LAILA HINTON

The Rule of St Benedict Liturgical Press

This reflective commentary explores the Rule of St Benedict from the perspective of someone whose life and faith has been shaped by its gentle wisdom and realism. Its approach is personal and contemplative; it is written for all who seek to deepen their Christian understanding and discipleship.

[From the Tools of Good Works to the Heart of Humility](#) Sophia Institute Press

The Rule of St Benedict, which dates from the sixth century, is the foundation of monasticism, one of the oldest continuing institutions in all of Western civilization. The Rule not only defines life for men and women in monasteries, but has also become central to the spirituality of lay Christians across the globe. For communities and individuals alike, the text of the Rule is central. This first ever gender-neutral translation is true to the original text but provides an alternative for those who might prefer such a version over the masculine language of the original as it was written for St Benedict's monks, or as a text to read alongside Benedict's original.

How to Be a Monastic and Not Leave Your Day Job Penguin UK
 "A commentary on parts of the Rule of St. Benedict (prologue and chapters 53, 58, 72, and 73)"--Provided by publisher.

RB 1980 Liturgical Press

With the help of your own rule, you can get control of your household, grow closer to God, come to love your husband more, and raise up good Christian children.

Benedict's Rule Church Publishing, Inc.

Wise and enduring spiritual guidelines for everyday living -- as relevant today as when The Rule was originally conceived by St. Benedict in fifth century Rome.

The Encyclopaedia Britannica New City Press

A timeless source of wisdom for people looking to lead a life of simplicity, purpose, and serenity The Rule of St. Benedict has governed monastic communities for centuries, but it is far more than a standard religious text. The Rule is, above all, a handbook for living a deliberate life—no matter your religious background or beliefs. It teaches the importance of contemplation and silence, of solitude, and the power of community and unity. With lessons focusing on the simple acts of everyday life, like eating and daily work, along with wisdom for the deeply personal and internal facets of living, such as cultivating humility and practicing forgiveness, The Rule of St. Benedict is a profound guide to living a good and meaningful life. An award-winning translator, Philip Freeman's version of The Rule is beautifully accessible in its

language. With a simple and direct style, the book lays out a way of living that is transformative in its simplicity and striking in its power.

Wisdom from the Monastery Liturgical Press

For all who are on a spiritual journey or starting out on a search for meaning in their lives, there is a vast array of competing belief systems, therapies, and guides available. Above the noise and clamor of this busy marketplace, a centuries-old voice speaks words of invitation: Who is there with a love of true life and a longing for days of real fulfillment? If you should hear that call and answer 'I, ' this is the answer that you will receive from God. . . . So begins the ancient Rule of St. Benedict, written fifteen

hundred years ago as a simple manual for monks living in community together. Because of its gentle wisdom, realism, and depth, the Rule has always stretched beyond the walls of monasteries. Today, growing numbers of men and women are discovering that it can teach them something invaluable about themselves and how to live meaningful lives. *Wisdom from the Monastery* contains a contemporary translation of the Rule of St. Benedict and short reflections on the seven basic elements of Benedictine spirituality that are a tried and true recipe for healthy, balanced, and purposeful living. An ideal place to begin a lifetime of exploration and discovery, *Wisdom from the Monastery* is an excerpt from *The Benedictine Handbook*, also available from Liturgical Press.

The Rule of Saint Benedict Bloomsbury Publishing

Benedict's Rule: A Translation and Commentary is the first line-by-line exegesis of the entire Rule of Benedict written originally in English. This full commentary - predominately a literary and historical criticism - is based on and includes a new translation and is accompanied by essays on Benedict's spiritual doctrine. A monk who has striven to live according to the Rule of Benedict for thirty-five years, Father Kardong relates it to modern monastic life while examining the sources (Cassian, Augustine, and Basil) Benedict used to establish his Rule. Overviews - summaries of notes, source criticism, or structural criticism - follow some chapters, and a large bibliography of the current scholarship and source references are also included. Benedict's Rule: A Translation and Commentary also includes the Latin text of the Regula Benedicti. This reference work is invaluable to libraries and to those who are called to interpret the Rule. It will be opened again and again. Indexed.

[Perspectives on the Rule of St. Benedict](#) Paraclete Press

St. Benedict and St. Therese stand as two of the monumental figures in the history of the Western Church. Their impact on Christian thought cannot be underestimated, yet never before have they been viewed as spiritual father and daughter. From his "little rule" to her "little way," these two great saints teach us to

find ourselves in the ordinary.

