The book is the story of a school going kid of 11years who thinks Abdul Kalam as his mentor. The journey of the boy in the book is all about exploring about the missile man. Later at the age of 16, he tends to start an adventure travel in to the lifeline of Kalam since a kid till his last days. The book is a fantasy fiction with lots of emotions shown towards a person whom the boy in the story considers as his mentor. The book gives lots of information about Kalam's literary works. This is not a mere book with a story but the journey of a successful human through whose teachings young children can have an idea of laying path to their golden future. Some Reviewer's Verdicts: 1. Though a simple book, this has ample amounts of necessary information about the great man 'Abdul Kalam'!!! A must read for an young Indian. 2. If you are feeling low in your life then this book is for you. It is a story of an eleven years old boy who goes on exploring Dr.APJ Abdul Kalam. All the best to this young author, Eshan. It's a wonderful start. The book is a must read for each and every youth. 3. First and foremost what I liked is the concept of the plot when most of student of your age come with a over fried love story you have really engrossed the readers through the uniqueness of the plot. Secondly the language and vocabulary was really good taking on account of readers of every age group. And I must say it's a great going for a kid of only 16. Wonderful! 4. A book to change your perception towards life. You get moved. Moved by knowing about the life and thoughts of Kalam, moved by the feelings of a 12

year old kid to a 16 year old teenager, and by the fact that such complex matter can be explained with such simplicity, yet with such grace. You are a different person when you finish the last page. 5. The Teacher I Never Met by Eshan Sharma is a book based on the life of late Bharat Ratna Dr.APJ Abdul Kalam. I must say it is really very well written. And the cover of the book too looks Professional, classy and attractive. A young Author of 17 has done a commendable work at a very young age. I would rate this book a perfect 5. 6. Way of writing is very interesting and simple. Chapters are arranged systematically, thus giving wonderful experience while reading. 7. Awesome masterpiece ! A must buy book. □ If somebody's seeking for true inspiration, the book serves it all .Hats off to the author of this book.Loved it ! Happy reading ! 8. "It really inspired me and the way of narration, dragged me to read it in one go. The book is going to inspire the youths" 9. "You have kept the language simple, that's make it readable." 10. "your simplistic approach and the clarity of idea conveys the beautiful message that you want to convey." 11. "I am simply moved. It's very well written! Being a teenager it has inspired me a lot." 12. " I just want to say that "I am Motivated". The way you narrate the story with your own experiences, it is awesome. " Best Wishes: "At this very young age of 17 , you have drafted your love for this great scientist and teacher of the universe in a book which is the living example of his blessings and love to the children."- Saurabh Pandey, Director, India Think Council "It is wonderful to hear that you have written a novel about the late Dr. Abdul Kalam even whileyou are still at school. This book is an account of how Dr. Kalam visualizes information and Communication technology mining the rural talent. Here, Dr. Kalam presents his dream of schools in India at 2020 as symbiotic nerve centres connecting teachers, students and community; personifying knowledge that exists in the world. He also makes a clarion call to accelerate the process of societal transformation. This would involve raising the standards of governance and safeguarding the sanctity of public institutions. The book uses the metaphor of a tree to describe the process of knowledge bearing fruits of prosperity in the contemporary globalised world where different phases, formative, adult working life, and post-50 experienced senior citizens, call for different kinds of learning. The book refers to a contextual contribution of a large number of

Indian scientists and artists and proves that there is no age bar to blossom. He advocates creation of conditions that favour growth of diverse individual talents akin to a garden and calls for a scientific mind-set guided by conscience, consensus and by actions that take our social and moral values into account in building our own systems. The book extensively draws from the world literature making an essential inspirational reading. YOU ARE BORN TO BLOSSOM by A.P.J. It was like any other day on the Anna University campus in Chennai. As I was returning to my room in the evening, the vice-chancellor, Prof. A. Kalanidhi, fell in step with me. Someone had been frantically trying to get in touch with me through the day, he said. Indeed, the phone was ringing when I entered the room. When I answered, a voice at the other end said, 'The prime minister wants to talk with you.' Some months earlier, I had left my post as Principal Scientific Adviser to the Government of India to return to teaching. Now, as I spoke to the PM, Atal Bihari Vajpayee, my life was set for an unexpected change. *Turning Points* takes up the incredible Kalam story from where *Wings of Fire* left off. It brings together details from his career and presidency that are not generally known as he speaks out for the first time on certain points of controversy. It is a continuing saga, above all, of a journey - individual and collective - that will take India to 2020 and beyond as a developed nation.

What makes a nation great? Is it simply economic prosperity and military strength -- or something more? What is it that we as a nation require to make that last-mile journey to what all the plans, investments and projects are meant to lead up to? It is only a matter of time before India is termed economically developed. But a nation has to learn to survive in tough times too. And for that what is most important is national character, born out of the value systems that exist in our families, what schools teach students, and the culture of the nation. In *Pathways to Greatness*, A.P.J. Abdul Kalam shifts focus from the economic development of India by 2020 to the development of our strengths, offering key lessons that will help India withstand the forces of change. He identifies what makes a nation great and also compares the standards of living of other nations with India's. He draws on his travels and his interactions with people. He evolves unique oaths for citizens from all walks of life to ensure that a better life becomes possible for everyone. In the book he completed just a few months before he passed away in 2015, one of India's best-known icons writes how our nation can become a leader on the pathways to greatness.
