Featuring a
brand new
introduction
from
bestselling
author,
Carmel
Harrington,
talking about

what Jackie
and her books
mean to her!

'Lessons
galore on
every page...
about
feminism,
equality,
tolerance and
love' CARMEL
HARRINGTON
'Jackie
Collins's
daring,
unapologetic
stroke of the
pen,

combined with
her glorious
wit, has
single-
handedly
given creative
license to new
generations of
authors and
storytellers.'

Dangerous
Kiss is a story
of raw anger,
love, lust,
murder and
revenge, and

at its white-hot center is Lucky Santangelo, a strong, exciting woman who dares to take chances - and always wins. There have been many imitators, but only ever one Jackie Collins. With millions of her books sold around the world, and thirty-one New York Times bestsellers, she is one of the world's top-selling novelists. From glamorous Beverly Hills bedrooms to Hollywood movie studios;

from glittering rock concerts to the yachts of billionaires, Jackie chronicled the scandalous lives of the rich, famous, and infamous from the inside looking out. 'A true inspiration, a trail blazer for women's fiction' JILLY COOPER 'Jackie shows us all what being a strong, successful woman means at any age' MILLY JOHNSON 'Jackie will never be forgotten, she'll always inspire me to

#BeMoreJackie' JILL MANSELL 'Jackie's heroines don't take off their clothes to please a man, but to please themselves' CLARE MACKINTOSH 'Legend is a word used too lightly for so many undeserving people, but Jackie is the very definition of the word' ALEX KHAN 'What Jackie knew how to do so well, is to tell a thumping good story' ROWAN COLEMAN 'I read hundreds of books every

year. But Jackie Collins' novels are the only ones I can read over and over' AMY ROWLAND 'Jackie wrote with shameless ambition, ruthless passion and pure diamond-dusted sparkle' CATHERINE STEADMAN 'Here is a woman who not only wanted to entertain her readers, but also to teach them something; about the world and about themselves' ISABELLE

BROOM 'There's a lot a drag queen can learn from Jackie' TOM RASMUSSEN 'Jackie is the queen of cliff-hangers' SAMANTHA TONGE 'For all her trademark sass, there is a moralist at work here' LOUISE CANDLISH 'Nobody does it quite like Jackie and nobody ever will' SARRA MANNING 'Jackie bought a bit of glitter, sparkle and sunshine into our humdrum existence' VERONICA HENRY 'What radiates from

her novels, is a sense that women are capable of great things' ALEXANDRA HEMINSLEY **Most Dangerous** William Morrow Conn Iggulden, co-author of the phenomenally successful *The Dangerous Book for Boys*, and David Iggulden now bring us *The Dangerous Book of Heroes*—featuring great stories of courage and adventure to thrill and inspire any reader. From George

Washington to Sitting Bull to Martin Luther King to the passengers on Flight 93, here are amazing stories of heroism that parents can share with their children, or enjoy all by themselves.

DANGEROUS

DANA

Mulholland Books
 What will Mole do when he finds a strange, lumpy-bumpy thing with snippy-snappy teeth? A wonderful book of friendship and surprises from best-selling picture book

creator, Tim Warnes. Now in a stunning paperback format! *That's Dangerous!* Valley Publishing Ltd. Early in her powerful, affecting debut, Desautels writes: "I always mention gratitude because/people like that ending." Unflinching in its candor, this is the story of a woman with two swellings in her belly: a nascent baby, and a cancerous tumor. The poet could

focus on the particulars of the medical case, using language from a traditional illness narrative. Instead she gives us the basics, then gathers up surprising and expansive material from various landscapes—the Black Hills, the prairies of Texas, the mountains, switchgrass, and, especially, the neighboring buffalo, to which she feels a profound connection. Desautels' metaphors

strike home, they are counterpoints, balm to the uncertainty and grief that make us uncomfortable. The book moves elegantly from its dark beginnings to a transcendent thankfulness. With healing lyricism, she writes: "And I imagine the white sheets as heron wings./And the whirring machines are white eggs./And the worried voices are sunlight on water."
That's Bad Manners, Roys