A Mother's Rule of Life Liturgical Press

This new edition of a classic religious text combines the timeless wisdom of Benedict of Nursia's Rule with the perceptive commentary of a renowned Benedictine mystic and scholar. In her new introduction to the Rule, the author boldly claims that Benedict's sixth-century text is the only one of great traditions that directly touches the contemporary issues facing the human community—stewardship, conversion, communication, reflection, contemplation, humility, and equality. Tracing Benedict's original Rule paragraph by paragraph, it expands its principles into the larger context of spiritual living in a secular world and makes the seemingly archaic instructions relevant for a contemporary audience. A new foreword, updated content, an appendix, and a recommended calendar for reading the entries and commentaries make this an invaluable resource for solitary or communal contemplation.

The Rule of St. Benedict Gracewing Publishing

Hildegard of Bingen (1098 - 1179) was the outstanding female religious figure of twelfth-century Germany. A Benedictine nun, she was consulted by bishops, popes, and kings, and wrote copiously for her fellow monastics: mystical and visionary material, liturgical music, biblical commentaries, saints' lives, and theological explanations of various aspects of church doctrine, as well as treatises on natural science and the healing arts. Her story is important to all students of spirituality, medieval history, and culture.

[Explanation of the Rule of Benedict](#) Canterbury Press

A translation of the biography written by Pope Gregory the Great, this official biography is also known as the Second Book of Dialogues. It is the earliest and thus the most valuable biography of St. Benedict.

Humility of Heart Liturgical Press

St Benedict's Rule is a set of guidelines that has governed Christian monastic life since the 6th century. Those who live according to the Rule regard it as the bedrock of their lives and feel great affection for its author. In this book four prominent Buddhist scholars turn their attention to the Rule. Through personal anecdotes, lively debate and thoughtful comparison, they reveal how the wisdom of each tradition can revitalise the other and how their own spiritual practices have been enriched through familiarity with the Rule. Their insights are written not only for Buddhists and Christians but for anyone interested in the ancient discipline of monasticism and what it might offer a materially glutted and spiritually famished culture. This book also includes a new translation of the Rule by the former Abbot of Ampleforth, Patrick Barry.

Wisdom Distilled from the Daily Liturgical Press

Fifteen centuries ago, a young monk named Benedict founded the basic monastic system of the Christian world—a spiritual and economic organization that thrives to this very day. "The Benedictine Rule of Leadership" presents these principles in a fresh and original way that is applicable to any manager or organization today.

The Way of St Benedict St. Martin's Essentials

Cardinal Vaughn wrote these reflections over a century ago, and they are as pertinent today as when they were first assembled

into a book. "There is no Saint however holy and innocent who may not truly consider himself the greatest sinner in the world. It is enough that he knows himself to be man to recognize that he is liable to commit all the evil of which man is capable." This thought alone will inspire us to humility and this book is a great aid to true humility, which is essential to salvation. St. Alphonsus writes: "a single bad book will be sufficient to cause the destruction of a monastery." Pope Pius XII wrote in 1947 at the beatification of Blessed Maria Goretti: "There rises to Our lips the cry of the Saviour: 'Woe to the world because of scandals!' (Matthew 18:7). Woe to those who consciously and deliberately spread corruption-in novels, newspapers, magazines, theaters, films, in a world of immodesty!" We at St. Pius X Press are calling for a crusade of good books. We want to restore 1,000 old Catholic books to the market. We ask for your assistance and prayers. This book is a photographic reprint of the original The original has been inspected and many imperfections in the existing copy have been corrected. At Saint Pius X Press our goal is to remain faithful to the original in both photographic reproductions and in textual reproductions that are reprinted. Photographic reproductions are given a page by page inspection, whereas textual reproductions are proofread to correct any errors in reproduction.

The Rule of St. Benedict Harper Collins

You want insights for living? Look to people whose understandings have been practiced for fifteen hundred years. Saint Benedict and

Saint Scholastica, his twin sister, established a flexible pattern that has adopted, adapted, challenged—and outlived—myriad cultures. Their sons and daughters today, who devote their time and talents to the "school for the Lord's service" launched by the Rule of Benedict, demonstrate a whole range of options that are accessible to anyone. It is a mistake to think that "forsaking the world" is the Benedictine option. Options (plural) are, instead, "for the sake of the world."

[Spirituality for Everyday Living](#) Vintage

The single most important document on monastic life that helped to shape Western society Composed in Italy around 530 AD but based on earlier compilations, The Rule of St Benedict has been the defining guide to daily prayer and work for Benedictine communities for fifteen centuries. The Rule also embodies the idea of a written constitution, authority limited by law and under the law, and the right of the ruled to review the legality of their superiors' actions-ideas at the heart of the West's most treasured civic institutions. This is a fundamental contribution to the tradition of simple living that continues to experience a renaissance.

[Benedict's Dharma](#) Cistercian Studies Series

In *The Rule of Benedict for Beginners*, Wil Derkse describes how individuals -- and organizations as well -- who function apart from a monastery may emulate elements of Benedictine spirituality and follow the Benedictine motto of "worship and work" in their daily schedules. Book jacket.
