CHURCH LACE. This book presents eight ecclesiastical patterns in pillow-lace. PREFACE. This is the earliest record of Church needlework, and it puts before us a model that even after the thousands of years that have since passed by, we shall do well to copy. Most people agree that everything that is intrinsically good and beautiful should be used to make and furnish our Churches, and we use rich colour and fine linen even as did the Israelites. It is to increase the possibilities for Church purposes of one particular craft that this little book is written. There follow here a few patterns of pillow-lace designed for use on fair linen. They are especially suitable for the fair linen of small and simply decorated churches. The aim has been to keep the designs appropriate, simple, dignified, practical. The work can be done by those who are only novices in the art of pillow-lace making, provided the worker takes due care. Originally published in 1920. Many of the earliest books on weavin

A HILARIOUS COMPILATION OF THE WORST JOB APPLICATIONS IMAGINABLE - A PERFECT STOCKING FILLER OR OFFICE SECRET SANTA GIFT THIS CHRISTMAS. Ever read a truly terrible job application? Or perhaps slightly exaggerated the truth on one of your own... We've all been there - but these are worse. So much worse. From overly-honest cover letters, embarrassing typos, and mortifying personal revelations, to awkward interview questions, misplaced self-confidence, and, of course, outright lies. This hilarious collection of shockingly dreadful job applications, crap CVs and excruciating interviews will have you laughing out loud, while also making you feel so much better about yourself - because at least you weren't ever this bad. . . . Application for Employment I refer to the recent death of the Technical Manager at your company and hereby apply for the replacement of the deceased manager. Each time I apply for a job, I get a reply that there is no vacancy but in this case I have caught you red-handed and you have no excuse because I even attended the funeral to be sure that he was truly dead and buried before applying. Attached to my letter is a copy of my CV and his death certificate. The Interview: Q. Is there anything about this job that you feel you might not be very good at? A. Dealing with people. Q. What person, living or dead, would you most like to meet? A. The living one.

Samantha is a little Christmas ornament angel who becomes self-centered and wants all the attention of sitting at the top of the Christmas tree. It took the kindness of someone to be able to see through her rough exterior and a near tragedy to help her become the angel she was meant to be.

Going Till You're Gone encourages Christians to develop and maintain a Kingdom-focused vision that will guide the latter years of their lives. It calls for a careful examination of the use of our resources. It appeals to older soldiers to encourage younger believers in the battle and to passionately help lead the charge. It helps readers imagine what is possible when a life is sold out for Christ. Most of all, Going Till You're Gone is a plea for godly examples—for older men and women who demonstrate a Kingdom-focused vision all the way to the finish line.

The definitive book on steak has never been written-until now "Of all the meats, only one merits its own structure. There is no such place as a lamb house or a pork house, but even a small town can have a steak house." So begins Mark Schatzker's ultimate carnivorous quest. Fed up with one too many mediocre steaks, the intrepid journalist set out to track down, define, and eat the perfect specimen. His journey takes him to all the legendary sites of steak excellence-Texas, France, Scotland, Italy, Japan, Argentina, and Idaho's Pahsimeroi Valley-where he discovers the lunatic lengths steak lovers will go to consume the perfect cut. After contemplating the merits of Black

Angus, Kobe, Chianina, and the prehistoric aurochs-a breed revived by the Nazis after four hundred years of extinction-Schatzker adopts his own heifer, fattens her on fruit, acorns, and Persian walnuts, and then grapples with ambivalence when this near-pet appears on his plate. Reminiscent of both Bill Bryson's and Bill Buford's writing, Steak is a warm, humorous, and wide-ranging read that introduces a wonderful new travel and food writer to the common table.

What woman doesn't love cute shoes? Rhonda Rhea's not afraid to admit her obsession with them-- or to use this "shallow" addiction as a basis for a book! High Heels in High Places is a biblical journey for women who want to go deeper in their spiritual lives, but also want fall-off-your-high-heels laughter along the way. Using Colossians 1:9-12 as a springboard, Rhonda takes women on a fun adventure infused with practical spiritual truth about what it means to walk worthy before God. This unique and hilarious exploration is perfect for the "shoe overachiever" in all of us. It makes a great gift for the woman who has it all (and just doesn't have enough closet space to store it), or can be an enlightening small group resource.
