Lonely Planet's The Best Things in Life are Free is packed full of money-saving tips, tricks and recommendations for the

best-value sights and experiences around the world. From parks, museums and exercise classes that are free, to insider ideas on food and experiences offered at great value, this book features over 60 major cities around the world and promises to help any traveller on a budget to make the most of their trip. Includes parks and gardens, street markets and food trucks, viewing points, museums and galleries, free experiences, spectator sports, city beaches, and much more. For many, free and cheap things are not only appealing but essential for stretching the funds to last as long as possible for an extended journey. Yet, even on a short trip, many unforgettable blasts of freedom and discovery can happen on a thin budget. You quickly realise that cheap can mean

much, much better. No fancy Roman trattoria dinner can truly rival the bread and cheese picnic in Villa Celimontana, a short walk from the Colosseum, on a visit to the Eternal City. Needless to say, the monetary value implied in the term 'free' can misrepresent what's on offer within these pages. The quality of an experience, after all, is not always attached to a price tag, such as the priceless experience of unearthing the world's secret wonders, whether that's swimming around Sydney's ocean pools or strolling the tombs and monuments of Delhi's Lodi Gardens. Additionally, it's an exaggeration to say that everything good is 100% free, so you'll find plenty of excellent value cheap things to experience throughout this book as well. Dip into your spare change for classy

street food like a choripán (chorizo sandwich) in Buenos Aires, the best views of Hong Kong's skyline from the Star Ferry and a Boston brewery tour. After using the tips in this book, you'll be left with great memories, a happier you and a grateful wallet. Happy travels!

The Universe Lonely Planet

Experience 60 of the world's greatest adventures on water - from sailing the Nile by felucca and cruising the Canadian Arctic, to exploring Pitcairn Island by cargo ship. With detailed accounts of each route, beautiful photos and practical tips on how to plan your own voyage, *Amazing Boat Journeys* will help you discover a more rewarding way of travelling. From the seafaring Polynesians to the Chinese Age of Discovery, travel by water shaped the world. That same spirit of exploration compels Lonely Planet writers today to travel by cargo freighter and fishing vessel to the world's most remote islands; to hop onto mailboats in the Bahamas; or to experience life on a historic sail-powered windjammer. These

journeys are eclectic and wide-ranging, from the wonder of a glass-bottomed boat ride through Florida springs to the ease of a thatch-roofed kettuvallam exploring Kerala's famed backwaters. Old-fashioned paddlesteamers ply the length of the Mississippi in the style of the 1800s, and cruise ships on the Yangtze feature enthusiastic karaoke in Mandarin. Off-the-beaten-path cruises include Antarctica and Papua New Guinea. On the opposite end of the spectrum from a weeks-long journey over open seas is the charm of seeing a city from the water, whether crossing Victoria Harbour via Hong Kong's classic Star Ferry, viewing the banks of London from the Thames, or traversing Bangkok on the Chao Phraya River. Each trip includes authoritative commentary, awe-

inspiring photography, and details of life on board the vessel, similar routes, and how to make the trip happen. A Little Life Lonely Planet Extraordinary? You bet. Elusive? Not quite. From Antarctica and the Amazon to Victoria Falls and the Great Wall of China, Lonely Planet reveals 101 spectacular sights and how to see them on any budget. Inspiring and practical, with expert advice on how and when to visit, where to stay and a range of itineraries, you'll discover how to visit the world's wonders in a way that suits you. This collection includes both natural and human-made sights across the world. We've selected locations that represent the best and most extraordinary 'places to be seen'. There are sights that most people have heard of: the Taj Mahal, Angkor Wat and the Great Wall of China. But also less famous sights that cannot fail to captivate: the

entwined tree bridges of Meghalaya in India, the intricate Islamic architecture of Naqsh-e Jahan in Iran, and the massive Buddhist temple of Borobudur in central Java. We've added museums with remarkable collections of wonders too, such as the Rijksmuseum in the Netherlands and the Smithsonian Institution in Washington D.C. The planet's natural wonders are no less awesome: giant trees in California, cascading lakes in Croatia, multi-coloured hills in China, great waterfalls, and natural phenomena like the wave of cherry blossom that sweeps across Japan each spring, and the light show of the auroras across the planet's northern and southern extremities. The book also explains how you can visit each wonder, whatever your budget. We've compiled a

guide to each one that recommends the best times to visit, how to get there, and where to stay and eat - however much you want to spend.
