Bulletin officiel des annonces civiles et commerciales Editions du Chat Noir  
#1 New York Times bestselling author  
Nicola Yoon is back with her second book, and just like Everything, Everything, it's an instant classic with a love story that's just

as intense as Maddy and Olly's--get ready for Natasha and Daniel. This book is inspired by Big History (to learn about one thing, you have to learn about everything). In *The Sun is Also a Star*, to understand the characters and their love story, we must know everything around them and everything that came before them that has affected who they are and what they experience. Two teens--Daniel, the son of Korean shopkeepers, and Natasha, whose

family is here illegally from Jamaica--cross paths in New York City on an eventful day in their lives--Daniel is on his way to an interview with a Yale alum, Natasha is meeting with a lawyer to try and prevent her family's deportation to Jamaica--and fall in love.

*Memorial de la librairie française* Hachette  
UK

Alexia Tarabotti, Lady Maccon, has settled into domestic bliss. Of course, being

Alexia, such bliss involves integrating werewolves into London High society, living in a vampire's second best closet, and coping with a precocious toddler who is prone to turning supernatural willy-nilly. Until, that is, she receives a summons that cannot be ignored. With husband, child, and Tunstells in tow, Alexia boards a steamer to cross the Mediterranean. But Egypt may hold more mysteries than even the indomitable Lady Maccon can handle. What does the vampire Queen of the Alexandria Hive really want from her? Why is the God-Breaker Plague suddenly expanding? And how has Ivy Tunstell suddenly become the most popular actress in all the British Empire? Timeless is the final book of the Parasol Protectorate series: a comedy of manners set in Victorian London, full of werewolves, vampires, dirigibles, and tea-drinking. *The Sun Is Also a Star* Capuchin Classics What is paganism? In this penetrating and tightly argued manifesto, French philosopher Alain de Benoist seeks to answer this question with passionate intellectual vigor and a tremendous erudition. Arising out of the "monotheism vs. polytheism" debate that reverberated

through Parisian intellectual circles in the late 1970s, this is neither a survey of ancient, pre-Christian religions, nor is it an argument on behalf of any modern neo-pagan sect. *On Being a Pagan* draws on Nietzsche, Heidegger, ancient philosophy and mythology, and biblical hermeneutics to articulate a pagan theology based on a common Indo-European foundation. In keeping with the critical tradition which harkens back to the Greek philosopher Celsus, Benoist contrasts the heroic pagan worldview with Christianity's attempts to hobble everything that is beautiful and strong. He compares the cyclical pagan conception of time to the de-mythologizing, linear understanding of history favored by the prophets. Most disturbingly, he traces the roots of modern totalitarianism and intolerance--of both the left and the right--to the leveling ideology of ancient Judeo-Christian monotheism, with its underlying rejection of diversity and *différence*. Originally published to wide critical acclaim in 1981, Benoist's text is as relevant today as it was when it first appeared--and perhaps even more so for the English-speaking world. This newly revised translation now features an

extensive interview with the author, and includes his reflections (both positive and negative) on the various groups and individuals that have attempted to resurrect the pagan spirit. Rather than simply dissecting the 2,000-year Christian interregnum, Benoist's greater purpose is to point the way forward to a world that could have been, and which may only now be in the first stages of being reborn.

**A Study in Silks** Oxford University Press Odette du Puigaudeau is best known for her major ethnographic work, *Arts et Coutumes des Maures*, a detailed study, in words and drawings, of the cultural world of the nomads of Mauretania. The present work explains how she came to write it. *Barefoot Through Mauretania* is an account of her first journey across the country by camel in 1933-4, with her life-long companion, Marion Senones. The book records the adventures of the two women during that year, often with a touch of humour. Above all, however, it presents a picture of a way of life that has, as they feared, almost vanished, and their determination that it should be recorded. Odette du Puigaudeau wrote a number of other books on different aspects of nomad

life, such as the salt caravans and date markets, as well as articles on prehistoric rock-drawings, and a charming tribute to her pet leopard, Rachid."

