De Leyde, duquel aucune
révélation, dans le
domaine de l'information
historique, n'était à
attendre, pour ne
s'attacher qu'au premier
groupe, à celui qui couvre
la période 1649-1658. Car
ces dix années-là corres-
pondent à la seconde
moitié, et même
davantage (dix années
sur dix huit) de la longue
et fâcheuse lacune que
présente le
{laquo}manuscrit Sainte-

dix-sept lettres, pour la
plupart assez étendues,
régulièrement réparties
sur une période de dix

ans, représentent un
contenu informatif non
négligeable. Et leur valeur
s'accroît si l'on songe
qu'elles sont presque tout
ce qui subsiste, et qui soit
actuellement connu,
d'une production
épistolaire perdue qui dut
atteindre, en dix-huit ans
(1641-1658), quelque
deux mille unités.
Pourtant leur intérêt

austerity policies and the protests they have generated have had a deep impact on the shape of contemporary politics. The stunning electoral successes of SYRIZA in Greece, Podemos in Spain and the Movimento 5 Stelle (M5S) in Italy, alongside the quest for a more radical left in countries such as the UK and the US, bear witness to a new wave of parties that draws inspiration and strength from social movements. The rise of movement parties challenges simplistic expectations of a growing separation between institutional and contentious politics and the decline of the left. Their return demands attention as a way of understanding both contemporary socio-political dynamics and the fundamentals of political parties and representation. Bridging social movement and party politics studies, within a broad concern with democratic theories, this volume presents new empirical evidence and conceptual insight into these topical socio-political phenomena, within a cross-national comparative perspective.  Large areas of crops are
 now grown under water-
 stressed conditions on
 non-irrigated and and
 under limited irrigation in
 semi-arid and arid
 regions. In the future, this
 area of water-stressed
 crops will increase as a
 result of increasing
 competition from other
 water users, declining

ground water levels, and
 the bringing into
 production of fragile lands
 that have low water-
 holding capacity, such as
 sandy desert soils.
 Consequently, strategies
 and practices to increase
 total yields and efficient
 water use must be
 improved. After the
 introductory material and
 keynotes, the book is
 divided into four parts.
 Part I covers soil water
 management, Part II deals
 with model approaches to
 evaluate the soil-water-
 atmosphere interactions,
 Part III treats water saving
 techniques through soil
 conditioning, and Part IV
 discusses case studies of
 water management
 systems. Water Saving
 Techniques for Plant
 Growth thus represents a
 general account of
 interest and activities of
 the various scientific
 disciplines which are
 concerned in desert
 encroachment as part of
 global change.

 OUTLINE
 When the United Nations
 undertook the publication
 of the Reports of
 International Arbitral
 Awards, the 'Pasicrisie
 internationale' was
 identified as one of the
 rare truly general
 collections of international

case law in existence. In
 fact, in deciding to publish
 the arbitration clauses
 and arbitral awards from
 1794 to 1900, Henri La
 Fontaine was doing
 pioneering work,
 foreshadowing the famous
 Reports by half a century.
 As we near the end of the
 century, the 'Pasicrisie
 internationale' remains
 just as pertinent as it was
 when first published in
 1902. This collection of
 arbitral awards, with its
 modest appearance, has
 certainly contributed
 more to the development
 of international arbitration
 case law than any number
 of lyrical speeches
 advocating peace through
 law. First edition printed
 in 1902 by Stämpfli, Bern.
 Lorsque l'Organisation des
 Nations Unies entreprit la
 publication de son Recueil
 des sentences arbitrales,
 elle identifia la Pasicrisie
 internationale comme
 constituant l'une des
 rares véritables
 collections générales de
 jurisprudence
 internationale
 préexistantes. De fait, en
 décidant de rassembler
 les clauses
 compromissoires et les
 sentences arbitrales de
 1794 à1900, Henri La
 Fontaine avait fait oeuvre
 de pionnier et il
 préfigurait, avec un demi-
 siècle d'avance, le célèbre

Recueil. En cette fin de siècle, la Pasicrisie internationale constitue donc un outil de travail toujours aussi actuel que lors de sa publication en 1902. Cette compilation de sentences arbitrales, d'apparence modeste, a certainement plus contribué au développement de la jurisprudence arbitrale internationale que bien des discours lyriques prônant la paix par le droit. Première édition imprimée en 1902 par Stämpfli, Berne.

every treaty and international agreement registered or filed and recorded with the Secretariat since 1946 is published in the United Nations Treaty Series. At present, the collection includes about 30,000 treaties reproduced in their authentic languages, together with translations into English and French, as necessary. The Treaty Series, where treaties are published in the chronological order of registration, also provides details about their subsequent history (i.e., participation in a treaty, reservations, amendments, termination, etc.). Comprehensive Indices covering 50-volume-lots are published separately. **Statutes at Large ...: (43 v.) ... From Magna charta to 1800** BRILL This Liber Amicorum is published at the occasion of Judge Lucius Caflisch's retirement from a distinguished teaching career at the Graduate Institute of International Studies of Geneva, where he served as Professor of International Law for more than three decades, and where he has also held the position of Director. It was written by his colleagues and friends, from the European Court

of Human Rights, from universities all around the world, from the Swiss Foreign Affairs Ministry and many other national and international institutions. The Liber Amicorum Lucius Caflisch covers different fields in which Judge Caflisch has excelled in his various capacities, as scholar, representative of Switzerland in international conferences, legal adviser of the Swiss Foreign Affairs Ministry, counsel, registrar, arbitrator and judge. This collective work is divided into three main sections. The first section examines questions concerning human rights and international humanitarian law. The second section is devoted to the international law of spaces, including matters regarding the law of the sea, international waterways, Antarctica, and boundary and territorial issues. The third section addresses issues related to the peaceful settlement of disputes, both generally and with regard to any particular means of settlement. The contributions are in both English and French. *BUDDHISM* Springer Science & Business Media The Oak Book of Southampton, of C.A.D.
