Build attitudes of respect and caring, reduce problem behaviors, empower students to solve problems, and educate the whole child with this flexible, user-friendly activity guide. The lessons' literature-based connections allow teachers to "build in" rather than "add on" social-emotional learning (SEL) throughout the day. Field-tested in classrooms across the United States, these activities when fully implemented have resulted in improved school climate, greater parent engagement, increased academic achievement, and reduction in discipline referrals. Features of the book include: 100+ easy-to-implement year-round activities that integrate into the daily curriculum in all subject areas Monthly themes focused on empathy, bullying prevention, teamwork, decision-making, and more Concise lesson formats (Read, Discuss, Do, Relate) Discussion and writing prompts Built-in assessments Digital content includes all of the book's reproducible forms.

Social and Emotional Learning for Picture Book Readers ASCD

The burgeoning multidisciplinary field of social and emotional learning (SEL) now has a comprehensive and definitive handbook covering all aspects of research, practice, and policy. The prominent editors and contributors describe state-of-the-art intervention and prevention programs designed to build students' skills for managing emotions, showing concern for others, making responsible decisions, and forming positive relationships. Conceptual and scientific underpinnings of SEL are explored and its relationship to children's and adolescents' academic success and mental health examined. Issues in implementing and assessing SEL programs in diverse educational settings are analyzed in depth, including the roles of school- and district-level leadership, teacher training, and school-family partnerships.

A Little SPOT of Feelings and Emotions Educator's Guide ASCD

"... a curriculum geared toward helping students gain skills in consciously regulating their actions, which in turn leads to increased control and problem solving abilities. Using a cognitive behavior approach, the curriculum's learning activities are designed to help students recognize when they are in different states called "zones," with each of four zones represented by a different color. In the activities, students also learn how to use strategies or tools to stay in a zone or move from one to another. Students explore calming techniques, cognitive strategies, and sensory supports so they will have a toolbox of methods to use to move between zones. To deepen students' understanding of how to self-regulate, the lessons set out to teach students these skills: how to read others' facial expressions and recognize a broader range of emotions, perspective about how others see and react to their behavior, insight into events that trigger their less regulated states, and when and how to use tools and problem solving skills. The curriculum's learning activities are presented in 18 lessons. To reinforce the concepts being taught, each lesson includes probing questions to discuss and instructions for one or more learning activities. Many lessons offer extension activities and ways to

adapt the activity for individual student needs. The curriculum also includes worksheets, other handouts, and visuals to display and share. These can be photocopied from this book or printed from the accompanying CD."--Publisher's website.

Activities for Building Character and Social-Emotional Learning Grades 1-2 Free Spirit Publishing

Through these easy-to-implement, high-interest activities, children learn new and effective skills and behaviors for getting along with others and managing their own emotions. Social-emotional skills are fundamental to success in life, and children should be consistently helped to develop them. started as they build SEL skills into lesson plans.

The Zones of Regulation Knopf Books for Young Readers

“Essential reading for teachers, education administrators, and policymakers alike.” —STARRED Library Journal The untold story of the root cause of America's education crisis It was only after years within the education reform movement that Natalie Wexler stumbled across a hidden explanation for our country's frustrating lack of progress when it comes to providing every child with a quality education. The problem wasn't one of the usual scapegoats: lazy teachers, shoddy facilities, lack of accountability. It was something no one was talking about: the elementary school curriculum's intense focus on decontextualized reading comprehension "skills" at the expense of actual knowledge. In the tradition of Dale Russakoff's *The Prize* and Dana Goldstein's *The Teacher Wars*, Wexler brings together history, research, and compelling characters to pull back the curtain on this fundamental flaw in our education system—one that fellow reformers, journalists, and policymakers have long overlooked, and of which the general public, including many parents, remains unaware. But *The Knowledge Gap* isn't just a story of what schools have gotten so wrong—it also follows innovative educators who are in the process of shedding their deeply ingrained habits, and describes the rewards that have come along: students who are not only excited to learn but are also acquiring the knowledge and vocabulary that will enable them to succeed. If we truly want to fix our education system and unlock the potential of our neediest children, we have no choice but to pay attention.

The Group Plan Carolrhoda Books ®

Teaching Social and Emotional Learning in Physical Education is the ideal resource for understanding and integrating social and emotional learning (SEL) competencies into the structure of a physical education program, alongside physical activity and skill development goals. This text should be incorporated as a key resource to guide physical education teacher education courses specifically focused on social and emotional learning while also providing supplemental readings for courses related to physical education curriculum, instruction, assessment, and/or models-based practice. Similarly, practicing physical education teachers who are interested in developing a stronger focus on SEL in their teaching will find that the book provides a comprehensive resource to guide their professional learning and practice.

