 Il volume raccoglie gli atti del XXème Congrès International de la Société Rencesvals pour l'étude des épopées romanes (Sapienza - Università di Roma,

20-24 luglio 2015) e presenta lo stato dell'arte e le ricerche in corso sull'epica romanza medievale propriamente detta, sulla sua posterità nell'età moderna e sulla produzione non romanza a essa correlata, offrendo un panorama ricco – se non completo – degli attuali orientamenti scientifici e dei risultati raggiunti. Per il congresso di Roma – cui hanno preso parte studiosi provenienti dall'Europa, dal Nord e dal Sud America e dall'Africa – sono stati proposti i seguenti temi: I. Rome et l'Italie dans les chansons de geste; II. Phénomènes de cyclisation: grandes et petites gestes; III. Le XVe siècle: proses et

renouvellements; IV. L'histoire des recherches sur la matière de France; a questi si aggiungono gli interventi raccolti nella sezione Varia.

This volume of specially commissioned interpretative essays marks the centenary of the establishment of the International Geographical Union in 1922. Written by leading human and physical geographers from all parts of the world, *A Geographical Century* considers the history and present condition of geography as an international science. Based on the latest research, *A Geographical Century* provides new and critical analyses of the different forms of geographical internationalism that emerged during the 20th century; the changing relations between geography and cognate disciplines in the natural and social sciences; the geopolitics of international geographical collaboration; and the prospects of geography as a 21st century international science.

GABO has succeeded like no other female photographer in using her camera to plough through the field of German celebrities in politics, culture and society and also to earn commissions from international stars as "the favourite German people photographer". *Big Shots* is a collection of her best work over the last two decades, grand stagings, respectful portraits and sensitive shots of the human body. This collection displays not only GABO's undeniable talent, but also her lust for life and constant quest for originality. GABO was born in Hamburg. After completing her education, she worked as a model, studied graphic design, and directed music videos. Since her first photography assignment for *Stern* magazine in 1986, her photographs have been published in magazines such as *GQ*, *Cosmopolitan*, *Playboy*, and *Max*. She has won the Kodak prize and the Italian "Internazionale Venere d'Argento." An insightful look at the artistry of GABO and the celebrities she captures on film A

Marcel Marceau poetics of gesture BRILL
In this delightful, cinema-inspired daydream of a novel, an identity-shifting protagonist uses the everyday inspirations of his life to catapult himself into the realm of imagination, blurring the boundaries between reality and fantasy. *The Skin of Dreams* is a novel of waking dreams. Even as he lives his life, Jacques L'Aumône, its hero, daydreams a hundred other possible lives. A few lines on a page, a chance encounter, a remark overheard in passing, any of these are enough to kick things into gear and send him off outside of himself to become a boxer, a general, a bishop, or a lord. He lives alongside his life with diligence and steadfastness; and the passage from real to dream is so natural for him that he no longer knows precisely which him he is. Eventually he becomes an actor in Hollywood, and the basis of countless dreams for others. This Jacques L'Aumône, like the characters who surround him, has the same sort of haunting and fluid consistency as someone that we might dream of in our beds at night. And reverie, here, is born through the tale's humor, which is as gentle as it is cruel, as well as by way of a writing technique that is itself drawn from one of Queneau's great loves, the cinema. *Tales of Vice and Virtue* Cambridge Scholars Publishing

Seventeen innovative studies are collected in this volume which has been produced under the aegis of the Centre for Biblical Studies, University of Manchester, and L'Institut des sciences bibliques, Université de Lausanne. The majority of the studies engage with narrative through providing insightful working examples. Building on the many contributions of recent narratological research, for the most part the studies in this collection avoid the technical language of narratology as they present fresh insights at many levels. Some essays focus more on the implied author, some on the implied reader or hearer, and some on the way particular messages are constructed; some of the studies consider how author, message and reader are all interconnected. There are several creative proposals for refining

genre definition, from law and wisdom to gospel and apocryphal writings. Some studies highlight the way in which narratives can contain ethical, religious, and cultural messages. Sensitivity to narrative is also shown by some contributors to expose in intriguing ways the redactional processes behind the final form of texts. Students of narrative in the ancient world will find much to consider in this book, and others engaged with literary studies more generally will discover that scholars of the worlds of the Bible and Late Antiquity have much to offer them. *A Catalogue of the Library of Harvard University in Cambridge* Fratelli Alinari spa

Tracing the movement from its origins in the 1920s to its decline in the 1950s and 1960s, Durozoi tells the history of Surrealism through its activities, publications, and reviews, demonstrating its close ties to some of the most explosive political, as well as creative, debates of the twentieth century. Unlike other histories, which focus mainly on the pre-World War II years of the movement in Paris, Durozoi covers both a wider chronological and geographic range, treating in detail the postwar years and Surrealism's colonization of Latin America, the United States, Japan, Czechoslovakia, Belgium, Italy, and North Africa. Drawing on documentary and visual evidence--including 1,000 photos, many of them in color--he illuminates all the intellectual and artistic aspects of the movement, from literature and philosophy to painting, photography, and film. All the Surrealist stars and their most important works are here--Aragon, Borges, Breton, Buñuel, Cocteau, Crevel, Dalí, Desnos, Ernst, Man Ray, Soupault, and many more--for all of whom Durozoi has provided brief biographical notes in addition to featuring them in the main text.

