A long overdue comparison of the two most famous women

novelists of the nineteenth century, this interesting study compares Eliot and Sand, their religious and social ideals, their aesthetic principles, and their conception of women. It also documents, in light of recently discovered letters, the relationship between George Henry Lewes and Sand as well as the influence of Sand on Eliot's intellectual and artistic development.

Pratique Recycle, Re-create, Re-enjoy You don't even need a sewing machine to upcycle old sweaters into new wearables, blankets, pillows, and dolls that are fresh, playful, and utterly captivating. It's easy as felting the wool, cutting the pieces for your new project, and stitching everything together using simple hand-sewing skills. Noted designer Crispina French shares her techniques and passion as she introduces you to the beautiful possibilities in old sweaters. "Crispina's blankets and throws and rugs are piled on and over each other on my beds, chairs, couches, and floors. She's a great artist who understands texture and how it adds individuality and comfort to a home, not to mention

a car, or an old refurbished orange trunk seat!!" - Carly Simon
 "Crispina makes the most beautiful soulful blankets, pillows, and sweaters, out of people's old sweaters. In this amazing and magical book she shares her secrets so that you can do it too." - Ben Cohen, cofounder of Ben & Jerry's

This new edition focuses on bias in health care and provides a variety of case examples related to the timely topics of unconscious bias and microaggressions encountered by patients, students, attending and resident physicians, nurses, staff, and advanced practice providers in various healthcare settings. The proliferation of literature on unconscious bias and microaggressions has raised public awareness around these concerns. This case compendium discusses strategies and addresses professional responses to bias in health care and extends beyond the individual patient and healthcare provider into the communities where biased assumptions and attitudes exist.

Recognizing that ethnic minorities, the elderly, the poor, and persons with Medicaid coverage utilize the emergency department at higher rates than the general population, this compendium also builds upon the case studies from the first edition to cover a broader array of underserved minority groups. Diversity and Inclusion in Quality Patient Care: Your Story/Our Story – A Case-Based Compendium, 2nd Edition is an essential resource for attending and resident physicians, nurses, staff, advanced practice providers, and students in emergency medicine, primary care, and public health.

"Kim Hargreaves needs little introduction to seasoned knitters. Her flair for femininity and elegance has earned her worldwide fame as a knitwear designer. Rowan Yarns gave Kim her first job and fostered her career as a designer. Their prestigious bi-annual magazines, with exquisite photography, were a showcase for her talents for more than a decade. In this book, they have chosen to revisit 25 of her truly great designs in their favorite classic yarns: wools, mohairs and cottons, so there is something to knit all year round. There are smart little sweaters, soft cardigans, tailored jackets and cute tops, with beaded, textured, plain and lacy stitches, plus a few accessories." -- from publisher's website.

Ptolemy's Almagest is one of the most influential scientific works in history. A masterpiece of technical exposition, it was the basic textbook of astronomy for more than a thousand years, and still is the main source for our knowledge of ancient astronomy. This translation, based on the standard Greek text of Heiberg, makes the work accessible to English readers in an intelligible and reliable form. It contains numerous corrections derived from medieval Arabic translations and extensive

footnotes that take account of the great progress in understanding the work made in this century, due to the discovery of Babylonian records and other researches. It is designed to stand by itself as an interpretation of the original, but it will also be useful as an aid to reading the Greek text.

Excerpt from The Belcher Families in New England III. Gregory¹ belcher, born about 1606, came to New England about 1637 and settled in Braintree, where he died Nov. 25, 1674. He had seven children, and many descendants live in the United States. He was perhaps the Gregory Belcher, son of Thomas, who was baptized in Aston, co. Warwick, England, Mar. 30, 1606, as suggested above. IV. Andrew¹ belcher, born about 1615, son of Thomas Belcher of London, and grandson of Robert Belcher, weaver, of Kingswood, Wiltshire, England. He first appears in New England in 1639, and settled in Cambridge. Although there was but one male who married in each generation of his descendants, this family attained great distinction. His son Andrew² Belcher was a Royal Councillor, and the greatest merchant of his day in New England; his grandson Jonathan³ Belcher was Royal Governor of Massachusetts and also of New Jersey his great-grandson Jonathan Belcher was Chief Justice and Lieut. Governor of

