Martin's Game of Thrones series, Glass Sword is the high-stakes follow up to the #1 New York Times bestselling Red Queen. Mare Barrow's blood is red—the color of common folk—but her Silver ability, the power to control

lightning, has turned her into a weapon that the royal court tries to control. The crown calls her an impossibility, a fake, but as she makes her escape from Maven, the prince—the friend—who betrayed her, Mare uncovers something startling: she is not the only one of her kind. Pursued by Maven, now a vindictive king, Mare sets out to find and recruit other Red-and-Silver fighters to join in the struggle against her oppressors. But Mare finds herself on a deadly

path, at risk of becoming exactly the kind of monster she is trying to defeat. Will she shatter under the weight of the lives that are the cost of rebellion? Or have treachery and betrayal hardened her forever? And don't miss Broken Throne: A Red Queen Collection, featuring three brand-new novellas and other exclusive content, coming in April!

Imagine, Design, Create offers a wide-ranging look at how the creative process and the tools of design are dramatically changing--and where design is headed in the coming years. Bringing together stories of good design happening around the world, the book shows how people are using fresh design approaches

and new capabilities to solve problems, create opportunities, and improve the way we live and work. From the impact of SOM's Cathedral of Christ the Light in Oakland to the spark that inspired Thomas Heatherwick's U.K. Pavilion in Shanghai; from the new processes fueling Zaha Hadid's extraordinary architecture to the digital tools Ford is using to transform car design, each of these stories explores questions that swirl around the idea of design. How does

design change our lives for the better? How is our capacity to produce good design evolving? How will the next generation of designers work? What will they make? What new areas of human experience is design opening for us? Now that designers can do almost anything--what should they do? The Publisher has two cover versions for this title. The books will ship with either a black or white cover. The interior contents are the same. LEGO NEXO KNIGHTS Character Encyclopedia

 In the wake of the Dropsite Massacre at Isstvan V, the survivors of the Salamanders Legion searched long and hard for their fallen primarch, but to no avail. Little did they know that while Vulkan might have wished himself dead, he lives still. As the war continues without him, all eyes turn to Ultramar and Guilliman's new empire there, and Vulkan's sons are drawn into an insidious plot to end the Heresy by the most underhand means

imaginable.

An adult LEGO fan's dual quest: to build with bricks and build a family. There are 62 LEGO bricks for every person in the world, and at age 30, Jonathan Bender realized that he didn't have a single one of them. While reconsidering his childhood dream of becoming a master model builder for The LEGO Group, he discovers the men and women who are skewing the averages with collections of

hundreds of thousands of LEGO bricks. What is it about the ubiquitous, brightly colored toys that makes them so hard for everyone to put down? In search of answers and adventure, Jonathan Bender sets out to explore the quirky world of adult fans of LEGO (AFOLs) while becoming a builder himself. As he participates in challenges at fan conventions, searches for the largest private collection in the United States, and visits LEGO headquarters (where he was allowed into the top

secret set vault), he finds his LEGO journey twinned with a second creative endeavor—to have a child. His two worlds intertwine as he awaits the outcome: Will he win a build competition or bring a new fan of LEGO into the world? Like every really good love story, this one has surprises—and a happy ending. Explores the world of adult fans of LEGO, from rediscovering the childhood joys of building with LEGO to evaluating LEGO's place in culture and art. Takes an inside look at LEGO

conventions, community taboos, and build challenges and goes behind-the-scenes at LEGO headquarters and LEGOLAND Tells a warm and personal story about the attempt to build with LEGO and build a family Whether you're an avid LEGO freak or a onetime fan who now shares LEGO bricks with your children, this book will appeal to the inner builder in you and reignite a love for all things LEGO.
