Agents of Translation contains thirteen case studies by internationally recognized scholars in which translation has been used as a way of influencing the target culture and furthering literary, political and personal interests. The articles describe Francisco Miranda, the "precursor" of Venezuelan independence, who promoted translations of works on the French Revolution and American independence; 19th century Brazilian translations of articles taken from the *Révue Britannique* about England; Ahmed Midhat, a late 19th century Turkish journalist who widely translated from Western languages; Henry Vizetelly, who (unsuccessfully) attempted to introduce the works of Zola to a wider public in Victorian Britain; and Henry Bohn, who, also in Victorian Britain, (successfully) published a series of works from the classics, many of which were expurgated; Yukichi Fukuzawa, whose adaptation of a North American geography textbook in the Meiji period promoted the concept of the superiority of the Japanese over their Asian neighbours; Samuli Suomalainen and Juhani Konkka, whose translations helped establish Finnish as a literary language; Hasan Alí Yücel, the Turkish Minister of Education, who set up the Turkish Translation Bureau in 1939; the Senegalese intellectual, Cheikh Anta Diop, whose work showed that the Ancient Egyptians had African rather than Indo-European roots; the Centro Cultural de Évora theatre group, which introduced Brecht and other contemporary drama into Portugal after the 1974 Carnation Revolution; 20th century Argentine translators of poetry; Haroldo and Augusto de Campos, who have brought translation to the forefront of literary activity in Brazil; and, finally, translators of Bosnian poetry, many of whom work in exile.

This Modified eBook version of *The Broadview Anthology of British Literature: Concise Volume B, 3rd edition* omits in-copyright readings that are found in the print book. This ebook is available for purchase in the UK and select international markets. The two-volume *Broadview Anthology of British Literature: Concise Edition* provides an attractive alternative to the full six-volume anthology. Though much more compact, the Concise Edition nevertheless provides substantial choice, offering both a strong selection of canonical authors and a sampling of lesser-known works. With an unparalleled selection of illustrations and of contextual materials, accessible and engaging introductions, and full explanatory annotations, these volumes provide concise yet extraordinarily wide-ranging coverage for British Literature survey courses. New to this volume are Samuel

Beckett's *Endgame* and Robert Louis Stevenson's *Strange Case of Dr. Jekyll and Mr. Hyde*; new authors include Dorothy Wordsworth, John Clare, Tomson Highway, Derek Walcott, and Chimamanda Ngozi Adichie. The third edition now also offers substantially expanded representation of Irish, Scottish, and Welsh literatures, as well as contextual materials on Gothic literature, Modernism, and World War II. Material that no longer appears in the bound book may in most cases be found on the companion website; many larger works are also available in separate volumes that may at the instructor's request be bundled together with the anthology at no extra cost to the student.

International Who's Who in Poetry 2004 Broadview Press

This book is an edition and translation of one of the most important and celebrated sources of Old Norse-Icelandic mythology and heroic legend, namely the medieval poems now known collectively as the Poetic Edda or Elder Edda. Included are thirty-six texts, which are mostly preserved in medieval manuscripts, especially the thirteenth-century Icelandic codex traditionally known as the Codex Regius of the Poetic Edda. The poems cover diverse subjects, including the creation, destruction and rebirth of the world, the dealings of gods such as Óðinn, Þórr and Loki with giants and each other, and the more intimate, personal tragedies of the hero Sigurðr, his wife Guðrún and the valkyrie Brynhildr. Each poem is provided with an introduction, synopsis and suggestions for further reading. The Old Norse texts are furnished with a textual apparatus recording the manuscript readings behind this edition's emendations, as well as select variant readings. The accompanying translations, informed by the latest scholarship, are concisely annotated to make them as accessible as possible. As the first open-access, single-volume parallel Old Norse edition and English translation of the Poetic Edda, this book will prove a valuable resource for students and scholars of Old Norse literature. It will also interest those researching other fields of medieval literature (especially Old English and Middle High German), and appeal to a wider general audience drawn to the myths and legends of the Viking Age and subsequent centuries.

Teaching Poetry Penguin

The poetry of the First World War remains a singularly popular and powerful body of work. This Companion brings together leading scholars in the field to re-examine First World War poetry in English at the start of the centennial commemoration of the war. It offers historical and critical contexts, fresh readings of the important soldier-poets, and investigations of the war poetry of women and civilians, Georgians and Anglo-American modernists and of poetry from England, Ireland, Scotland, Wales and the former British colonies. The volume explores the range and diversity of this body of work, its rich afterlife and the expanding horizons and reconfiguration of the term 'First World War Poetry'. Complete with a detailed chronology and guide to further reading, the Companion concludes with a conversation with three poets - Michael Longley, Andrew Motion and Jon Stallworthy - about why and how the war and its poetry continue to resonate with us.

This collection uses a transnational approach to study contemporary English-language poetry composed by poets of South Asian origin. The poetry contains themes, motifs, and critiques of social changes, and the contributors seek to encapsulate the continually changing environments that these contemporary poets write about. The contributors show that English-language poetry in South Asia is hybridized with imagery and figurative language adapted from the vernacular languages of South Asia. The chapters examine women's issues, concerns of marginalized groups—such as the Dalit community and the people of Northeastern India—, social changes in Sri Lanka, the changing society of Pakistan, and the formation of the identity in the several nation states that resulted from the British colony of India.