Nova Scotia; and his great - great-grandson Andrew⁵ Belcher was a Royal Councillor of Nova Scotia, whose children settled in England, of whom a son, Sir Edward⁶ Belcher, was a distinguished naval officer, attaining the rank of Rear Admiral in the British navy. A few descendants remain in England, but the name is extinct in the United States. About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books. Dr. Agatha Thrash has

spent her career helping people improve their wellbeing thanks to her practical and natural approach to health. A board specialist in pathology, Dr. Thrash has written numerous books about the benefits of charcoal, hydrotherapy, and other home remedies and natural therapies. "Nature's Healing Practices" is an extensive volume that contains a wealth of information drawn from Dr. Thrash's books and her and her associates' years of clinical experience. The book is divided into six sections: Conditions and Diseases, Home Emergencies, Natural Remedies, Herbal Remedies, Dietary Information, Supplemental Information. The first section-Conditions and Diseases-makes up the largest portion of the book and serves as a reference guide for a host of ailments from allergies, Alzheimer's diseases, cancer, and cataracts to headaches, skin diseases, thyroid issues, and women's conditions. Listed in alphabetical order, the various conditions feature case studies, background information, causes, and treatments, including

herbal, hydrotherapy, exercise, and dietary suggestions. The rest of the sections provide valuable information how to treat bee stings and other minor home emergencies, how to administer hydrotherapy treatments, what herbs treat what ailments, and what foods to avoid and what foods to eat based on the condition you are battling.

Awbry James was stoked to get the promotion to manager of Breckon House. The bar wasn't hers, but she loved working there. Not to mention enjoying the sexy view of her boss' identical brother Merrick. He's always happy, always joking, and always looked good enough to eat. Awbry's got her hands full trying to decide what to do about her financial troubles. She's buried under a mountain of debt left over from her father's illness. She's wondering if she should take some of the burden off and marry her ex, or if she should look for someone new. The last thing Awbry expects is to have Merrick come on to her. He's out of her league, but the offer to become lovers is

too tempting. Things turn bad when her brother brings danger to her doorstep and threatens both her safety and her job. Merrick swoops in to protect her, but Awbry's used to standing alone. The stubborn man won't stop trying to be her knight. At this rate, she's going to fall in love. But what's going to happen when her mistakes come to light? Will Merrick step up, or will he turn his back on her broken heart?

At its very essence, textile art is about mark-making. As an artist would use a pencil, an embroiderer or quilter can use stitch to make marks on fabric – a fundamental creative act. The making of marks often starts and underpins the entire design process, and a textile artwork is usually made up of repeated stitched marks. This fascinating book shows how marks can be used in textile work, both simple and complex, and explores the crossover between stitch and drawing. Author Helen Parrott is well known for her strongly graphic textile art, which uses marks to stunning visual

effect. The book is divided into the types of marks that can be made on fabric, varying in complexity, arrangement and 'feel' – single, grouped, massed, regular, irregular, calligraphic, permanent, transient, and so on. It covers both hand and machine stitch, which make very different types of mark and between them offer limitless potential for mark-making, used both separately and together. It aims to help you take inspiration from the world around you to create marks, develop your own mark-making skills and strengthen your personal creative voice, and is an essential book for any textile artist.

The Belcher Families in New England (Classic Reprint)

Princeton University Press
During his lifetime, W.E. Blatz was so much occupied with the development of the University of Toronto's Institute of Child Study that he was able to devote little time to writing. This is his first book to appear in twenty-one years, and his first complete exposition of his famous Theory of Security. The Theory of

Security is radically different from the theories promulgated by Freudian psychologists. Whereas Freudian personality theory is based on the notion of "unconscious," an entity that is only indirectly observable, the Theory of Security derives from the observation of the conscious state in all its manifestations. Dr. Blatz thus makes use of both empirical observations and the results of introspection, and, as might be expected, some of his conclusions run counter to those reached in much current psychological discussion. But proof of the forcible influence of the theory and its author may be found in the impressive number of books and articles already published by Dr. Blatz's associates at the Institute of Child Study, applying the theory to the practical problems of psychological observation and therapy. It is fitting that the man whose work has generated so much fruitful research by others in this field should at last have set down in book form the fundamental principles that guided them.
