Curtains, Draperies & Shades Charles Randall International

When Lizzy Hershberger turns fourteen, her schooling ends at eighth grade, and she has no choice but to leave home to work as an unpaid maid for another family. To avoid being rejected by her ultra-conservative Swartzentruber Amish family and community,

Lizzy is forced to abandon her dreams because they are "too worldly." After being raped by a man who becomes a deacon in her community, Lizzy makes her first attempt at "jumping the fence" to pursue a non-Amish lifestyle. But without any modern life experience or education, Lizzy considers whether the risks of this unpredictable and dangerous world are worth losing the ties to her Amish friends and family forever. Almost thirty years later, after she has created a new life

for herself, her small community is rocked by disturbing sexual assault allegations. Lizzy must decide whether to keep silent for her newly-created family's sake or come forward against the church to advocate for the Amish children she left behind. In 2019, Lizzy Hershberger successfully brought her abuser to justice in an extraordinarily rare case addressing sexual abuse in the Amish church. She faced death threats and intense pressure to stop telling her story. Lizzy

refused to back down, and she forged ahead to spark a national movement bringing awareness to the prevalence of sexual assault in isolated communities protected by religious liberties. This gripping true crime memoir reveals the truth behind one of America's most revered and secretive religious sects—hidden behind the blue curtains of the Amish lifestyle.

Young House Love Anchor In the long-awaited follow-up to her Pulitzer Prize-winning *Gulag*, acclaimed

journalist Anne Applebaum delivers a groundbreaking history of how Communism took over Eastern Europe after World War II and transformed in frightening fashion the individuals who came under its sway. At the end of World War II, the Soviet Union to its surprise and delight found itself in control of a huge swath of territory in Eastern Europe. Stalin and his secret police set out to convert a dozen radically different countries to Communism, a completely new political

and moral system. In *Iron Curtain*, Pulitzer Prize-winning journalist Anne Applebaum describes how the Communist regimes of Eastern Europe were created and what daily life was like once they were complete. She draws on newly opened East European archives, interviews, and personal accounts translated for the first time to portray in devastating detail the dilemmas faced by millions of individuals trying to adjust to a way of life that challenged their every belief and took

away everything they had accumulated. Today the Soviet Bloc is a lost civilization, one whose cruelty, paranoia, bizarre morality, and strange aesthetics Applebaum captures in the electrifying pages of *Iron Curtain*.
