*The
Cambridge
Companion to
the Stoics*
Cambridge
University
Press

This unique volume offers an odyssey through the ideas of the Stoics in three particular ways: first, through the historical trajectory of the school itself and its influence; second, through the

recovery of the history of Stoic thought; third, through the ongoing confrontation with Stoicism, showing how it refines philosophical traditions, challenges the imagination, and ultimately defines the kind of life one chooses to lead. A distinguished roster of specialists have written an authoritative guide to the entire philosophical tradition. The first two

chapters chart the history of the school in the ancient world, and are followed by chapters on the core themes of the Stoic system: epistemology, logic, natural philosophy, theology, determinism, and metaphysics. There are two chapters on what might be thought of as the heart and soul of the Stoics system: ethics.

Poets

Cambridge University Press Publisher Description (unedited publisher data) Eleven specially-commissioned essays by major Fitzgerald scholars present a clearly written and comprehensive assessment of F. Scott Fitzgerald as a writer and as a public and private figure. No aspect of his career is overlooked, from his first novel published in 1920, through

his more than 170 short stories, to his last unfinished Hollywood novel. Contributions present the reader with a full and accessible picture of the background of American social and cultural change in the early decades of the twentieth century. The introduction traces Fitzgerald's career as a literary and public figure, and examines the extent to which public recognition has affected

his reputation among scholars, critics, and general readers over the past sixty years. This is the only volume that offers undergraduates, graduates and general readers a full account of Fitzgerald's work as well as suggestions for further exploration of his work. Library of Congress subject headings for this publication: Fitzgerald, F, Scott (Francis Scott),

<p>1896-1940 Criticism and interpretation Handbooks, manuals, etc. <i>The Cambridge Companion to Literature and the Environment</i> Cambridge University Press Freemasonry has played a significant role in the history of Native Americans since the colonial era—a role whose extent and meaning are fully explored for the first time in this book. The overarching concern of Native</p>	<p>American Freemasonry is with how Masonry met specific social and personal needs of Native Americans, a theme developed across three periods: the revolutionary era, the last third of the nineteenth century, and the years following the First World War. Joy Porter positions Freemasonry within its historical context, examining its social and political impact as a</p>	<p>transatlantic phenomenon at the heart of the colonizing process. She then explores its meaning for many key Native leaders, for ethnic groups that sought to make connections through it, and for the bulk of its American membership—the white Anglo-Saxon Protestant middle class. Through research gleaned from archives in New York, Philadelphia, Oklahoma, California, and London, Porter</p>
--	--	--

shows how Freemasonry's performance of ritual provided an accessible point of entry to Native Americans and how over time, Freemasonry became a significant avenue for the exchange and co-creation of cultural forms by Indians and non-Indians. *The Cambridge Companion to Habermas* Cambridge University Press Accessible guide to Kierkegaard available serving as a

reference to students and non-specialists. The Cambridge Companion to Modern Indian Culture Cambridge University Press This Companion is the first critical collection of its kind devoted solely to American poetry of the nineteenth century. It covers a wide variety of authors, many of whom are currently being rediscovered. A number of anthologies in

the recent past have been devoted to the verse of groups such as Native Americans, African-Americans and women. This volume offers essays covering these groups as well as more familiar figures such as Dickinson, Whitman, Longfellow and Melville. The contents are divided between broad topics of concern such as the poetry of the Civil War or the development of the

'poetess' role and articles featuring specific authors such as Edgar Allan Poe or Sarah Piatt. In the past two decades a growing body of scholarship has been engaged in reconceptualizing and re-evaluating this largely neglected area of study in US literary history - this Companion reflects and advances this spirit of revisionism.

The Cambridge Companion to Canadian Literature

Cambridge University Press
This Companion provides a comprehensive introduction to the literature of the American West, one of the most vibrant and diverse literary traditions.

The Cambridge Companion to Richard Wright

Cambridge University Press
Offers a lucid introduction to postcolonial studies, one of the most important strands in

recent literary theory and cultural studies.

The Languages of Native North America

Cambridge University Press
Companion to the work of playwright Tom Stoppard who also co-authored screenplay of Shakespeare in Love.

