This best-selling text is more than a comprehensive introduction for the business writing course; it also serves as a post-college reference tool for students launching their careers. *Successful Writing at Work* is recognized for its abundance of realistic situations and problems, broad range of real-world examples, and detailed guidelines for drafting, editing, and producing professional documents and graphics. Technology coverage includes researching with electronic and online resources; writing for the web; creating visually effective web sites; using computer programs such as PowerPoint and Corel Draw to enhance oral presentations; and learning new technologies that continue to change the way people communicate in the workplace. Writing instruction covers how to prepare news releases in the chapter on Summarizing Material, and instructions for policies and regulations in the chapter on Writing Instructions. The Documenting Sources chapter features up-to-date coverage of MLA and APA documentation styles. Up-to-date, thought-provoking approaches to business writing include enhanced coverage of thinking globally and multiculturally when communicating in various business contexts and engaging new real-world examples that demonstrate the kinds of situations

students will face on the job.

Property Management Kit For Dummies

e-artnow

From the #1 bestselling author of "Rich Dad, Poor Dad" comes the ultimate guide to real estate--the advice and techniques every investor needs to navigate through the ups, downs, and in-betweens of the market.

Beautiful Disaster Entrepreneur Press

Just by reading and applying the easy-to-follow processes in *Making Money Through Buy-to-Let in South Africa*, you will realise that ordinary people can become extraordinary. This book explains why buy-to-let property investment is the only sensible opportunity to earn an inflation-linked, passive income for the rest of your life. It gives ordinary South Africans the hope that they might enjoy a financially secure retirement by building a substantial property portfolio, either when they start at a very young age or by supplementing their lifetime savings or pension pay-out at a later stage. *Making Money Through Buy-to-Let in South Africa* addresses all the questions would-be property investors would ask, including how to establish legal entities; determine which properties have the best return on investment; leverage other people's money and use very little of their own; obtain finance and register a bond; manage the transfer process; and select and manage the best tenants. *Making Money Through Buy-to-Let in South Africa* is written for the ordinary person, in everyday language, and guides you step by step through the entire process of property investment so that you, too, can become financially independent.

PROPERTY MANAGEMENT. Simon and Schuster

"Get paid for your pad" is the veritable blueprint on how to transform your home into a short-stay rental boon. Renting in the short-stay market, when done correctly, crushes the return from long-term tenants. Like hundreds of thousands of people, you can boost your profits by 2 to 3 times with the most well known short-stay marketplace in the world: Airbnb.

Introduction to Applied Linear Algebra CCH

Learn how to use R to turn raw data into insight, knowledge, and understanding. This book introduces you to R, RStudio, and the tidyverse, a collection of R packages designed to work together to make data science fast, fluent, and fun. Suitable for readers with no previous programming experience, R for Data Science is designed to get you doing data science as quickly as possible. Authors Hadley Wickham and Garrett Grolemund guide you through the steps of importing, wrangling, exploring, and modeling your data and communicating the results. You'll get a complete, big-picture understanding of the data science cycle, along with basic tools you need to manage the details. Each section of the book is paired with exercises to help you practice what you've learned along the way. You'll learn how to: Wrangle—transform your datasets into a form convenient for analysis Program—learn powerful R tools for solving data problems with greater clarity and ease Explore—examine your data, generate hypotheses, and quickly test them Model—provide a low-dimensional summary that captures true "signals" in your dataset Communicate—learn R Markdown for integrating prose, code, and results

Journal of Property Management
"O'Reilly Media, Inc."

The purpose of this manual is to provide clear and helpful information for maintaining gravel roads. Very little technical help is available to small agencies that are responsible for managing these roads. Gravel road maintenance has traditionally been "more of an art than a science" and very few formal standards exist. This manual contains guidelines to help answer the questions that arise concerning gravel road maintenance such as: What is enough surface crown? What is too much? What causes corrugation? The information is as nontechnical as possible without sacrificing clear guidelines and instructions on how to do the job right.