Bedoys Hill Publications
 From Steve and Jackie Green, founders and curators of the Museum of the Bible--a fascinating exploration of the history, authenticity, and power of the Bible, the book that has changed people and nations throughout the centuries. It is the top selling book in history. It brings social upheaval, international arguments, and political controversy. It has been used to justify both

love and war. And for generations, it has found its way into the hearts of millions, offering comfort, direction, and life-changing truths. How could one book have such power? In *This Dangerous Book*, Steve and Jackie Green explore the incredible history and impact of the Bible. As the founders and visionaries of the Museum of the Bible in Washington D.C., the Greens have a unique

perspective on the Bible's journey--from its ancient beginnings, to its effect on the moral fiber of nations, to its transformative influence in individual hearts. The Greens share the challenges they have faced in acquiring biblical artifacts from around the world and why generations--in every time period and in every geographical location--have risked their lives to preserve this precious book.

Exploring ancient tablets, medieval commentaries, and modern translations, This Dangerous Book offers fascinating insight into the miracles and martyrdoms that have led to the Scriptures we read today. The Greens explore how cutting-edge technology gives new insight into the authenticity of the Bible, including the work of fifty scholars who recently

uncovered hidden details about thirteen unpublished Dead Sea Scroll fragments. This Dangerous Book also looks at the link between the Hebrew Bible and the New Testament, what we can learn from how the Bible was passed down to us, and why God's Word is foundational to America's past and crucial for its future. The Bible is a world-changer and a heart-changer.

Whether you have read the Bible for years or are simply curious about its influence, This Dangerous Book could change your heart as well. *Philosophy for Life and Other Dangerous Situations* Berrett-Koehler Publishers It's time to jump out of the handbag and take control of the lead. From the same kennel as The Dangerous Book for Boys, this hilarious doggy equivalent barks one

simple question: What's happened to us?! Designer dog beds? Organic gluten free gourmet doggie biscuits? Spa treatments? Everyone likes to be pampered now and then - but isn't there more to being a dog than wearing a mini cashmere sweater and riding around in a Louis Vuitton handbag? What about the simple pleasures of life - feeling the wind in your fur,

digging up the grass beneath your paws, smelling another dog's bottom? Isn't that part of the great joy of being a dog? This book is for good dogs, bad dogs, and the millions of people who love them, either way, but owners will no doubt recognize their own lovable pets, and maybe themselves, in these pages. After all, so many people talk to their dogs, they might as well read to them, and learn a

little something in the process. Chapters include: Foul Smells Every Dog Should Roll In, What's Edible?, How to Bury a Bone, Building a Bed out of Laundry, Escaping the Lead, Dogs in Literature, Courageous Dogs in History, Formal Rules of Fetch, Enhancing Your Walk and Amazing Bath Time Escapes. The Dangerous Book for Boys tapped into a male desire to recapture a back-to-basics

sense of fun. Now, a boy's sense of fun is perfectly fine, but a dog's sense of fun is hilarious. Leg-humping, bottom-sniffing and tail-chasing - these are not just the bedrock of dog life; they are the bedrock of comedy. Dangerous Household Items Penguin Roys Bedoys is not following the safety rules! Will he hurt himself? Seed of Danger Simon and Schuster Warning - there is some

swearing and this book ends with a cliffhanger ending! Book 2 (Deadly Designs picks up where this one ends off.) The printed form of this book is 202 pages. Drawing is her world...but when her new pencil comes alive, it's his world too. Her...Storey Dalton is seventeen and now boyfriendless after being dumped via Facebook. Drawing is her escape. It's like as soon as she gets down one image, a

dozen more are pressing in on her. Then she realizes her pictures are almost drawing themselves...or is it that her new pencil is alive? Him...Eric Jordan is a new Ranger and the only son of the Councilman to his world. He's crossed the veil between dimensions to retrieve a lost stylus. But Storey is already experimenting with her new pencil and what her drawings can do - like open portals. It...