Activities for Building Character and Social-Emotional Learning Grades 6–8 Carson-Dellosa Publishing

In this galvanizing book for all educators, Kristin Souers and Pete Hall explore an urgent and growing issue—childhood trauma—and its profound effect on learning and teaching. Grounded in research and the authors' experience working with trauma-affected students and their teachers, *Fostering Resilient Learners* will help you cultivate a trauma-sensitive learning environment for students across all content areas, grade levels, and educational settings. The authors—a mental health therapist and a veteran principal—provide proven, reliable strategies to help you * Understand what trauma is and how it hinders the learning, motivation, and success of all students in the classroom. * Build strong relationships and create a safe space to enable students to learn at high levels. * Adopt a strengths-based approach that leads you to recalibrate how you view destructive student behaviors and to perceive what students need to break negative cycles. * Head off frustration and burnout with essential self-care techniques that will help you and your students flourish. Each chapter also includes questions and exercises to encourage reflection and extension of the ideas in

this book. As an educator, you face the impact of trauma in the classroom every day. Let this book be your guide to seeking solutions rather than dwelling on problems, to building relationships that allow students to grow, thrive, and—most assuredly—learn at high levels.

The Cool Bean Teacher Created Resources

The authors draw upon scientific studies, theories, site visits, and their own extensive experiences to describe approaches to social and emotional learning for all levels.

Niko Draws a Feeling Teaching Resources

High on energy and imagination, this ode to self-esteem encourages kids to appreciate everything about themselves—inside and out. Messy hair? Beaver breath? So what Here's a little girl who knows what really matters. At once silly and serious, Karen Beaumont's joyous rhyming text and David Catrow's wild illustrations unite in a book that is sassy, soulful—and straight from the heart.

Activities for Building Character and Social-Emotional Learning Grades 3–5 Theme Park Press

Celebrate feelings in all their shapes and sizes in this New York Times bestselling picture book from the Growing Hearts series! Happiness, sadness, bravery, anger, shyness . . . our hearts can feel so many feelings! Some make us feel as light as a balloon, others as heavy as an elephant. In *My Heart* explores a full range of emotions, describing how they feel physically, inside, with language that is lyrical but also direct to empower readers to practice articulating and identifying their own emotions. With whimsical illustrations and an irresistible die-cut heart that extends through each spread, this gorgeously packaged and unique feelings book is sure to become a storytime favorite.

We Thinkers! Volume 1 Social Explorers Jones & Bartlett Learning

"Good lesson plans have an almost mysterious power; they declare that all information can be interesting, that every skill acquired broadens our potentials to make a better world, and that all impassioned activity leads to learning. Our best teachers have shown us over and over that life is not a struggle against boredom and compliance; it is a wonder to be apprehended. Every bit of SEL you can integrate into your planning will not only begin to heal the wounds of passivity, racism, and inequity, but also give students an experience today, in your classroom, of that better world." Jeffrey Benson draws from his 40-plus years of experience as a teacher and an administrator to provide explicit, step-by-step guidance on how to incorporate social and emotional learning (SEL) into K-12 lesson planning—without imposing a separate SEL curriculum. The book identifies SEL skills in three broad categories: skills for self, interpersonal skills, and skills as a community member. It offers

research-based strategies for seamlessly integrating these skills into every section of lesson plans, from introducing a topic in a way that sparks students' interest, to accessing prior knowledge, providing direct instruction, allowing time for experimentation and discovery, using formative assessment, and closing a lesson in a purposeful rather than haphazard manner. In addition to practical advice on lesson planning that can lead to improved student motivation and achievement, Benson offers inspiration, urging both new and veteran teachers to seize every opportunity to develop caring, joyful communities of learners whose experiences and skills can contribute to a better, more equitable world both inside and outside the classroom.

info@SELLifeSkills.com 50 Social Emotional Learning Lessons is a comprehensive curriculum that teaches crucial skills at a pivotal time in our society. This book synthesizes the best practices of personal development, life coaching, and mindfulness into a clear set of instructions for teachers. There are ten units of instruction that span a broad spectrum of essential SEL skills and values. Each unit is a self contained set of lessons that can be taught independently or sequentially as part of a year long curriculum. Every unit meets all of the Social Emotional Learning Standards created by CASEL.ORG. UNIT 1 - COMMUNITY: lays the foundation for connection, trust, and belonging with powerful icebreakers and interpersonal sharing. UNIT 2 - ACTIVE LISTENING: develops the skill and practice of becoming a good listener. UNIT 3 - RESPECT: creates opportunities for treating each other well and valuing kindness. UNIT 4 - EMOTIONAL LITERACY: comprehensively explores feelings through games and reflection. UNIT 5 - EMPATHY: builds upon a student's emotional awareness by practicing compassion for someone else's experience. UNIT 6 - COMMUNICATION: provides new frameworks for dialogue, handling conflict, and being assertive. UNIT 7 - INTEGRITY: explores the importance of responsibility, keeping your word, and the impact of your actions. UNIT 8 - MINDFULNESS: looks practically at how being present and aware can spark personal transformation and consciousness. UNIT 9 - GOALS: empowers students to achieve something they want in life. UNIT 10 - RESILIENCE: establishes a new mindset for overcoming challenges and achieving success. These units are a blueprint for Social Emotional Learning. Each lesson engages students with a question that embraces their social emotional knowledge and experience. A skill is taught through Socratic-based discussion and then integrated using real life scenarios and experiential games. At the end of each lesson, students process their experience through reflection and integrate important tools for improving their social and emotional life. 50 Social Emotional Learning Lessons will help students cultivate a connection to their mind and emotions, so that they make responsible decisions. Students will develop communication skills to advance their social awareness and improve relationships. Classrooms can become nurturing environments for intrapersonal and interpersonal development. A journey of transformation awaits, one lesson at a time.
