Value Edition Prentice Hall

Introduce your students to the impact
and importance of managerial finance in
business today with the latest edition of
Besley/Brigham's leading Essentials of
Managerial Finance. This edition's 18-
chapter length makes it an ideal choice
for covering all the topics you need in
your introductory finance course,
including accounting statements,

security markets, interest rates, taxes,
risk analysis, time value of money, and
the basics of security valuation. As
practical as it is thorough, ESSENTIALS
OF MANAGERIAL FINANCE, 14e is
organized for success with a reordered
table of contents that pulls concepts
students need to know to the forefront.
Clear, concise, and proven pedagogy
from this prestigious author team offers
an exceptional blend of theoretical and
applied material with actual industry
examples that show how financial
principles work within businesses
throughout the world. You can introduce
significant topics of growing importance
in business today, such as multinational
finance and resolving ethical dilemma,
while challenging your students' critical
thinking skills. An emphasis on Excel and

use of financial calculators helps prepare your students to use these important tools, while strong end-of-chapter practice, self-tests, fresh chapter summaries, and intriguing chapter opening vignettes connect managerial finance principles to today's business world and ensure understanding. Thomson ONE: Business School Edition, coordinated with the text, gives students access to the same research tools financial professionals use every day. This edition's comprehensive support package is further strengthened with the innovative new CengageNOW online course management and learning system that saves you time in preparation and teaching, while offering personalized study and multimedia support to ensure student

understanding. Important Notice: Media content referenced within the product description or the product text may not be available in the ebook version. Principles of Managerial Finance Addison-Wesley Longman Once again, Principles of Managerial Finance brings you a user friendly text with strong pedagogical features and an easy-to-understand writing style. The new edition continues to provide a proven learning system that integrates pedagogy with concepts and practical applications, making it the perfect learning tool for today's students. The book concentrates on the concepts, techniques and practices that are needed to make key financial decisions in an increasingly competitive business environment. Not only does this text

provide a strong basis for further studies of Managerial Finance, but it also incorporates a personal finance perspective. The effect is that students gain a greater understanding of finance as a whole and how it affects their day-to-day lives; it answers the question “Why does finance matter to ME?” By providing a balance of managerial and personal finance perspectives, clear exposition, comprehensive content, and a broad range of support resources, Principles of Managerial Finance will continue to be the preferred choice for many introductory finance courses.

Principles of Managerial Finance Prentice Hall

This title includes topics such as multinational finance and small business issues. The new edition has also

incorporated ethical dilemma discussions throughout the text.
