Nazi Literature in the Americas Simon and Schuster

"Falling stars are supposed to be a lucky sign, but not for Austen. Her new job as a secretary in an international games company isn't off to a good start. Her first assignment--decorating the Christmas tree in the lobby--results in a trip to the ER after Dee, the company's second-in-command, gets hit by the star-shaped tree topper. Dee blames her instant attraction to Austen on her head wound, not the magic of the falling star. She's determined not to act on it, especially since Austen has no idea that Dee is practically her boss"--Back cover.

By Night in Chile Simon and Schuster

This book approaches in novel form what steps Humanity needs to take to become a more than single planet species so we humans don't become extinct. The dinosaurs didn't have a Space Program. Picture a Tyrannosaurus in a space suit. It uses current and projected developments to advance into low Earth orbit, the Moon and the Lagrangian balanced gravity points. A small dedicated crew of explorers advance beyond earth orbit to Mars, the Asteroid Belt and dwarf planet Ceres. On an exploration of Jupiter's Trojan points in search of geologic resources they discover something that leads them eventually to a Star Gate. Established Scientists keep telling them what they are doing can't be done, but then take credit for their accomplishments.

On rainy mornings, Takao can never bring him-self to go to school—instead, he spends that time at the beautiful Shinjuku Gyoen gardens and finds a brief reprieve from everything else in his life among the trees and flowers. And on one of those mornings, he discovers a mysterious woman named Yukino in his haven, skipping work, and an unlikely friendship blooms between them. The Rings of Saturn Simon and Schuster

A chilling novel about the nightmare of a corrupt and brutal dictatorship. The star of Roberto Bolano's hair-raising novel *Distant Star* is Alberto Ruiz-Tagle, an air force pilot who exploits the 1973 coup to launch his own version of the New Chilean Poetry, a multimedia enterprise involving sky-writing, poetry, torture, and photo exhibitions. For our unnamed narrator, who first encounters this "star" in a college poetry workshop, Ruiz-Tagle becomes the silent hand behind every evil act in the darkness of Pinochet's regime. The narrator, unable to stop himself, tries to track Ruiz-Tagle down, and sees signs of his activity over and over again. A corrosive, mocking humor sparkles within Bolano's darkest visions of Chile under Pinochet. In Bolano's world there's a big graveyard and there's a big graveyard laugh. (He once described his novel *By Night in Chile* as "a tale of terror, a situation comedy, and a combination pastoral-gothic novel.") Many Chilean authors have written about the "bloody events of the early Pinochet years, the abductions and murders," Richard Eder commented in the *The New York Times*: "None has done it in so dark and glittering a fashion as Roberto Bolano."

Roberto Bolaño's Fiction Vintage

One more journey to the literary universe of Roberto Bolaño, an essential voice of contemporary Latin American literature Roberto Bolaño's boundless imagination and seemingly inexhaustible gift for shaping the chaos of his reality into enduring fiction is unmistakable in these three exhilarating

novellas. In 'Cowboy Graves', Arturo Belano - Bolaño's alter ego - returns to Chile after the coup to fight with his comrades for socialism. 'French Comedy of Horrors' takes the reader to French Guiana on the night after an eclipse where a seventeen-year-old answers a pay phone and finds himself recruited into the Clandestine Surrealist Group, a secret society of artists based in the sewers of Paris. And in 'Fatherland', a young poet reckons with the fascist overthrow of his country, as the woman he is obsessed with disappears in the ensuing violence and a Third Reich fighter plane mysteriously writes her poetry in the sky overhead. *Cowboy Graves* is an unexpected treasure from the vault of a master of contemporary fiction. These three fiercely original tales bear the signatures of Bolaño's extraordinary body of work, echoing the strange characters and uncanny scenes of his great triumphs, while deepening our understanding of his profound gifts.

Light from a Distant Star Forge Books

A "biographical dictionary" gathering 30 brief accounts of poets, novelists and editors (all fictional) who espouse fascist or extremely right-wing political views. *Nazi Literature in the Americas* was the first of Roberto Bolaño's books to reach a wide public. When it was published by Seix Barral in 1996, critics in Spain were quick to recognize the arrival of an important new talent. The book presents itself as a biographical dictionary of American writers who flirted with or espoused extreme right-wing ideologies in the twentieth and twenty-first centuries. It is a tour de force of black humor and imaginary erudition. *Nazi Literature in the Americas* is composed of short biographies, including descriptions of the writers' works, plus an epilogue ("for Monsters"), which includes even briefer biographies of persons mentioned in passing. All of the writers are imaginary, although they are all carefully and credibly situated in real literary worlds. Ernesto Pérez Masón, for example, in the sample included here, is an imaginary member of the real Orígenes group in Cuba, and his farcical clashes with José Lezama Lima recall stories about the spats between Lezama Lima and Virgilio Pinera, as recounted in Guillermo Cabrera Infante's *Mea Cuba*. The origins of the imaginary writers are diverse. Authors from twelve different countries are included. The countries with the most representatives are Argentina (8) and the USA (7).

Light from a Distant Star is a gripping coming-of-age story with a brutal murder at its heart and a heroine as unforgettable as Harper Lee's "Scout." It is early summer and Nellie Peck is on the cusp of adolescence--gangly, awkward, full of questions, but keenly observant and wiser than many of the adults in her life. The person she most admires is her father, Benjamin, a man of great integrity. His family's century old hardware store is failing and Nellie's mother has had to go back to work. Nellie's older half-sister has launched a disturbing search for her birth father. Often saddled through the long, hot days with her timid younger brother, Henry, Nellie is determined to toughen him up. And herself as well. Three strangers enter Nellie's protected life. Brooding Max Devaney is an ex-con who works in her surly grandfather's junkyard. Reckless Bucky Saltonstall has just arrived from New York City to live with his elderly grandparents. And pretty Dolly Bedelia is a young stripper who rents the family's small, rear apartment and becomes the titillating focus of Nellie's eavesdropping. When violence erupts in the lovely Peck house, the prime suspect seems obvious. Nellie knows who the real murderer is, but is soon silenced by fear and the threat of scandal. The truth, as she sees it, is shocking and unthinkable, and with everyone's eyes riveted on her in the courtroom, Nellie finds herself seized with doubt. No one will listen. No one believes her, and a man's life hangs in the balance. A stunning evocation of innocence lost, *Light from a Distant Star* stands as an incredibly moving and powerful novel from one of America's finest writers.

A Distant Trumpet New Directions Publishing

With the intrigue of a psychological thriller, Camus's masterpiece gives us the story of an ordinary man unwittingly drawn into a senseless murder on an Algerian beach. Behind the intrigue, Camus explores what he termed "the nakedness of man faced with the absurd" and describes the condition of reckless alienation and spiritual exhaustion that characterized so much of twentieth-century life. First published in 1946; now in translation by Matthew Ward.

Until now, creation scientists have not had a satisfactory answer to this puzzle, but the new cosmology outlined in this book offers a fresh and scientifically sound solution. Though he challenges some traditional creationist theories, Dr. Humphreys takes Scripture very straightforwardly, upholding its inerrancy and the idea of a young universe as he explains days one through four of creation week.
