The EveryGirl's Guide to Life Harper Collins

An exploration of the fast food industry in the United States, from its roots to its long-term consequences.

Satellite Sisters : Uncommon Senses Springer

Do your desires have you going around in circles? You may be looking for fulfillment in all the wrong places. You vowed you'd never repeat the same mistakes—yet you find yourself right where you started. What is it that keeps drawing you back into the same old traps? The fact is, your longings are built from the blueprint of your needs: for protection, for love, for God. And those needs aren't going anywhere. Sheila speaks candidly about the trials in her life, including the heartache of her first marriage, and intertwines her story with the biblical saga of King David. As both Sheila's and David's stories make clear, some cravings are misguided, but they all stem from the same hunger—and they will haunt you until that hunger gets satisfied properly. If you keep reaching out to the wrong people at the wrong times in your own life, *The Longing in Me* will help you understand that your cravings are not the problem. It's where they lead you that makes all the difference.

Penned by the very first Crayon Activist, Bellen Woodard, this picture book will tug at readers' heartstrings and inspire them to make a difference! When Bellen Woodard's classmates referred to "the skin-color" crayon, in a school and classroom she had always loved, she knew just how important it was that everyone understood that "skin can be any number of beautiful colors." This stunning picture book spreads Bellen's message of inclusivity, empowerment, and the importance of inspiring the next generation of leaders. Bellen created the More Than Peach Project and crayons with every single kid in mind to transform the crayon industry and grow the way we see our world. And Bellen has done just that! This moving book includes back matter about becoming a leader and improving your community just like Bellen. Her wisdom and self-confidence are sure to encourage any young reader looking to use their voice to make even great spaces better!

Outsider musicians can be the product of damaged DNA, alien abduction, drug fry, demonic possession, or simply sheer obliviousness. This book profiles dozens of outsider musicians, both prominent and obscure—figures such as The Shaggs, Syd Barrett, Tiny Tim, Jandek, Captain Beefheart, Daniel Johnston, Harry Partch, and The Legendary Stardust Cowboy—and presents their strange life stories along with photographs, interviews, cartoons, and discographies. About the only things these self-taught artists have in common are an utter lack of conventional tunefulness and an overabundance of earnestness and passion. But, believe it or not, they're worth listening to, often outmatching all contenders for inventiveness and originality. A CD featuring songs by artists profiled in the book is also available.

America urgently needs a new direction. But who will provide it? The time has come to move the country forward with a clear agenda based on common sense for the common good. THERE IS A BETTER WAY. Make no mistake: Congressmen Eric Cantor, Paul Ryan, and Kevin McCarthy are proud Republicans. But they believe the party had lost sight of the ideals it believes in, like economic freedom, limited government, the sanctity of life, and putting families first. This isn't your grandfather's Republican party. These Young Guns of the House GOP—Cantor (the leader), Ryan (the thinker), and McCarthy (the strategist)—are ready to take their belief in the principles that have made America great and translate it into solutions that will make the future even better, solutions that will create private sector jobs, maximize individual freedom, and establish a better world for our children. This groundbreaking book is a call to action that sets forth a plan for growth, opportunity, and commitment that will propel this country to prosperity once again. Together, the Young Guns are changing the face of the Republican party and giving us a new road map back to the American dream.

More Than Peach (Bellen Woodard Original Picture Book) Harper Collins

"A brilliant, witty, and altogether satisfying book." — New York Times Book Review The classic work on the development of human language by the world's leading expert on language and the mind In *The Language Instinct*, the world's expert on language and mind lucidly explains everything you always wanted to know about language: how it works, how children learn it, how it changes, how the brain computes it, and how it evolved. With deft use of examples of humor and wordplay, Steven Pinker weaves our vast knowledge of language into a compelling story: language is a human instinct, wired into our brains by evolution. *The Language Instinct* received the William James Book Prize from the American Psychological Association and the Public Interest Award from the Linguistics Society of America. This edition includes an update on advances in the science of language since *The Language Instinct* was first published.

Designing with Smell aims to inspire readers to actively consider smell in their work through the inclusion of case studies from around the world, highlighting the current use of smell in different cutting-edge design and artistic practices. This book provides practical guidance regarding different equipment, techniques, stages and challenges which might be encountered as part of this process. Throughout the text there is an emphasis on spatial design in numerous forms and interpretations - in the street, the studio, the theatre or exhibition space, as well as the representation of spatial relationships with smell. Contributions, originate across different geographical areas, academic disciplines and professions. This is crucial reading for students, academics and practitioners working in olfactory design.