Ask a Manager Gray Rabbit Publishing
Discover how to be a landlord with ease Thinking about becoming a landlord? Property Management Kit For Dummies gives you proven strategies for establishing and maintaining rental properties, whether a single family or multi-resident unit. You'll find out how to prepare and promote your properties, select tenants, handle repairs, avoid costly mistakes and legal missteps—and meet your long-term goals. Now you can find out if you really have what it takes to successfully manage a rental property, and you'll learn all about the various options for hiring someone else to manage your property for you. You'll find out the right way to prepare your properties for prospective tenants, set the rent and security deposit, clean up properties between tenants, and verify rental applications. In no time at all, you can become a top-notch property manager by working efficiently with employees and contractors to keep your properties safe and secure. Manage your

time and money wisely Acquire a property and prepare it for tenants Make your property stand out and attract tenants Keep good tenants and get rid of bad ones Collect and increase rent Evaluate the different types of insurance and understand income and property taxes Complete with lists of ten reasons to become a rental property owner, ten ways to rent your vacancy, and the ten biggest mistakes a landlord can make, Property Management Kit For Dummies helps you achieve your dream of being a successful residential rental property owner. CD-ROM and other supplementary materials are not included as part of the e-book file, but are available for download after purchase.

Property Management Kit For Dummies IntraWEB, LLC and Claitor's Law Publishing

Before you put that FOR RENT sign in the yard, read this Hello there, future landlord. You've found what you're looking for—a complete package of information and resources to teach you what you need to know and make your life (and your tenants' lives) easier. With Property Management Kit For Dummies, you can learn how to manage single-family homes, large apartment buildings, treehouses, dollhouses... okay, there's not much info here on managing dollhouses, but everything else is definitely covered. Find good tenants, move them in, and keep them happy and paying rent on time. When it comes time for a change, learn how to move tenants out and turn over the property, easy as pie. This book makes it simple to understand tax and insurance requirements, building maintenance concerns, and financial record keeping. Plus, the updated edition reflects the current rental property boom, new

technologies, changes to the law, and the inside scoop on the latest Fair Housing issues to keep you out of court. Emotional support animals? Rent control? Bed bugs? Eviction? It's all in here. Find out whether property management is right for you, learn what you need to get started, and be successful as your residential rental property portfolio grows Get your ducks in a row—develop solid marketing and advertising strategies and resources, build up-to-date rental contracts, figure out the legal side of things, and minimize your income and property tax bills Make sure you're renting to responsible people, and deal with the occasional problem tenant without major drama Maximize your cash flow by keeping your rents at market prices, efficiently handling maintenance, and ensuring your property has great curb appeal with the features and benefits sought by today's tenants Become a top-notch property manager with this one-and-done reference, plus online bonus materials.

Start Your Own Travel Hosting Business McClelland & Stewart

The significantly expanded and updated new edition of a widely used text on reinforcement learning, one of the most active research areas in artificial intelligence. Reinforcement learning, one of the most active research areas in artificial intelligence, is a computational approach to learning whereby an agent tries to maximize the total amount of reward it receives while interacting with a complex, uncertain environment. In Reinforcement Learning, Richard Sutton and Andrew Barto provide a clear and simple account of the field's key ideas and algorithms. This second edition has been significantly expanded and updated, presenting new topics and

updating coverage of other topics. Like the first edition, this second edition focuses on core online learning algorithms, with the more mathematical material set off in shaded boxes. Part I covers as much of reinforcement learning as possible without going beyond the tabular case for which exact solutions can be found. Many algorithms presented in this part are new to the second edition, including UCB, Expected Sarsa, and Double Learning. Part II extends these ideas to function approximation, with new sections on such topics as artificial neural networks and the Fourier basis, and offers expanded treatment of off-policy learning and policy-gradient methods. Part III has new chapters on reinforcement learning's relationships to psychology and neuroscience, as well as an updated case-studies chapter including AlphaGo and AlphaGo Zero, Atari game playing, and IBM Watson's wagering strategy. The final chapter discusses the future societal impacts of reinforcement learning.