### **The Rejection of Consequentialism**

Stanford University Press

'Is there really such a thing as a perfect proposal? Over the next hundred days I intend to find out. I will find one hundred ways to propose to our Chief Proposer Suzie McKenzie and post the results here for your enjoyment. One thing's for sure, not one of my proposals will be on top of the Eiffel Tower with a dozen red roses.'

[Dance of the Assassins](#) Harper Collins

First English edition of a classic Verne novel. Jules Verne, celebrated French author of *Twenty Thousand Leagues Under the Sea* and *Around the World in 80 Days*, wrote over 60 novels collected in the popular series "Voyages Extraordinaires." A handful of these have never been translated into English, including *Invasion of the Sea*, written in 1904 when large-scale canal digging was very much a part of the political, economic, and military strategy of the world's imperial powers. Instead of linking two seas, as existing canals (the Suez and the Panama) did,

Verne proposed a canal that would create a sea in the heart of the Sahara Desert. The story raises a host of concerns — environmental, cultural, and political. The proposed sea threatens the nomadic way of life of those Islamic tribes living on the site, and they declare war. The ensuing struggle is finally resolved only by a cataclysmic natural event. This Wesleyan edition features notes, appendices and an introduction by Verne scholar Arthur B. Evans, as well as reproductions of the illustrations from the original French edition.

[Polybiblion](#) Anya Allyn

Yes, there were cataclysms (among them *The Flood*) in the course of history, but no, there was no evolution. The Earth's crust is relatively young and no more than a few thousand years ago; its poles were free of ice. Published in nine languages, this international best-seller puts the latest discoveries and new evidence against Darwin's 'Theory of Evolution'. The author, who owes his insights and expertise to numerous excavations he participated in, describes recent findings that -- in line with suppressed results of scientific research -- prove what seems unthinkable

to us today: Darwin is wrong.

**Sweet Silver Blues** Hachette UK

In contemporary philosophy, substantive moral theories are typically classified as either consequentialist or deontological. Standard consequentialist theories insist, roughly, that agents must always act so as to produce the best available outcomes overall. Standard deontological theories, by contrast, maintain that there are some circumstances where one is permitted but not required to produce the best overall results, and still other circumstances in which one is positively forbidden to do so. Classical utilitarianism is the most familiar consequentialist view, but it is widely regarded as an inadequate account of morality. Although Professor Scheffler agrees with this assessment, he also believes that consequentialism seems initially plausible, and that there is a persistent air of paradox surrounding typical deontological views. In this book, therefore, he undertakes to reconsider the rejection of consequentialism. He argues that it is possible to provide a rationale for the view that agents need not always produce the best possible overall outcomes, and this motivates one

departure from consequentialism; but he shows that it is surprisingly difficult to provide a satisfactory rationale for the view that there are times when agents must not produce the best possible overall outcomes. He goes on to argue for a hitherto neglected type of moral conception, according to which agents are always permitted, but not always required, to produce the best outcomes.

*On Being a Pagan* Scholastic Canada

Welcome to the Dead House. Three students: dead. Carly Johnson: vanished without a trace. Two decades have passed since an inferno swept through Elmbridge High, claiming the lives of three teenagers and causing one student, Carly Johnson, to disappear. The main suspect: Kaitlyn, "the girl of nowhere." Kaitlyn's diary, discovered in the ruins of Elmbridge High, reveals the thoughts of a disturbed mind. Its charred pages tell a sinister version of events that took place that tragic night, and the girl of nowhere is caught in the center of it all. But many claim Kaitlyn doesn't exist, and in a way, she doesn't - because she is the alter ego of Carly Johnson. Carly gets the day. Kaitlyn has the night. It's during the night that a

mystery surrounding the Dead House unravels and a dark, twisted magic ruins the lives of each student that dares touch it. Debut author Dawn Kurtagich masterfully weaves together a thrilling and terrifying story using psychiatric reports, witness testimonials, video footage, and the discovered diary - and as the mystery grows, the horrifying truth about what happened that night unfolds.

