rares. Le Rapport mondial sur les drogues de 2006 tente de combler cette lacune. Il offre l'un des aperçus les plus complets qui soient des tendances en matière

de drogues illicites au niveau international. On y trouve en outre un chapitre thématique spécial sur le cannabis, qui est de loin la drogue la plus produite, trafiquée et consommée dans le monde.

L'analyse des tendances (qui remontent parfois à 10 ans et plus) est présentée dans le volume 1.

Les statistiques détaillées figurent dans le volume 2. Ensemble, ces deux volumes représentent la synthèse la plus complète à ce jour de la situation des drogues illicites dans le monde.

A Catalogue of the Library of the Royal Institution of Great Britain; Including a Complete List of All the Greek Writers, by the Late Rev. Charles Burney ... with an Alphabetical Index of Authors, by William Harris .. BRILL

Examines how French colonial modernity invented the concept of the Maghreb, making it distinct from Africa and the Middle East.

"A" General Collection of the Best and Most Interesting Voyages and Travels in All Parts of the World London : Longman, Green

Living together explores international law responses to the challenges of growing religious antagonisms. Building on historic concepts, it looks at the role of religious institutions and religious law before examining the contribution of human rights bodies and particular human rights.

*Catalogue* Cambridge University Press

The importance of the discipline of textual criticism received an enormous boost from the discovery of the Dead Sea Scrolls showing that the study of these ancient documents is absolutely necessary for the exegesis of the Biblical literature. Textus covers that area as well as many additional ones, pertaining to all the fields that are traditionally studied by textual critics.

La Commission du droit international est un organe d'experts, composé de « personnes possédant une compétence notoire en matière de droit international », qui œuvre au développement progressif

et à la codification du droit international. *Annuaire de la Commission du droit international: Volume I : Comptes rendus de séance; Volume II : Texte des principaux rapports établis au cours de l'année, y compris le rapport annuel à l'Assemblée générale.*

*A New Classified Catalogue of the Library of the Royal Institution of Great-Britain* CRC Press

"Following on the successes of two previous dictionary projects, the CRC World Dictionary of Plant Names and the CRC World Dictionary of the Grasses, Umberto Quattrocchi has undertaken this dictionary of economically important plants.... He has done for these plants what was so admirably done in his other works—brought the vast and scattered literature on plant names, and in this case, too, their uses, into coherent order so that the inquisitive scholar can get a foothold." —From the Foreword, Donald H. Pfister, Harvard University and Harvard University Herbaria, Cambridge, Massachusetts *The CRC World Dictionary of Medicinal and Poisonous Plants: Common Names, Scientific Names, Eponyms, Synonyms, and Etymology* provides the starting point for better access to data on plants used around the world in medicine, food, and cultural practices. The material found in the five volumes has been painstakingly gathered from papers of general interest, reports and records, taxonomic revisions, field studies, herbaria and herbarium collections, notes, monographs, pamphlets, botanical literature, and literature tout court. It includes sources available at various natural history libraries, floras and standard flora works, local floras and local histories, nomenclatural histories, and the International Code of Botanical Nomenclature. Much more than a dictionary, the book provides the names of thousands of genera and species of economically important plants, concise summaries of plant properties, and appropriate observations about medicinal uses. Drawing from a tremendous range of primary and secondary sources, it is an indispensable time-saving guide for all those involved with botany, herbal medicine, pharmacognosy, toxicology, medicinal and natural product chemistry, and agriculture.
