CRANE COCHRAN

Franquin's Last Laugh
9th Cinebook
By placing comics in a lively dialogue with contemporary narrative theory, *The Narratology of Comic Art* builds a systematic theory of

narrative comics, going beyond the typical focus on the Anglophone tradition. This involves not just the exploration of those properties in comics that can be meaningfully investigated with existing narrative theory, but an interpretive study of the potential in narratological concepts and analytical procedures that has hitherto been overlooked.

This research monograph is, then, not an application of narratology in the medium and art of comics, but a revision of narratological concepts and approaches through the study of narrative comics. Thus, while narratology is brought to bear on comics, equally comics are brought to bear on narratology. **Kid Beowulf and the**

SOON TO BE A MAJOR MOTION PICTURE • From one of the great comic innovators, the long-awaited fulfillment of a pioneering comic vision: the story of a corner of a room and of the events that have occurred in that space over the course of hundreds of thousands of years. "A book like this

comes along once a decade, if not a century.... I guarantee that you'll remember exactly where you are, or were, when you first read it." —Chris Ware, *The Guardian* "In Here McGuire has introduced a third dimension to the flat page. He can poke holes in the space-time continuum simply by imposing frames that act as transtemporal windows into the larger frame that stands for the provisional now. Here is the comic-book equivalent of a scientific breakthrough. It

is also a lovely evocation of the spirit of place, a family drama under the gaze of eternity and a ghost story in which all of us are enlisted to haunt and be haunted in turn."

—The New York Times Book Review With full-color illustrations throughout.

Asterix and The Golden Sickle Pantheon

Jean and Germaine are the most affable couple the little village of Colle sur Loup has ever seen. A duke married to a commoner, they have no children, no jobs, and are

disastrous cooks! They like to indulge in life's small pleasures; their books, their garden, and their after-lunch naps. They live for each other, and for their love. Their simple happiness intrigues, fascinates, infuriates and is the envy of all those around them. Daniel Pennac knew Jean and Germaine well. He spent his time at their house reading, watching, learning, and, of course, trying Germaine's catastrophic efforts in the kitchen! He's now taken it upon himself to tell the

story of those happy days, and of a love that has always captivated him. Spirou And The Heirs Simon and Schuster Beowulf and Grendel are in war-torn Spain, where honor is hard-fought, allegiances are dubious, and the bulls run wild! Amidst it all comes a young knight named Rodrigo, who fights for the name he's lost, the land he loves, and the virtue they've both forgotten. "Kid Beowulf and the Rise of El Cid," is the third book in the acclaimed graphic novel adventure

series "Kid Beowulf!"

This is a collection of darkly comic standalone strips by a cartoonist Herge (Tintin) idolized.

Die Laughing, which is executed in stark black and white, takes aim at everyone and everything in its scathing critique of modern life, but is particularly ruthless toward animal abusers, the military industrial complex, and death penalty enthusiasts. Franquin's loose but meticulous line work features expressionistic shadows and silhouettes that infuse his depressed, repressed, and oppressed characters with a disturbing manic energy. Die Laughing is filled with

visual gags and gag-inducing visuals that will haunt you.

Old Lady Harley DC Comics

In this graphic novel, three cutting-edge, world-renowned cartoonists team up to tell a tale of an 18th-century pirate — one who's more gallows fodder than a Hollywood swashbuckler. Guy is no master mariner, with a clipped red (or black) beard. He's just an ordinary member of the crew — able enough, but also a lazy, cowardly liar,

a drunkard, and a thief. His story is told in two allegorical parts: "The Blowout" and "The Hangover." Three contemporary comics titans, Belgian Olivier Schrauwen (*Parallel Lives*) and the French duo Ruppert and Mulot (*The Perineum Technique*) collaborate to bring you the best pictorial and narrative elements of the great tales of the sea — bright colors, grand battles, gallows humor — in this tour de force of black comedy. *The Marsupilami Thieves*