*The Dogs* Penguin

Why did a practice that had been considered a duty stop being a duty, or, conversely, why did daughters lose the right they had previously enjoyed of receiving from their parents the wherewithal to contribute to the support of their marriage? Despite the many historical and anthropological studies about dowry, to the best of my knowledge this is the first analysis of its disappearance. My hypothesis at a general level is that the institution of dowry was among the many fetters to the development of capitalism, such as entail, monopolies, and the privileges of the nobility, of churchmen, and of army officers, that disappeared as the influence of industrial capital spread worldwide. Yet

entail, monopolies, and privileges were abolished legally, whereas the dowry was not abolished legally, it disappeared in practice. Thus the question remains: what led individual families to change their customs regarding dowry? And they changed remarkably. I found that, in the seventeenth century, practically all propertied families in São Paulo endowed every one of their daughters, favoring them by giving dowries far exceeding the value of what their brothers would inherit later on. By the early nineteenth century, in contrast, long before the custom of dowry had disappeared, less than a third of the propertied families in São Paulo were endowing their daughters, and those who did gave comparatively smaller dowries, with a very different content, while some families endowed only one or two of several daughters. How to explain this transformation in customs? I will argue throughout this book that the practice of dowry altered because of changes in society, the family, and marriage. Since dowry is a transfer of property between family members, changes in the concept of property, in the way property is acquired and held, or in

business practices are relevant to an understanding of change in the institution of dowry, as are changes in the function of the family in society, the way it is integrated into production, and how it supports its members. The changes experienced by Brazilian society that help explain the decline and disappearance of the dowry are many of the same transformations that have been observed in more central regions of the Western world. Through a long process that started in the eighteenth century and continued into the early twentieth century, Brazil changed from a hierarchical, ancien régime type of society in which status, family, and patron-client relations were primary to a more individualistic society in which contract and the market increasingly reigned. A society divided vertically into family clans changed gradually into a society divided horizontally into classes. As the state grew stronger, it took over functions previously performed by the family, which in seventeenth-century São Paulo's frontier society had included municipal government and defense. Between the seventeenth and the late nineteenth

centuries, a new concept of private property developed. The family changed from being the locus of both production and consumption to being principally the locus of consumption, while "family" and "business" became formally separate. The power of the larger kin declined and the conjugal family became more important, and marriage was transformed from predominantly a property matter to an avowed "love" relationship, the economic underpinnings of which were no longer made explicit. At the same time there was a change from the strong authority of the patriarch over adult sons and daughters to their greater independence, and from arranged marriages to marriages freely chosen by the bride and groom. These transformations took place in Brazil starting in the eighteenth century and continuing throughout the nineteenth century in a gradual and complex manner so that both old and new characteristics often coexisted at a given time, sometimes even within the same family. As these changes occurred, the [The Good Fairies of New York](#) Macmillan In the Edwardian era beautiful half-Russian, Tatika, is enveloped in the

Quand on est une fée fantôme maigrichonne, de surcroît incapable de se dématérialiser avant 22 h 43, la vie n'est pas facile. Quand, en plus, une naïade, tellement belle que c'en est choquant, a le toupet d'emménager dans un appartement adjacent au vôtre, les choses se gâtent. Mais lorsque votre patron et ami, un vampire métamorphe au caractère de cochon, trouve le moyen de se volatiliser sans crier gare alors qu'il attend avec impatience un colis très spécial, là, ça devient franchement invivable. Octavie d'Urville, la fée fantôme la plus complexée de Londres, est bien décidée à enquêter sur sa disparition. Heureusement, Gloria, sa meilleure amie, et Clyde, démon

schizophrène, vont la soutenir. C'est alors que, submergée par les problèmes à ne plus savoir où donner de la tête, la vie décide de mettre sur sa route un charmant rouquin aux yeux verts qui ne laissera pas notre détective débutante indifférente. *One Hundred Proposals* Harper Collins

The ultimate TV companion book to Good Omens, a massive new television launch on Amazon Prime Video and the BBC, written and show-run by Neil Gaiman and adapted from the internationally beloved novel by Terry Pratchett and Neil Gaiman. '[It was] absurdly good fun...Terry charged Neil with getting it made, almost as his deathbed wish, so it's a real labour of love'

