Book #69 in the series,
Frank Zappa, Hot Rats.
Thought of as THE
Jazz/Rock Fusion record,
the album has become

legendary on so many levels. The performances were absolutely stunning & it was Ian Underwood's time to shine. His work on the Sax, Clarinet, Flute & Keyboards was groundbreaking & brought him International notoriety. Max Bennett (bass), John Guerin, Paul Humphrey & Ron Selico (drums), Sugarcane Harris & Jean-Luc Ponty (violin) all gave career best performances & yet, this album was still dominated by Frank Zappa! His Production & Engineering demands for the album

pushed forward the recording industry by a decade. Hot Rats was also the album where Zappa unleashed his guitar prowess to the world, stunning fans with his originality & fluidity, along with the sonic masterpieces he created. But more than anything, it was his songwriting. These pieces truly defied categorization, as Zappa merged the Blues, Jazz, R&B & Soul all into a collection of timeless Rock & Roll songs for the ages! In this New York Times bestseller, a single mother sets out to find the North Carolina man who sent a message meant for someone else . . . and the journey may change her life forever. Divorced and disillusioned about relationships, Theresa Osborne is jogging when she finds a bottle on the beach. Inside is a letter of love and longing to "Catherine," signed simply "Garrett." Challenged by the mystery and pulled by emotions she doesn't fully understand, Theresa

begins a search for this man that will change her life. What happens to her is unexpected, perhaps miraculous-an encounter that embraces all our hopes for finding someone special, for having a love that is timeless and everlasting.... Nicholas Sparks exquisitely chronicles the human heart. In his first bestselling novel, *The Notebook*, he created a testament to romantic love that touched readers around the world. Now in this New York Times

bestseller, he renews our faith in destiny, in the ability of lovers to find each other no matter where, no matter when... *Food and Wine Pairing* John Wiley & Sons For far too long the Guess Who have been "written off", especially in America, as nothing more than a prolific singles band, but it does not come near to telling the whole truth. Two of their outstanding albums have found their way into this Book Series, including *American Woman* & this stunning achievement, Share the

Land. Every single song is of the finest quality, with many becoming Rock Classics. The music ranges from straight-ahead Rock & Roll, to the Blues, Jazz, R&B and even Country, plus the lyrics were written in the aftermath of the Massacre at Kent State University. Here, Burton Cummings was at his very best laying out most of the ways in which the Status Quo has us trapped into living our lives for the benefit of society and not ourselves...all the while looking up towards God

and wondering why? This book digs deep into both the music & lyrics and helps the reader to understand why this brilliant collection of songs is so very important for humanity, especially today in this upside down world!

Food and Wine Pairing: A Sensory Experience

provides a series of discussion and exercises ranging from identifying basic wine characteristics, including visual, aroma, taste (acid, sweetness, oak, tannin, body, etc.), palate mapping (acid, sweet, sour, bitter, and tannin), basic food characteristics and anchors of each (sweet, sour, bitter, saltiness, fattiness, body, etc). It presents how these characteristics contrast and complement each other. By helping culinary professionals develop the skills necessary to

identifying the key elements in food or wine that will directly impact its matching based on contrast or similarities, they will then be able to predict excellent food and wine pairings.

The Dire Strait's album, Love Over Gold, saw songwriter, lead singer & guitarist Mark Knopfler take full control over not only his band but the finished product as well, as he added the title of

Producer to his credits. The result? The #16 Most Important Album of all time! From beginning to end, Knopfler created another masterpiece, to follow up Dire Strait's previous gem, Making Movies. And while Knopfler continued his new style of massive soundscapes on "Gold", lyrically he directed his genius wit towards the controlling elements of society, scathing the status quo over five, unforgettable songs that represented perhaps the finest songwriting in the

history of Rock music. Knopfler took the listener on a moving journey across society's landscape pointing out how the masses were being controlled & by whom. At times the album was intense & moving, suspenseful, painfully truthful, hysterically funny, caustic & severe & painstakingly tender & honest, it was unforgettable & taught us the value of Love Over Gold!

An inside look at how craft

beer makers and IPA devotees come together to brew, taste, and enjoy fine ale while also building a sense of community in Las Vegas Equally reviled and revered as Sin City, Las Vegas is both exceptional and emblematic of contemporary American cultural practices and tastes. Michael Ian Borer takes us inside the burgeoning Las Vegas craft beer scene to witness how its adherents use beer to create and foster not just a local culture but a locals'

culture. Through compelling, detailed first-hand accounts and interviews, *Vegas Brews* provides an unprecedented look into the ways that brewers, distributors, bartenders, and drinkers fight against the perceived and preconceived norm about what “happens in Vegas” and lay claim to a part of their city that is too often overshadowed by the bright lights of tourist sites. Borer shows how our interactions with the things we care about—and the ways that

we care about how they’re made, treated, and consumed—can lead to new senses of belonging and connections with and to others and the places where we live. In a world where people and things move around at an extraordinary pace, the folks Borer spent time talking (and drinking) with remind us to slow down and learn how to taste the “good life,” or at least a semblance of it, even in a city where style is often valued over substance. **Price list &c** Baltimore,

Book #17 in the series, Frank Zappa & the Mothers of Invention, We're Only in for the Money. Our reality has

become dominated by Corporations that spread Lies & Mediocrity, while destroying excellence in music. Frank Zappa created a MASTERPIECE that was the antithesis of what music has become today. Zappa laid society bare with a wildly funny, entertaining, thought-provoking & subversive album that screamed TRUTH! With Corporations in complete control of our governments & the CIA unchecked by any authority, other than its own, the world that Frank Zappa wrote about on this

album in 1968 could easily be mistaken for today. This book examines what was at the very heart of Zappa's message on We're Only in it for the Money & proceeds to tie it together with what is happening across the Earth today. The same small group that was running the United States in 1968, that hijacked the rebellion of America's youth by replacing the Freaks with LSD-laced Phoney Hippies out of San Francisco, are STILL IN POWER TODAY! **Lightning In a Bottle: A**

The Hissing of Summer Lawns was a landmark

album for Joni Mitchell as it followed up her biggest selling album (& one of the best ever released), Court & Spark. Mitchell could have chosen to play it safe & release Court & Spark part 2, but she didn't. She challenged her fan base with her growing appreciation of complex rhythms, jazzy chords & a style of musical progression that reflected rhetorical questions. Her lyrics were no longer easy to decode personal confessions but convoluted essays that observed the human

condition. Mitchell began to write about characters that portrayed the most controversial aspects of our controlled society, demonstrating that when we allow others to think for us, we are victims in life; whereas, when we take control of our thoughts we begin to experience true freedom, often for the first time. All of the questions that Mitchell asked on Hissing led her to the brilliant conclusion, Shadows & Light, that all life is DUALITY, "this & that" & not "this or that"! An

incredible book!