The stylus is a soul-bound intelligence from Eric's dimension on Earth and uses Storey's unsuspecting mind to seek its way home, giving her an unbelievable power. She unwittingly opens a third dimension, one that held a dangerous predatory species banished from Eric's world centuries ago, releasing these animals into both dimensions. Them... Once in Eric's homeland, Storey is blamed for the

calamity sentenced to death. When she escapes, Eric is ordered to bring her back or face that same death penalty. With nothing to lose, can they work together across dimensions to save both their worlds? [The Atheist's Bible](#) Zondervan "Chad Ford reminds us that humanity lies within all of us, and although conflict is everywhere in today's world, we have the tools we need to overcome

obstacles and to thrive. This is a fantastic, timely book that I highly recommend." -Steve Kerr, Head Coach, Golden State Warriors

Knowing how to transform conflict is critical in both our personal and professional lives. Yet, by and large, we are terrible at it. The reason, says longtime mediator Chad Ford, is fear. When conflict comes, our instincts are to run or fight. To transform conflict, Ford says we need to turn toward

the people we are in conflict with, put down our physical and emotional weapons, and really love them with the kind of love that leads us to treat others as fellow human beings, not as objects in our way. We have to open ourselves up with no guarantee that anyone on the other side will do the same. While this can feel even more dangerous than conflict itself, it allows us to see the humanity of

others so clearly that their needs and desires matter to us as much as our own. Ford shows dangerous love in action through examples ranging from his work in the Middle East to a deeply moving story about reconciling with his father. He explains why we disconnect from people at the very time we need to be most connected and the predictable patterns of justification

and escalation that ensue. Most importantly, he gives us a path to practice dangerous love in the conflicts that matter most to us.

A Dangerous Place A&C

Black
The Earth is a beautiful and wondrous planet, but also frustratingly complex and, at times, violent: much of what has made it livable can also cause catastrophe. Volcanic eruptions create land and produce

fertile, nutrient-rich soil, but they can also bury forests, fields, and entire towns under ash, mud, lava, and debris. The very forces that create and recycle Earth's crust also spawn destructive earthquakes and tsunamis. Water and wind bring and spread life, but in hurricanes they can leave devastation in their wake. And while it is the planet's warmth that enables life to thrive, rapidly increasing

temperatures are causing sea levels to rise and weather events to become more extreme. Today, we know more than ever before about the powerful forces that can cause catastrophe, but significant questions remain. Why can't we better predict some natural disasters? What do scientists know about them already? What do they wish they knew? In *Dangerous Earth*, marine

scientist and science communicator Ellen Prager explores the science of investigating volcanoes, earthquakes, tsunamis, hurricanes, landslides, rip currents, and—maybe the most perilous hazard of all—climate change. Each chapter considers a specific hazard, begins with a game-changing historical event (like the 1980 eruption of Mt. St. Helens or the landfall and impacts of

Hurricane Harvey), and highlights what remains unknown about these dynamic phenomena. Along the way, we hear from scientists trying to read Earth's warning signs, pass its messages along to the rest of us, and prevent catastrophic loss. A sweeping tour of some of the most awesome forces on our planet—many tragic, yet nonetheless awe-inspiring—Dan gerous Earth

is an illuminating journey through the undiscovered, unresolved, and in some cases unimagined mysteries that continue to frustrate and fascinate the world's leading scientists: the “wish-we-knows” that ignite both our curiosity and global change. *Dangerous Designs* 100 Most Woohoo Storytime! Roys Bedoys learns what bad manners are at a restaurant. This is a great

book for children to learn good manners.
Dangerous Journey Black Dog & Leventhal Pub
 "The story of Daniel Ellsberg and his decision to steal and publish secret documents about America's involvement in the Vietnam War"--
That's Dangerous, Roys Bedoys! Penguin
 Leroy, Lydia's self centered domineering husband is found dead across the room from the unconscious