Retire Rich with Rentals John Wiley & Sons

This new, single-volume resource provides the most complete guidance available for analyzing the cost and pricing aspects of federal government contracts--so you can propose and negotiate appropriate prices and win contracts. The practical Contract Pricing Reference Guide reference combines five manuals into a single source, covering: Price Analysis Quantitative Techniques for Contract Pricing Cost Analysis Advanced Issues in Contract Pricing And Federal Contract Negotiation Techniques Determine the Proper Pricing to Win Government Business Throughout these pages, you will find highly detailed explanations of how the government

It is a practical business tool to help you acquire government contract business--and it brings all the most valuable pricing information together in an easy-access, single-volume resource that puts everything you need literally right in front of you. No other resource delivers all of this together in one place, making it the most convenient way to obtain the most vital information on pricing government contracts.

Introduction to Information

Retrieval Ballantine Books

Utopia is a work of fiction and socio-political satire by Thomas More published in 1516 in Latin. The book is a frame narrative primarily depicting a fictional island society and its religious, social and political customs. Many aspects of More's description of Utopia are reminiscent of life in monasteries. *Contract Pricing Reference Guides* Government Printing Office Before the 99% occupied Wall Street... Before the concept of social justice had impinged on the social conscience... Before the social safety net had even been conceived... By the turn of the 20th

Century, the era of the robber barons, Andrew Carnegie (1835-1919) had already accumulated a staggeringly large fortune; he was one of the wealthiest people on the globe. He guaranteed his position as one of the wealthiest men ever when he sold his steel business to create the United States Steel Corporation. Following that sale, he spent his last 18 years, he gave away nearly 90% of his fortune to charities, foundations, and universities. His charitable efforts actually started far earlier. At the age of 33, he wrote a memo to himself, noting ..".The amassing of wealth is one of the worse species of idolatry. No idol more debasing than the worship of money." In 1881, he gave a library to his hometown of Dunfermline, Scotland. In 1889, he spelled out his belief that the rich should use their wealth to help enrich society, in an article called "The Gospel of Wealth" this book. Carnegie writes that the best way of dealing with wealth inequality is for the wealthy to redistribute their surplus means in a responsible and thoughtful manner, arguing that surplus wealth produces the greatest net benefit to society when it is administered carefully by the wealthy. He also argues against extravagance, irresponsible spending, or self-indulgence, instead promoting the administration of capital during one's lifetime toward the cause of reducing the stratification between the rich and poor. Though written more than a century ago, Carnegie's words still ring true today, urging a better, more equitable world through greater social consciousness.

Gravel Roads MIT Press

Many baby boomers and working professionals dream of a comfortable (or even early) retirement, but have found most investment choices to be too time-

consuming, too risky, or providing too meager of a return. In *Retire Rich from Rentals*, professional real estate investor Kathy Fettke will show you how to fund your retirement on passive income from real estate. Cash flow IS possible! By following Kathy's process for choosing markets, finding deals, and restructuring your portfolio, you can grow your passive income - without toilets, tenants, or getting your hands dirty. In *Retire Rich from Rentals*, you will learn: * Why real estate is the highest leverage investment strategy * Little known strategies for growing your retirement funds faster by deferring taxes * Hands-free and stress-free property management * How to build a \$1,000,000+ real estate portfolio *Retire Rich from Rentals* is a step-by-step plan for building and securing your wealth so you have money and the freedom to live life on your own terms! "We invested in 6 properties so far, and the income pays for two kids in college. Once they are out of college, it will convert to retirement income." ~Stephanie Hahn "If you wish to maximize your leverage, use other people's money, and work with the best, become a Real Wealth Network member, and create lifelong wealth." ~Kathy Stewart "Now all I do is wait for my monthly e-mails regarding my online property management statements and double check my bank accounts to confirm the cash flow. Thank you very much! I am now on the hunt for additional investment opportunities."

