 Ambitious teaching requires ambitious coaching. Over a decade ago, the National Council of Teachers of Mathematics (NCTM) and Corwin co-published the modern classic, *5 Practices for Orchestrating Productive Mathematics Discussions*, aimed at guiding teachers to improve the quality of mathematics discussions in their classrooms and create an equitable learning environment for students. The bestselling series, *The 5 Practices in Practice* series, followed to further explore the five practices within grade bands, empowering teachers to overcome challenges in orchestrating mathematics discussions. And now, esteemed mathematics expert Peg Smith and her author team, take the 5 practices to the next level with *Coaching the 5 Practices*. Written for coaches, instructional leaders, professional developers, and teacher educators, *Coaching the 5 Practices: Supporting Mathematics Teachers in Orchestrating Productive Discussions* will be the lynchpin to supporting teachers who are committed to engaging students in productive discussions in mathematics classrooms. The book introduces a coaching model that creates opportunities for teacher learning through one-on-one interactions with a coach. This model focuses on the specific challenges teachers face and opportunities they can lean into as they are learning to support productive mathematics discussions around the 5 practices of anticipating, monitoring, selecting, sequencing, and connecting (as well as Practice 0 of setting goals and selecting tasks). Through three phases of a coaching cycle—before a lesson, during a lesson, and after a lesson, this coaching model focuses on ambitious teaching in mathematics, aiming to ensure that every student succeeds in high-quality academic work. Follows iterative cycles of various touchpoints between the coach and a teacher. Emphasizes what a coach needs to do to support teacher learning throughout the cycle. With narrative examples and vignettes, lesson plans, pre-lesson and post-lesson conference plans, and other artifacts collected from real coaching sessions and classrooms, *Coaching the 5 Practices* is a valuable resource for education professionals who work with teachers to improve the quality of mathematics instruction. Through the efforts of *Coaching the 5 Practices*, teachers will continue to refine their craft and become increasingly more skilled at implementing the 5 practices in ways that support the learning of each and every student.

 "Believe in the unexpected" with this hilarious, heartwarming, and much-anticipated sequel to the New York Times bestseller *The Fourteenth Goldfish*! Ellie's grandpa Melvin is a world-renowned scientist . . . in the body of a fourteen-year-old boy. His feet stink, and he eats everything in the refrigerator--and Ellie is so happy to have him around. Grandpa may not exactly fit in at middle school, but he certainly keeps things interesting. When he and Ellie team up for the county science fair, no one realizes just how groundbreaking their experiment will be. The formula for eternal youth may be within their reach! And when Ellie's cat, Jonas Salk, gets sick, the stakes become even higher. But is the key to eternal life really the key to happiness? Sometimes even the most careful experiments yield unexpected--and wonderful--results.

 Sometimes, when you need a change in your life, the tide just happens to pull you in the right direction... Ellis, Julia, and Dorie. Best friends since Catholic grade school, they now find themselves, in their mid-thirties, at the crossroads of life and love. Ellis, recently fired from a job she gave everything to, is rudderless and now beginning to question the choices she's made over the past decade of her life. Julia--whose caustic wit covers up her wounds--has a man who loves her and is offering her the world, but she can't hide from how deeply insecure she feels about her looks, her brains, her life. And Dorie has just been shockingly betrayed by the man she loved and trusted the most in the world...though this is just the tip of the iceberg of her problems and secrets. A month in North Carolina's Outer Banks is just what they each of them needs. Ty Bazemore is their landlord, though he's hanging on to the rambling old beach house by a thin thread. After an inauspicious first meeting with Ellis, the two find themselves disturbingly attracted to one another, even as Ty is about to lose everything he's ever cared about. Maryn Shackleford is a stranger, and a woman on the run. Maryn needs just a few things in life: no questions, a good hiding place, and a new identity. Ellis, Julia, and Dorie can provide what Maryn wants; can they also provide what she needs? Mary Kay Andrews' novel is the story of five people questioning everything they ever thought they knew about life. Five people on a journey that will uncover their secrets and point them on the path to forgiveness. Five people who each need a sea change, and one month in a summer rental that might just give it to them. *Summer Rental* is one of Library Journal's Best Women's Fiction Books of 2011

 Pull up a lounge chair and have a cocktail at Sunset Beach - it comes with a twist. Drue Campbell's life is adrift. Out of a job and down on her luck, life doesn't seem to be getting any better when her estranged father, Brice Campbell, a flamboyant personal injury attorney, shows up at her mother's funeral after a twenty-

year absence. Worse, he's remarried - to Drue's eighth grade frenemy, Wendy, now his office manager. And they're offering her a job. It seems like the job from hell, but the offer is sweetened by the news of her inheritance - her grandparents' beach bungalow in the sleepy town of Sunset Beach, a charming but storm-damaged eyesore now surrounded by waterfront McMansions. With no other prospects, Drue begrudgingly joins the firm, spending her days screening out the grifters whose phone calls flood the law office. Working with Wendy is no picnic either. But when a suspicious death at an exclusive beach resort nearby exposes possible corruption at her father's firm, she goes from unwilling cubicle rat to unwitting investigator, and is drawn into a case that may - or may not - involve her father. With an office romance building, a decades-old missing persons case re-opened, and a cottage in rehab, one thing is for sure at Sunset Beach: there's a storm on the horizon. *Sunset Beach* is a compelling ride, full of Mary Kay Andrews' signature wit, heart, and charm.