What the struggle over the Indonesian rainforests can teach us about the social frictions that shape the world around us Rubbing two sticks together produces heat and light while one stick alone is just a stick. It is the friction that produces movement, action, and effect. Anthropologist Anna Lowenhaupt Tsing challenges the widespread view that globalization invariably signifies a clash of cultures, developing friction as a metaphor for the diverse and conflicting social interactions that make up our contemporary world. Tsing focuses on the rainforests of Indonesia, where in the 1980s and 1990s capitalist interests increasingly reshaped the landscape not so much through corporate design as through awkward chains of legal and illegal entrepreneurs that wrested the land from previous claimants, creating resources for distant markets. In response, environmental movements arose to defend the rainforests and the communities of people who live in them. Not confined to a village, province, or nation, the social drama of the Indonesian rainforests includes local and national environmentalists, international science, North American investors, advocates for Brazilian rubber tappers, United Nations funding agencies, mountaineers, village elders, and urban students—all drawn into unpredictable, messy misunderstandings, but misunderstandings that sometimes work out. Providing an invaluable portfolio of methods for the study of global interconnections, Friction shows how cultural differences are in the grip of worldly encounter and reveals how much is overlooked in contemporary theories of the global.

Grammar, Meaning, and Concepts: A Discourse-Based Approach to English Grammar is a book for language teachers and learners that focuses on the meanings of grammatical constructions within discourse, rather than on language as structure governed by rigid rules. This text emphasizes the ways in which users of language construct meaning, express viewpoints, and depict imageries using the conceptual, meaning-filled categories that underlie all of grammar. Written by a team of authors with years of experience teaching grammar to future teachers of English, this book puts grammar in the context of real language and illustrates grammar in use through an abundance of authentic data examples. Each chapter also provides a variety of activities that focus on grammar, genre, discourse, and meaning, which can be used as they are or can be adapted for classroom practice. The activities are also designed to raise awareness about discourse, grammar, and meaning in all facets of everyday life, and can be used as springboards for upper high school, undergraduate, and graduate level research projects and inquiry-based grammatical analysis. Grammar, Meaning, and Concepts is an ideal textbook for those in the areas of teacher education, discourse analysis, applied linguistics, second language teaching, ESL, EFL, and communications who are looking to teach and learn grammar from a dynamic perspective.

In 100 to 1 in the Stock Market, Thomas Phelps discloses the secrets and strategies to increasing your wealth one hundredfold through buy-and-hold investing. Unlike the short-term trading trends that are popular today, Phelps's highly logical, yet radical approach focuses on identifying compounding machines in public markets, buying their stocks, and holding these investments long term for at least ten years. In this indispensable guide, Phelps analyzes what made the big companies of his day so profitable for the diligent, long-term investor. You will learn how to identify and invest in profitable business models without visible growth ceilings that will quickly increase your earnings. Worth its weight in gold (and then some), 100 to 1 in the Stock Market illuminates the way to the path of long-term wealth for you and your heirs. With this classic, yet highly relevant approach, you will pick companies wisely and watch your investments soar! Thomas William Phelps (1902-1992) spent over 40 years in the investing world working as a private investor, columnist, analyst, and financial advisor. His illustrious investing career began just before the stock market crash in 1929 and lasted into the 1970s. In 1927, he began his career with The Wall Street Journal where he was a reporter, news editor, and chief. Beginning in 1936, he edited Barron's National Financial Weekly. From 1949 to 1960, he served as an assistant to the chairman and manager of the economics department at Socony Mobil Oil. Following this venture, he was a partner in the investment firm of Scudder, Stevens & Clark until his retirement in 1970. From bestselling author Ann Rule comes the true story of Bradly Morris Cunningham, the handsome and successful entrepreneur who married five different women and destroyed each of them. The author of eight New York Times bestsellers, Ann Rule first won nationwide acclaim with *The Stranger Beside Me*, about serial killer Ted Bundy. Her Crime Files volumes, based on fascinating case histories, have assured her reputation as our premier chronicler of crime. Now the former Seattle policewoman brings us the horrific account of a charismatic man adored by beautiful and brilliant women who always gave him what he wanted...sex, money, and even their very lives. When attorney Cheryl Keeton's brutally bludgeoned body was found in her van in the fast lane of an Oregon freeway, her husband, Brad Cunningham, was the likely suspect. But there was no solid evidence linking him to the crime. He married again, for the fifth time, and his stunning new wife, a physician named Sara, adopted his three sons. They all settled down to family life on a luxurious estate. But gradually, their marriage became a nightmare... In this gripping account of Cheryl's murder, Ann Rule takes us from Brad's troubled boyhood to one of the most bizarre trials in legal history, uncovering multiple marriages, financial manipulations, infidelities, and monstrous acts of harassment and revenge along the way. *Dead By Sunset* is Ann Rule at her riveting best.