~Ben Shatto

The Architecture of Happiness

National Academies Press

Bestselling author Alain de Botton considers how our private homes and public edifices influence how we feel, and how we could build dwellings in which we would stand a better chance of

happiness. In this witty, erudite look at how we shape, and are shaped by, our surroundings, Alain de Botton applies Stendhal's motto that "Beauty is the promise of happiness" to the spaces we inhabit daily. Why should we pay attention to what architecture has to say to us? de Botton asks provocatively. With his trademark lucidity and humour, de Botton traces how human needs and desires have been served by styles of architecture, from stately Classical to minimalist Modern, arguing that the stylistic choices of a society can represent both its cherished ideals and the qualities it desperately lacks. On an individual level, de Botton has deep sympathy for our need to see our selves reflected in our surroundings; he demonstrates with great wisdom how buildings — just like friends — can serve as guardians of our identity. Worrying about the shape of our sofa or the colour of our walls might seem self-indulgent, but de Botton considers the hopes and fears we have for our homes at a new level of depth and insight. When shopping for furniture or remodelling the kitchen, we don't just consider functionality but also the major questions of aesthetics and the philosophy of art: What is beauty? Can beautiful surroundings make us good? Can beauty bring happiness? The buildings we find beautiful, de Botton concludes, are those that represent our ideas of a meaningful life. The *Architecture of Happiness* marks a return to what Alain does best — taking on a subject whose allure is at once tantalizing and a little forbidding and offering to readers a completely beguiling and original exploration of the subject. As he did with Proust, philosophy, and travel, now he does with architecture.

Reinforcement Learning, second edition
John Wiley & Sons

From the creator of the popular website Ask a Manager and New York's work-advice columnist comes a witty, practical guide to 200 difficult professional conversations—featuring all-new advice! There's a reason Alison Green has been called "the Dear Abby of the work world." Ten years as a workplace-advice columnist have taught her that people avoid awkward conversations in the office because they simply don't know what to say. Thankfully, Green does—and in this incredibly helpful book, she tackles the tough discussions you may need to have during your career. You'll learn what to say when • coworkers push their work on you—then take credit for it • you accidentally trash-talk someone in an email then hit "reply all" • you're being micromanaged—or not being managed at all • you catch a colleague in a lie • your boss seems unhappy with your work • your cubemate's loud speakerphone is making you homicidal • you got drunk at the holiday party Praise for Ask a Manager "A must-read for anyone who works . . . [Alison Green's] advice boils down to the idea that you should be professional (even when others are not) and that communicating in a straightforward manner with candor and kindness will get you far, no matter where you work."—Booklist (starred review) "The author's friendly, warm, non-sense writing is a pleasure to read, and her advice can be widely applied to relationships in all areas of readers' lives. Ideal for anyone new to the job market or new to management, or anyone hoping to improve their work experience."—Library Journal (starred review) "I am a huge fan of Alison Green's Ask a Manager column. This

book is even better. It teaches us how to deal with many of the most vexing big and little problems in our workplaces—and to do so with grace, confidence, and a sense of humor.”—Robert Sutton, Stanford professor and author of *The No Asshole Rule* and *The Asshole Survival Guide*

“Ask a Manager is the ultimate playbook for navigating the traditional workforce in a diplomatic but firm way.”—Erin Lowry, author of *Broke Millennial: Stop Scraping By* and *Get Your Financial Life Together*

Get Paid for Your Pad National Academies Press

Strengthen programs of family and community engagement to promote equity and increase student success! When schools, families, and communities collaborate and share responsibility for students' education, more students succeed in school. Based on 30 years of research and fieldwork, the fourth edition of the bestseller *School, Family, and Community Partnerships: Your Handbook for Action*, presents tools and guidelines to help develop more effective and more equitable programs of family and community engagement. Written by a team of well-known experts, it provides a theory and framework of six types of involvement for action; up-to-date research on school, family, and community collaboration; and new materials for professional development and on-going technical assistance. Readers also will find: Examples of best practices on the six types of involvement from preschools, and elementary, middle, and high schools Checklists, templates, and evaluations to plan goal-linked partnership programs and assess progress CD-ROM with slides and notes for two presentations: A new awareness session to orient colleagues on the major

components of a research-based partnership program, and a full One-Day Team Training Workshop to prepare school teams to develop their partnership programs. As a foundational text, this handbook demonstrates a proven approach to implement and sustain inclusive, goal-linked programs of partnership. It shows how a good partnership program is an essential component of good school organization and school improvement for student success. This book will help every district and all schools strengthen and continually improve their programs of family and community engagement.