 NEW YORK TIMES BESTSELLER • A candid and moving memoir of how one woman's pregnancy forced her to confront her definition of how to live a successful life "Slyly ironic, frequently hilarious, [Martha] Beck's memoir charts the journey from being smart to becoming wise."—Time This edition includes a new afterword about Adam. From the moment Martha and her husband, John, accidentally conceived their second child, all hell broke loose. They were a couple obsessed with success. After years of matching IQs and test scores with less driven peers, they had two Harvard degrees apiece and were gunning for more. They'd plotted out a future in the most vaunted ivory tower of academe. But when their unborn son, Adam, was diagnosed with Down syndrome, doctors, advisers, and friends in the Harvard community warned them that if they decided to keep the baby, they would lose all hope of achieving their carefully crafted goals. Fortunately, that's exactly what happened. By the time Adam was born, Martha and John were propelled into a world in which they were forced to redefine everything of value to them, put all their faith in miracles, and trust that they could fly without a net. And it worked. *Expecting Adam* captures the abject terror and exhilarating freedom of facing impending parenthood, being forced to question one's deepest beliefs, and rewriting life's rules.

 My Father-in-law, a retired general contractor, always tells people, when asked about his career that he was a fighter. They look at him for a second imagining UFC or professional boxing, and then he says, "I was a general contractor. I had to fight to get work, fight to do the work, and then fight to get paid; I was a fighter." How true, contracting is not for the lighthearted! There are three legs to the construction business, getting the work, doing the work, and keeping score. Just like a three-legged stool, each leg is

equally crucial for operating a successful construction business. Estimate, Guess, or Promise is a proven method for not only getting work, but doing it, and keeping score.

After she discovers her sister Tanya dead on the floor of her fashionable New York City townhouse, Letty Carnahan is certain she knows who did it: Tanya's ex; sleazy real estate entrepreneur Evan Wingfield. Even in the grip of grief and panic Letty heeds her late sister's warnings: "If anything bad happens to me—it's Evan. Promise me you'll take Maya and run. Promise me." With a trunkful of emotional baggage... So Letty grabs her sister's Mercedes and hits the road with her wailing four-year-old niece Maya. Letty is determined to out-run Evan and the law, but run to where? Tanya, a woman with a past shrouded in secrets, left behind a "go-bag" of cash and a big honking diamond ring—but only one clue: a faded magazine story about a sleepy mom-and-pop motel in a Florida beach town with the improbable name of Treasure Island. She sheds her old life and checks into an uncertain future at The Murmuring Surf Motel. The No Vacancy sign is flashing & the sharks are circling... And that's the good news. Because The Surf, as the regulars call it, is the winter home of a close-knit flock of retirees and snowbirds who regard this odd-duck newcomer with suspicion and down-right hostility. As Letty settles into the motel's former storage room, she tries to

heal Maya's heartache and unravel the key to her sister's shady past, all while dodging the attention of the owner's dangerously attractive son Joe, who just happens to be a local police detective. Can Letty find romance as well as a room at the inn—or will Joe betray her secrets and put her behind bars? With danger closing in, it's a race to find the truth and right the wrongs of the past.

An incisive collection of essays by the editor of the *London Review of Books*, whom Hilary Mantel has called "a presiding genius" Mary-Kay Wilmers cofounded the *London Review of Books* in 1979, and has been its sole editor since 1992. Her editorial life began long before that: she started at Faber and Faber in the time of T. S. Eliot, then worked at the *Listener*, and then at the *Times Literary Supplement*. As John Lanchester says in his introduction, she has been extracting literary works from reluctant writers for more than fifty years. As well as an editor, Mary-Kay Wilmers is, and has been throughout her career, a writer. The deeply considered pieces in *Human Relations and Other Difficulties*, whether on Jean Rhys, Alice James, a nineteenth-century edition of the Pears' Cyclopaedia, novel reviewing, Joan Didion, mistresses, seduction, or her own experience of parenthood, are sparkling, funny, and absorbing. Underlying all these essays is a concern with the relation between the genders: the effect men have on women, and the ways in which men limit and frame women's lives. Wilmers holds these patterns up to cool scrutiny, and gives a crisp and sometimes cutting insight into the hard work of being a woman.