Lydia. Quiet, soft speaking, mild mannered
 Lydia is later charged with his murder.
 She was raised by a great aunt in the small town of Windfield.
 She and her aunt were charitable people and were loved by the community.
 She had degrees in mechanical engineering and interior design and loved to design window displays for the town merchants.
 However, she found it more

and more difficult to continue her career after marrying Leroy, a farmer.
Dangerous Prayers
 Routledge
 Recapture the joy of being a child and apply it to your relationship with God. Ask the difficult questions about faith, then just take Jesus at His word. Includes discussion guide.
Dangerous Love Copper Canyon Press
 Recipient of the 2015 PEN New England Award for Nonfiction

“The arrival of a significant young nonfiction writer . . . A measured yet bravura performance.” —Dwight Garner, *The New York Times* James Joyce’s big blue book, *Ulysses*, ushered in the modernist era and changed the novel for all time. But the genius of *Ulysses* was also its danger: it omitted absolutely nothing. Joyce, along with some of the most important publishers and

writers of his era, had to fight for years to win the freedom to publish it. The Most Dangerous Book tells the remarkable story surrounding *Ulysses*, from the first stirrings of Joyce’s inspiration in 1904 to the book’s landmark federal obscenity trial in 1933. Written for ardent Joyceans as well as novices who want to get to the heart of the greatest novel of the

twentieth century, *The Most Dangerous Book* is a gripping examination of how the world came to say Yes to *Ulysses*. *That’s Disgusting!* New World Library When philosophy rescued him from an emotional crisis, Jules Evans became fascinated by how ideas invented over two thousand years ago can help us today. He interviewed soldiers, psychologists,

gangsters, astronauts, and anarchists and discovered the ways that people are using philosophy now to build better lives. Ancient philosophy has inspired modern communities — Socratic cafés, Stoic armies, Epicurean communes — and even whole nations in the quest for the good life. This book is an invitation to a dream school with a rowdy faculty that includes twelve of the

greatest philosophers from the ancient world, sharing their lessons on happiness, resilience, and much more. Lively and inspiring, this is philosophy for the street, for the workplace, for the battlefield, for love, for life. *Dangerous Diaries* University of Chicago Press Opens for discussion behaviors a small child might entertain, including sculpting with cat poop and eating worms.

100 Most Dangerous Things on the Planet Don Hale After witnessing a murder, high school senior Stella Gordon is sent to Nebraska for her own safety where she chafes at her protection, but when she meets Chet Falconer it becomes harder for her to keep her guard up, and soon she has to deal with the real threat to her life as her enemies are actually closer than she thinks. **James**

Franco

Stackpole Books
 This highly controversial new book considers how the dangerous offender has become such a figure of collective anxiety for the citizens of rationalised Western societies. The authors consider: * ideas of danger and social threat in historical perspective * legal responses to violent criminals * attempts to predict dangerous behaviour *

why particular groups, such as women, remain at risk from violent crime. This inspired collection invites us to rethink the received wisdom on dangerous offenders, and will be of interest to students and scholars in the fields of criminology and the sociology of Risk.

Dangerous Offenders

Zondervan
 Considered one of the finest actors of his generation, James Franco

is also a multitalented writer and visual artist. Drawing from his experience in film and television work, Franco has produced a visually exciting and thought-provoking body of video works, multimedia installations, and large-scale sculptures. Drawn from the exhibition curated by Alanna Heiss and organized by the Clocktower Gallery, James Franco: The Dangerous Book Four

Boys explores themes of childhood and nostalgia, games and destruction. Each experimental film, suite of	drawings, and raw, childlike construction is presented as a window into the artist's mind. This dense and often diaristic	survey reflects Franco's interest in the contemporary American landscape of adolescence and young adulthood.