The Cambridge Companion to the Literature of Los Angeles

Cambridge University Press
This book provides an

<p>authoritative survey of the several hundred languages indigenous to North America. These languages show tremendous genetic and typological diversity, and offer numerous challenges to current linguistic theory. Part I of the book provides an overview of structural features of particular interest, concentrating on those that are cross-linguistically</p>	<p>unusual or unusually well developed. These include syllable structure, vowel and consonant harmony, tone, and sound symbolism; polysynthesis, the nature of roots and affixes, incorporation, and morpheme order; case; grammatical distinctions of number, gender, shape, control, location, means, manner, time, empathy, and evidence; and distinctions</p>	<p>between nouns and verbs, predicates and arguments, and simple and complex sentences; and special speech styles. Part II catalogues the languages by family, listing the location of each language, its genetic affiliation, number of speakers, major published literature, and structural highlights. Finally, there is a catalogue of languages that have evolved in</p>

Existentialis**

m Cambridge
University
Press
This
Companion
presents both
an
introduction to
the history of
the ancient
philosophical
school of
Epicureanism
and also a
critical
account of the
major areas of
its
philosophical

interest. Chapters span the school's history from the early Hellenistic Garden to the Roman Empire and its later reception in the Early Modern period, introducing the reader to the Epicureans' contributions in physics, metaphysics, epistemology, psychology, ethics and politics. The international team of contributors includes scholars who have produced innovative and

original research in various areas of Epicurean thought and they have produced essays which are accessible and of interest to philosophers, classicists, and anyone concerned with the diversity and preoccupation s of Epicurean philosophy and the state of academic research in this field. The volume emphasises the interrelation of the different areas of the Epicureans' philosophical

interests while also drawing attention to points of interpretative difficulty and controversy.

This
Companion
provides an
authoritative
introduction to
the historical,
social and
stylistic
complexities
of modern
Irish culture.
Readers will
be introduced
to Irish culture
in its widest
sense and
helped to find

their way through the cultural and theoretical debates that inform our understanding of modern Ireland. The volume combines cultural breadth and historical depth, supported by a chronology of Irish history and arts. A wide selection of essays on a rich variety of Irish cultural forms and practices are complemented by a series of in-depth analyses of key themes in Irish cultural politics. The

range of topics covered will enable a comprehensive understanding of Irish culture, while the authors gathered here - all acknowledged experts in their fields - provide stimulating essays that together amount to an invaluable guide to the shaping of modern Ireland. *The Cambridge Companion to Literature on Screen* Cambridge University Press

Thomas Hardy's fiction has had a remarkably strong appeal for general readers for decades, and his poetry has been acclaimed as among the most influential of the twentieth century. His work still creates passionate advocacy and opposition. The Cambridge Companion to Thomas Hardy is an essential introduction to this most enigmatic of writers. These commissioned essays from

an international team of contributors comprises a general overview of all Hardy's work and specific demonstration s of Hardy's ideas and literary skills. Individual essays explore Hardy's biography, aesthetics, his famous attachment to Wessex, and the impact on his work of developments in science, religion and philosophy in the late nineteenth century. Hardy's

writing is also analysed against developments in contemporary critical theory and issues such as sexuality and gender. The volume also contains a detailed chronology of Hardy's life and publications, and a guide to further reading. The Cambridge Companion to Thomas Jefferson Cambridge University Press This book offers a collection of

essays on Shakespeare's life and works in popular forms and media. The Cambridge Companion to Liberalism Cambridge University Press As a creative medium, ancient Greek tragedy has had an extraordinarily wide influence: many of the surviving plays are still part of the theatrical repertoire, and texts like Agamemnon, Antigone, and Medea have had a

profound effect on Western culture. This Companion is not a conventional introductory textbook but an attempt, by seven distinguished scholars, to present the familiar corpus in the context of modern reading, criticism, and performance of Greek tragedy. There are three main emphases: on tragedy as an institution in the civic life of ancient Athens, on a range of different

critical interpretations arising from fresh readings of the texts, and on changing patterns of reception, adaptation, and performance from antiquity to the present. Each chapter can be read independently, but each is linked with the others, and most examples are drawn from the same selection of plays. *The Cambridge Companion to F. Scott Fitzgerald* Cambridge

University Press
A broad, accessible account of European modernism as a truly cosmopolitan movement. *The Cambridge Companion to Science and Religion* Cambridge University Press
This Companion brings together essays on some fifty-four American poets, from Anne Bradstreet to contemporary performance poetry. This book also

examines
such
movements in
American
poetry as
modernism,
the Harlem (or
