Books in Print Courier Corporation

In an age of electric typewriters, computer printouts, digital lettering, and other 'automated' communications, calligraphy - the art of beautiful writing - recalls the leisurely, more personal communication of an earlier day. In this elegant volume, lovers of calligraphy will find a rich treasury of writing as art - when the form of a message rivaled its content, and calligraphers devoted a lifetime to perfecting a fine hand.

Concerning the Spiritual in Art Courier Corporation

The author of many books on typography, Dan X. Solo was also the proprietor of his own typography shop in Oakland, California — an establishment dedicated to unusual typography and special effects. This comprehensive catalog offers graphic designers a dazzling selection of over 4,000 typefaces and optical effects available from Solotype Typographers. Here, in Solo's words, is "a great cast of characters" — the alphabet — abetted by a

cornucopia of typographical ideas and an endless resource of letters, words, phrases, slogans, logos, humorous comments, headlines, and graphic symbols. Individual sections of the book display a rich variety of typefaces in categories such as Condensed, Victorian, Art Nouveau, Art Deco, Rustic, Thick-and-tin, Calligraphic, Uncials, Latins, and Blackletter. Samples are imaginatively presented. "Stagecoach," for example, is printed in Fargo typeface, evoking dusty trails, rawhide, and ten-gallon hats, while "Sizzling summer savings" appears appropriately in the flamboyant Firebug typeface. All typefaces are indexed for quick and easy reference. As entertaining as it is practical and useful, this impressive treasury of versatile typefaces and optical effects will be indispensable to busy commercial artists as an inexhaustible source of typographic ideas and a "swipe file" of words, phrases, and letters for use in graphic art projects.

Heart of Darkness Courier Corporation

The alphabet is the message. With these special effects and topical alphabets, you can advertise or identify a product or service in lettering that reinforces your message. For example: letters shaped like chopsticks; letters made up of logs; letters made up of bones; letters frozen in ice; letters with stars and stripes. These are just a few of the alphabets you can use from

the 100 fonts selected by Dan X. Solo from the Solotype Typographers Catalog. All the fonts appear in upper case, while many also have lower case and/or numerals. Whether your message is about the Fourth of July, cool refreshment, outdoor life, modern technology, summer, spring, winter, or a hundred other moods and occasions, you'll find in this collection an alphabet that tells the story. The typographic designs may be sophisticated or naïve, but all are eminently useful and difficult to find in usual sources.

Whitaker's Book List 100 Decorative Condensed Alphabets Lavishly illustrated with more than 450 images, A Typographic Workbook, Second Edition explains the process successful designers use to select, space, and creatively integrate fonts. This essential text demonstrates the use of type as a dynamic and expressive communication tool. This edition provides new and updated coverage of a broad range of topics—from a logical, clear historical overview of the craft to the latest digital technologies. Known for its highly interactive format, this Second Edition continues to include helpful review questions and multiple-choice quizzes, as well as many new projects and skill-building exercises that help readers immediately apply what they have learned. A Typographic Workbook, Second Edition is a valuable professional resource for working designers and an indispensable training tool for graphic design students.

Subject Guide to Children's Books in Print 1997 Courier Corporation

Alice's Adventures in Wonderland is an 1865 English children's novel by Lewis Carroll, a mathematics don at the University of Oxford. It details the story of a girl named Alice who falls through a rabbit hole into a fantasy world of anthropomorphic creatures. It is seen as an example of the literary nonsense genre. The artist John Tenniel provided 42 wood-engraved illustrations for the book. It received positive reviews upon release and is now one of the best-known works of Victorian literature; its narrative, structure, characters and imagery have had a widespread influence on popular culture and literature, especially in the fantasy genre. It is credited as helping end an era of didacticism in children's literature, inaugurating an era in which writing for children aimed to "delight or entertain". The tale plays with logic, giving the story lasting popularity with adults as well as with children. The titular character Alice shares her name with Alice

Liddell, a girl Carroll knewscholars disagree about the extent to which the character was based upon her.

Literary Gazette and Journal of Belles Lettres, Arts, Sciences, Etc Courier Corporation

Entertaining, immediately usable typefaces include Rocky Horror, Roughneck, Marker Magic, more. All have uppercase alphabets; many contain punctuation marks, lowercase letters, and numerals.

Copperplate Calligraphy Courier Corporation

Traces the history of Western calligraphy, demonstrates various scripts, and shows manuscripts and inscriptions from the past

The Rural New-Yorker Courier Corporation

No need for copper or plates to achieve the distinctive calligraphic script of eighteenth-century Europe — just a pen, ink, and this comprehensive workbook will do. Master calligrapher Dick Jackson explains the basic strokes for almost all letters of the copperplate alphabet. Simple instructions and examples introduce the swirls, flourishes, strikings, and thick and thin strokes that make copperplate calligraphy a source of pleasure for the practitioner and a delight to the reader. A historical introduction traces the growth of copperplate from its roots in the French ronde of the seventeenth century, to its adaptation by English clerks into their copybooks, and the development of the style known as round hand. In addition, guide sheets and instructions for individual letters and numbers offer aspiring calligraphers a practical approach to this enduring art form.

3-D and Shaded Alphabets DK Publishing (Dorling Kindersley)

100 royalty-free alphabets: Blackstone, Dolbey, Germania, 97 more — with many lowercases, numerals, punctuation marks.

The Solotype Catalog of 4,147 Display Typefaces New York : R.R. Bowker

Pioneering work by the great modernist painter, considered by many to be the father of abstract art and a leader in the movement to free art from traditional bonds. 12 illustrations.