[Strengthening Forensic Science in the United States](#) Corwin Press

GET PAID FOR YOUR PAD An ever-growing number of travelers are searching for more convenient and low-cost accommodation alternatives, as opposed to staying at traditional hotels. As a result, online-based services like Airbnb, FlipKey, HomeAway, Roomorama, and VRBO are making it easy for you to list extra bedrooms or your entire home, condo, or apartment, as a short-term rental option for travelers. *Start Your Own Travel Hosting Business* will help you make intelligent renting decisions, take appropriate actions and precautions, and deal with realistic expectations while protecting yourself, your property, and your personal belongings. It will help you quickly acquire the core knowledge you need to become a successful travel host and teach you how to:

- Prepare your property, maximize amenities, and create a house manual for your guests
- Create a listing that generates the highest possible revenue using tips from Superhosts
- Attract a constant flow of short-term renters and business travelers with the perfect nightly rate

Apply a variety of tools and resources that will make handling your responsibilities as a travel host easier and less time consuming • Interact with your guests, earn the best possible ratings and reviews, and avoid the most common pitfalls and mistakes made by first-time hosts • Calculate your expenses, understand your tax obligations, and generate the highest possible revenue You'll also gain valuable insight from in-depth and exclusive interviews with veteran Airbnb hosts and executives within the travel hosting industry. Whether you choose to rent through Airbnb, HomeSuite, Kid & Coe, or take your rentals to sea via Yachtico, this book will help you get started.

Fearless Salary Negotiation Nolo

Scores of talented and dedicated people serve the forensic science community, performing vitally important work. However, they are often constrained by lack of adequate resources, sound policies, and national support. It is clear that change and advancements, both systematic and scientific, are needed in a number of forensic science disciplines to ensure the reliability of work, establish enforceable standards, and promote best practices with consistent application. *Strengthening Forensic Science in the United States: A Path Forward* provides a detailed plan for addressing these needs and suggests the creation of a new government entity, the National Institute of Forensic Science, to establish and enforce standards within the forensic science community. The benefits of improving and regulating the forensic science disciplines are clear: assisting law enforcement officials, enhancing homeland security, and reducing the risk of wrongful conviction and exoneration.

Strengthening Forensic Science in the United States gives a full account of what is needed to advance the forensic science disciplines, including upgrading of systems and organizational structures, better training, widespread adoption of uniform and enforceable best practices, and mandatory certification and accreditation programs. While this book provides an essential call-to-action for congress and policy makers, it also serves as a vital tool for law enforcement agencies, criminal prosecutors and attorneys, and forensic science educators.

Code of Federal Regulations, Title 41, Public Contracts and Property Management, Chapter 201-End, Revised As of July 1 2012 Cambridge University Press

Every landlord--and property manager--should have this book, whether they have one unit or one hundred. All the legal and practical information they need to comply with their state's laws, get and keep good tenants, and avoid legal trouble is included. The disk contains all the necessary forms and agreements. Good in all 50 states.

Protect Your Family from Lead in Your Home McGraw-Hill Companies

Now a major motion picture! The "deliciously intense" (USA TODAY) New York Times bestselling phenomenon follows a good girl drawn to a very bad boy... The new Abby Abernathy is a good girl. She doesn't drink or swear and has the appropriate number of cardigans in her wardrobe. With the darkness of her past behind her, she believes her freshman year at college is the start of a new beginning. But then she meets Travis Maddox. Lean, cut, and covered in tattoos, Eastern University's Walking One-Night Stand is exactly what Abby needs to avoid. Intrigued by her

resistance to his appeal, Travis tricks her with a simple bet. If he loses, he must remain abstinent for a month. If Abby loses, she must live in his apartment for the same amount of time. Either way,

Travis has no idea that he has met his match in this “beautifully sexy, beautifully intense, and beautifully perfect” (Jessica Park, New York Times bestselling author).
