Discover an empowering new way of understanding your multifaceted mind—and healing the many parts that make you who you are. Is there just one “you”? We’ve been taught to believe we have a single identity, and to feel fear or shame when we can’t control the inner voices that don’t match the ideal of who we think we should be. Yet Dr. Richard Schwartz’s research now challenges this “mono-mind” theory. “All of us are born with many sub-minds—or parts,” says Dr. Schwartz. “These parts are not imaginary or symbolic. They are individuals who exist as an internal family within us—and the key to health and happiness is to honor, understand, and love every part.” Dr. Schwartz’s Internal Family Systems (IFS) model has been transforming psychology for decades. With *No Bad Parts*, you’ll learn why IFS has been so effective in areas such as trauma recovery, addiction therapy, and depression treatment—and how this new understanding of consciousness has the potential to radically change our lives. Here you’ll explore:

- The IFS revolution—how honoring and communicating with our parts changes our approach to mental wellness
- Overturning the cultural, scientific, and spiritual assumptions that reinforce an outdated mono-mind model
- The ego, the inner critic, the saboteur—making these often-maligned parts into powerful allies
- Burdens—why our parts become

distorted and stuck in childhood traumas and cultural beliefs

- How IFS demonstrates human goodness by revealing that there are no bad parts
- The Self—discover your wise, compassionate essence of goodness that is the source of healing and harmony
- Exercises for mapping your parts, accessing the Self, working with a challenging protector, identifying each part’s triggers, and more

IFS is a paradigm-changing model because it gives us a powerful approach for healing ourselves, our culture, and our planet. As Dr. Schwartz teaches, “Our parts can sometimes be disruptive or harmful, but once they’re unburdened, they return to their essential goodness. When we learn to love all our parts, we can learn to love all people—and that will contribute to healing the world.”

What makes this book different is that its author KNOWS this exam. He has worked with over 1000 students since 1999 on

the MTEL. Most MTEL books are written by professors who have never personally worked with any MTEL student. How can they really know about this exam? Many books and Internet products are actually written for other states' exams. They only CHANGE THE COVER to read "MTEL." This book was created with you in mind. People with learning differences, those who need help with ESL, and many others with and without special issues have had great success with ETI's programs and study materials—our students' passing rates increase over 500%. The curriculum is straightforward and concise, and it builds upon itself to help with the learning process. The students who have been through ETI's MTEL (Massachusetts Tests for Educator Licensure) programs since 1999 say that it is the best in Massachusetts. They know; they have been through them all. The author's over 1500 students have offered experiences, suggestions, and feedback that are integrated in the strategies and skills presented. This book is important because it includes all of the skills you need to pass this exam. Nothing extra is included, and everything that is included is essential. The strategies are tested and approved by hundreds of test takers who have provided feedback and novel ideas over the last ten years.