Valerie Kirschenbaum not only dreams of a Renaissance "the likes of which the world has never seen", she gives you the actual blueprint. In warm and intimate prose, she shows you how and why we will experience this Renaissance in our lifetime. Responding to the recent National Endowment for the Arts survey, which documented a precipitous, 20-year decline in America's reading habits, she presents an electrifying new solution for captivating a generation of readers reared on television, movies and music videos. With 860 gorgeous, full colour images from ancient Egypt, Greece, Rome, Maya, India, China, Japan, Tibet, and medieval Europe (many never seen by an American audience), Kirschenbaum provides what world renowned graphic designer Milton Glaser described as "the visual history of the universe and its relationship to writing." She combines the breathtaking beauty of illuminated manuscripts with today's latest technologies to create a scintillating multisensory experience.

Winner of the 2010 National Book Critics Circle Award for Biography How to get along with people, how to deal with violence, how to adjust to losing someone you love—such questions arise in most people's lives. They are all versions of a bigger question: how do you live? How do you do the good or honorable thing, while flourishing and feeling happy? This question obsessed Renaissance writers, none more than Michel Eyquem de Montaigne, perhaps the first truly modern individual. A nobleman, public official and wine-grower, he wrote free-roaming explorations of his thought and experience, unlike anything written before. He called them "essays," meaning "attempts" or "tries." Into them, he put whatever was in his head: his tastes in wine and food, his childhood memories, the way his dog's ears twitched when it was dreaming, as well as the appalling events of the religious civil wars raging around him. The Essays was an instant bestseller and, over four hundred years later, Montaigne's honesty and charm still draw people to him. Readers come in search of companionship, wisdom and entertainment—and in search of themselves. This book, a spirited and singular biography, relates the story of his life by way of the questions he posed and the answers he explored. It traces his bizarre upbringing, youthful career and sexual adventures, his travels, and his friendships with the scholar and poet Étienne de La Boétie and with his adopted "daughter," Marie de Gournay. And we

also meet his readers—who for centuries have found in Montaigne an inexhaustible source of answers to the haunting question, "how to live?"

Chronique Médicale OUP Oxford

The origins of theatre date back to 500 b. C. with religious rituals of ancient Greece. Mime drama dates back to Theocritus, to performances of folk life, to gatherings in honour of the God Dionysus, during which the use of a mask was introduced. The Romans used to mime political situations inventing satirical pantomimes. A silent genre developed in the town of Atella, the Atellan Farce, with fixed characters, ancestors of the stereotypes of the Commedia dell'Arte or theatre of the Zanni. The father of the family of the Zanni was the servant Arlequin. In the Commedia dell'Arte of the Sixteenth Century, the face was covered by a mask that would define the nature of the character. Created by Deburau in 1665, the melancholic Pierrot will step on stage and as his ancestors, he will be forever in love and rejected. With Molière, the use of the mask will start to change until it will disappear leaving space to the expressiveness of the face and nature of the character. With Carlo Goldoni the "Commedia di carattere" will flourish. In the Twentieth Century it's Charlie Chaplin's turn to write an important chapter of the art of mime with the romantic hero Charlot who wanders up and down the streets in the city of London in the Twenties, desperate and alone. In his gestural grammar, Etienne Decroux covers the face of the actors with a veil to leave only the body mass to speak. On the contrary, according to his pupil, Marcel Marceau, the face and the hands represent the backbone to gestural eloquence as in Oriental techniques with the aristocratic Noh and the commoner Kabuki. Starting from Graeco-Roman Statuary, retracing the phases of gestural art, remembering the myths of gesture and, working side by side with Decroux, Marceau will decide to generate the last heir of this imaginary dynasty, the merchant of illusions, Bip, leaving him free to live and dream in the temporal space of a performance. Transforming the invisible into visible, bringing into the theatres all around the world his pantomimes, the French Master has made palpable the art of emotions.

Here is presented for the first time an extraordinary medieval text, the first Old French Vie des Pères. The Vie des Pères is in fact a collective text comprising three branches and, at its fullest, over seventy individually enclosed pious tales / miracles. The first Vie - the first forty-one

or -two tales - dates from the first third of the thirteenth century. It is a vitally significant but hitherto neglected part of the Old French canon. Indeed, in his preface to this volume Michel Zink, one of the most respected medievalists of his generation, notes that the qualities of the Vie des Pères 'devraient valoir à son auteur une place au voisinage de celle qu'occupent pour nous celui de la Chanson de Roland ou Chrétien de Troyes.' The tales are remarkably well written and offer fascinating glimpses of thirteenth-century life and spirituality. They were also extremely popular in Medieval France. Sharing close links with a number of traditions - fabliaux, Saints' Lives, Miracles of the Virgin, Romance, Sermons - the Vie des Pères has value for those interested in many branches of vernacular literature, codicology, lexicography, art history, theology and philology. Tales of Vice and Virtue - the first sustained analysis of the entire first Vie des Pères to be published - is a groundbreaking book providing readers new to the text with detailed commentaries, offering abundant intertextual information for romance philologists, and suggesting many new areas for further research.
