 An engaging biography of a living musical legend, Oscar Peterson. A man Duke Ellington once called the " maharajah of the piano." Gene Lees carefully builds up the portrait of Peterson, his childhood and what it meant to be black and talented in Montreal in the 1940s, his three marriages and six children, his musical partners (Ray Brown, Herb Ellis and Ed Thigpen), his musical friends and colleagues (Ella Fitzgerald, Dizzy Gillespie, Art Tatum and Lester Young, amongst others) and the critical controversy and mythology that have long surrounded Peterson. This updated version has a new chapter that covers Peterson's appointment as Chancellor of York University; his receipt of ten honorary doctorates and the Order of Canada; his

stroke and partial recovery; the origins and fallout of his cancelled North American tour and much more.

Jazz Changes is the late Martin Williams's third and perhaps best collection of jazz portraits, interviews, narrative accounts of recording sessions, rehearsals, and performances, important liner notes, and far reaching discussions of musicians and their music. The collection includes thirty years of

Williams's finest pieces taking readers on an engaging tour of the changing jazz world. There are appreciation-profiles and comments on such performers as Ross Russell--about the noted Dial Record sessions with Charlie Parker--and greats like John Coltrane, Billie Holiday, Jelly Roll Morton, Ornette Coleman, Dinah Washington, and Thelonious Monk. Williams also offers parodies of how jazz critics in 1965 might have assessed the Beatles, and reflections on the Ellington era. He concludes with an elegant plea for critics to pay attention to jazz history, always exhibiting his keen mind and gifted pen.

"Any book on my life would start with my basic philosophy of fighting racial prejudice. I loved jazz, and jazz was my way of doing that," Norman Granz told Tad Hershorn during the final interviews given for this book. Granz, who died in 2001, was iconoclastic, independent, immensely influential, often thoroughly unpleasant—and one of jazz's true giants. Granz played an essential part in bringing jazz to audiences around the world, defying racial and social prejudice as he did so, and demanding that African-American performers be treated equally everywhere they toured. In this definitive biography, Hershorn recounts Granz's story: creator of the legendary jam session concerts known as Jazz at the Philharmonic; founder of the Verve record label; pioneer of live recordings and worldwide jazz concert tours; manager and recording producer for numerous stars, including Ella Fitzgerald and Oscar Peterson.

Oscar Lives Next Door Bloomsbury Continuum

This comprehensive survey of jazz piano, beginning with a brief history of the instrument within the jazz tradition and concluding with interviews that present twenty-seven pianists in their own words, is both wonderfully anecdotal and a serious piece of jazz history. Lyons has assembled a giant concert of piano voices—Bill Evans, Herbie Hancock, Teddy Wilson, Oscar Peterson, Keith Jarrett, Randy Weston, Cecil Taylor, Horace Silver, Dave Brubeck, Sun Ra, McCoy Tyner, Toshiko Akiyoshi, Chick Corea, and many others. The pianists are candid, intense, and always opinionated. Yet their responses are infused with a keen appreciation for fellow musicians, their contemporaries, and those who came before—Walter, Tatum, Ellington. For pianists everywhere, whatever their individual style, this book will speak to and for you as it expresses the thoughts of its many great artists.

Jazz Times Shacor, Inc.

A fictional glimpse into famous jazz musician Oscar Peterson's youth Long before Oscar Peterson became a virtuoso jazz pianist, he was a boy who loved to play the trumpet. When childhood tuberculosis weakened his lungs, Oscar could no longer play his beloved instrument. He took up piano and the rest is history: Oscar went on to become an international jazz piano sensation. *Oscar Lives Next Door*, now available in paperback, is a fictional story inspired by these facts. The book imagines a next-door neighbor for Oscar named Millie, who gets into mischief with him but also appreciates his talents: Oscar hears music in everything, and Millie calls him a magician for the way he can coax melodies from his trumpet. Millie writes to Oscar during his long stay in the hospital for tuberculosis, and she encourages his earliest notes on the piano. Set in Oscar's true childhood neighborhood of St-Henri--now known as Little Burgundy--the book provides a wonderful sense of this 1930s neighborhood where much of Montreal's Black working class population lived. Detailed digital illustrations make the community's culture and music almost tangible. The book concludes with a page of informational text about the author's own connection to Little Burgundy and a short biography of the jazz legend.

For keyboard players of all levels. Fake books are used by professional musicians at cocktail lounges, weddings, and many other performing situation. They are invaluable because they contain a thousand or more songs in one compact volume. But in order to use them one must know how to look at a kind of musical shorthand--a skeleton of each song which gives only melody, lyrics and chord symbols--and "fake" a full accompaniment. Now, anyone can! This book will teach you how to play any chord symbol you will find in pop, jazz or rock; how to create stylish arrangements on your own; and how to sound like a "pro" even when reading sheet music for the first time. Topics include bass lines, counter-melodies, intros and endings, rhythmic patterns, and embellishing a melody.--From publisher description

Every Note Played Hal Leonard Corporation

From Grammy-winning musical icon and legendary bassist Victor L. Wooten comes an inspiring parable of music, life, and the difference between playing all the right notes...and feeling them. The Music Lesson is the story of a struggling young musician who wanted music to be his life, and who wanted his life to be great. Then, from nowhere it seemed, a teacher arrived. Part musical genius, part philosopher, part eccentric wise man, the teacher would guide the young musician on a spiritual journey, and teach him that the gifts we get from music mirror those from life, and every movement, phrase, and chord has its own meaning...All you have to do is find the song inside. "The best book on music (and its connection to the mystic laws of life) that I've ever read. I learned so much on every level."—Multiple Grammy Award-winning saxophonist Michael Brecker