- David Tennant

In the beginning there was a book written by Terry Pratchett and Neil Gaiman about the forces of good and evil coming together to prevent the apocalypse, scheduled to happen on a Saturday just after tea. Now, that internationally beloved novel has been transformed into six hour-long episodes of some of the most creative and ambitious television ever made. Written and show-run by Neil Gaiman and directed by Douglas Mackinnon, this BBC Studios creation brings Good Omens spectacularly

to life, through a cast that includes David Tennant, Michael Sheen, Jon Hamm, Miranda Richardson, Josie Lawrence, Derek Jacobi, Nick Offerman, Jack Whitehall and Adria Arjona. Keep calm, because The Nice and Accurate Good Omens TV Companion is your ultimate guide to navigating Armageddon. Through character profiles and in-depth interviews with the stars and the crew, stunning behind-the-scenes and stills photography of the cast and locations, and a fascinating insight into costume boards and set designs, you will discover the feats of creativity and mind-boggling techniques that have gone into bringing an angel, a demon, and the Antichrist to the screens of people everywhere. This book will take you inside the world of Heaven and Hell (and Tadfield) and is set to shatter coffee tables around the world.

Dictionnaire de la langue française Orbit

It should have been a simple job. But for Garrett, a human detective in a world of gnomes, tracking down the woman to whom his dead pal Danny left a fortune in silver is no slight task. Even with the aid of Morley, the toughest half-elf around, Garrett isn't sure he'll make it out alive

from a land where magic can be murder, the dead still talk, and vampires are always hungry for human blood.

*Cabinet Organs* Penguin

She was tall, blonde, and offering Garrett an irresistible fee to take a case that seemed open and shut. But in a town of elves and humans, thugs and swindlers—a place where magic and religion could prove an all-too potent mix—Garrett had learned to take a long, hard look before saying yes. Garrett's doubts are confirmed when the Grand Inquisitor comes looking for his help in the lovely lady's wake. But even a hard-boiled detective like Garrett, with a Dead Man for an ally and the toughest half-elf in town guarding his back, can find that it's too late to say no. Turns out Garrett's been fingered as the latest sacrifice to a long-dead god—and his only chance to save his neck is to solve the case.

A chilling young adult sci fi that will twist your mind. By the author of the best selling series, The Dark Carousel. The hidden, tropical valley of Lake Ephemeral seemed like a paradise. When orphan Seraphin is told her mother is alive and living in this idyllic valley, she's overjoyed. At last, she can have a family. But something is wrong in Lake Ephemeral. Seven mansions surround the lake, and it is forbidden to enter the seventh. Seraphin accidentally discovers the terrifying secret inside the seventh manor. A group of scientists is experimenting on the children. But there's no escape. No resident of the valley ever sets foot outside the high, iron

fences that surround it - not even when a young girl falls ill and dies. In her seventeenth year, Seraphin will make a bold but desperate plan. The clock is ticking. The experiments carried out on her when she was just a child are about to change her in ways she does not yet understand. "...this novel was unique and interesting and exciting from beginning to end. A refreshing change of pace from your typical YA novel. One part mystery, one part thriller, one part science fiction with a particular emphasis on the science. It was truly a gem to find." Jess \*Harbinger of Blood-Soaked Rainbows\* (Goodreads reviewer) Lake Ephemeral is also published in France by publisher, Editions du Chat Noir. par A. Beaujean Penguin

Now in paperback--the internationally acclaimed psychological thriller from Governor General's Award nominee Allan Stratton. Cameron and his mom have been on the run for five years. His father is hunting them--or at least that's what Cameron's been told. When they settle into an isolated farmhouse, Cameron soon finds himself embroiled in the unsolved mystery of a woman and child who disappeared decades ago, and he starts to hear and see things that just aren't possible. What's hiding in the night? What's buried in the past? Are there dark secrets to uncover, or is Cameron's own mind playing tricks on him? In The Dogs, acclaimed author Allan Stratton manages to deliver at once a page-turning thriller and a powerful exploration of the realities of domestic violence and its after-effects.
