Return to the "addictively readable" (Chicago Tribune) Midnight Breed vampire romance series with an explosive novel of paranormal seduction and dangerous thrills from New York Times and #1 international bestselling author Lara Adrian. Daywalker Brynne Kirkland survived a hellish upbringing as a product of a madman's lab. Tough, driven, and devoted to her work in law enforcement, Brynne has never dared to risk opening her heart to anyone—least of all a handsome immortal from a world on the verge of war against hers. Atlantean warrior Zael left the intrigue of his realm several lifetimes ago, along with the battles he fought as one of the queen's legion. As a free-spirited loner walking the fringe of two worlds—that of his secretive and powerful people, and the outside world belonging to mankind and the Breed—it was never his intention to return to combat and bloodshed. Nor had he imagined that he might ever be tempted into anything stronger than desire . . . until he meets Brynne. Thrust together as allies of the Order in the fight against a diabolical enemy, Zael and Brynne embark on a mission that will ultimately force them to decide between duty to their people, and a passion that defies all bounds.

When former attorney Jan de Fries heads out fishing in the North Sea, he expects to return home with nothing but a fresh catch. He is shocked to find the body of a young woman in his fishing net instead of the shrimp he was trawling for. The police rule the death an unfortunate result of a boating accident, but Jan and the dead woman's sister, Eva Ehrlich, come to a different conclusion: murder. At first, Jan refrains from helping Eva in her investigation of the suspicious circumstances surrounding her sister's death. Yet Eva's beautiful blue-eyed charm soon convinces Jan to get involved, and when a second body is found in the harbor—a corpse marked by signs of violence—Jan starts to fear that he's in over his head. Will he be able to stop a killer before more people meet a watery end?

From New York Times bestselling author Tess Gerritsen, a terrifying novel of deadly proportions as an ER doctor tries to determine the cause and cure of a fatal and mysterious virus before it becomes an epidemic. The quiet overnight shift at Springer Hospital ER suits Dr. Toby Harper just fine—until she admits a man in critical condition from a possible viral infection of the brain. The delirious man barely responds to treatment—and then disappears without a trace. Before Toby can find him, a second case occurs, revealing a terrifying fact: the virus can only be spread through direct tissue exchange. Following a trail of death that winds from a pregnant sixteen-year-old prostitute to her own home, Toby discovers the unthinkable: the epidemic didn't just happen—someone let it loose....
