The Mushroom at the End of the World On the Possibility of Life in Capitalist Ruins *Required Reading: 13 Mushroom Books You Need To Have On Your Shelf* [6 Must-Have Wild Food Foraging Books](#)The Mushroom At The EndContent. The Mushroom at the End of the World uses the matsutake as a focal point for exploring what Tsing describes as the end of capitalist progress as ecological degradation and economic precarity proliferate in the twenty-first century. The

matsutake is considered a delicacy and is a mushroom that thrives in human-disturbed forests, foraged by humans in locales as diverse as Oregon, Yunnan ...The Mushroom at the End of the World - WikipediaA tale of diversity within our damaged landscapes, The Mushroom at the End of the World follows one of the strangest commodity chains of our times to explore the unexpected corners of capitalism. Here, we witness the varied and peculiar worlds of matsutake commerce: the worlds of Japanese gourmets, capitalist traders, Hmong jungle fighters, industrial forests, Yi Chinese goat herders, Finnish nature guides, and more.The Mushroom at the End of the World: On the Possibility ...The mushroom is at the end of the known world because it's hard to find, a secret tucked deep in the forest. But she's also hinting at the end of the world as we know it, given our instinct for extracting as much from the earth as we can.The Mushroom at the End of the World: On the Possibility ...science, so this book does. The Mushroom at the End of the Worldis the result of an original

merge of ethnography, scientific research and literature that aims to challenge the dominant rationalist narratives of progress by opening to a richer, more complex "There are also spores".
