When Jade, the only hearing member in
her family, and her older sister, Marla,
end up on the same softball team for the

summer, neither is happy about it. As
sisters, they are often at loggerheads,
but as teammates, they have to find
ways to get along. In spite of their
differences, they soon discover that each
has a lot to offer the other.

Right and wrong will cost you.... Lizzie Luck is magical. Apparently. The DNA test came back proving she's from the otherworld. She's unemployed, has 24 dollars in her account, and is so out of luck it's killing her. Things couldn't get worse, right? Wrong. When she winds up in the police station and comes to the attention of the city's richest, most charming and most powerful vampire, her fortunes take a turn for the worse. Soon she finds herself under contract to him. She has to agree to his terms, and in return, he'll find out who she is.... From magical murders to dangerously attractive vampires, Lizzie is thrust headfirst into a world of intrigue, mystery, and fantasy. With plenty of

action, adventure, wit, and romance, Angel: Private Eye is sure to please fans of Witch's Bell. A seven-book series, the first two books are currently available.

A Brief History of Tongue Crossroad Press

Billions of years ago, everything in the universe was crunched up into a tiny speck that was smaller than the period at the end of this sentence. How did this little speck become the universe we know today? Playful, alliterative verse

and clear prose tell the story of the universe's journey from speck to spectacular. Bold illustrations help uncover the secrets of the cosmos. The sky will never look the same again.

In order to understand common conditions such as coeliac disease and Crohn's disease, one must view the gut in its evolutionary context. This is the novel approach to the gut and its diseases that is adopted in this book. The first part tells the story of the evolution of the gut itself - why it came about and how it has influenced the evolution of animals ever since. The second part focuses on the evolution of immunity and how the layers of immune mechanisms are retained in the gut, resembling the strata revealed in an archeological dig. The final part, 'The Gastro-Archeologist', ties the first two together and highlights how

understanding the gut and immune system in their evolutionary context can help us understand diseases affecting them. Ambitious in its scope but telling a unique story from a refreshingly novel perspective, the book offers an informative and enjoyable read. As the story of the gut, immunity and disease unfolds, the author aims to endow readers with the same sense of awe and excitement that the subject evokes in him. Difficult concepts are illustrated using simple and colourful analogies, and the main content is supplemented with anecdotes and unusual and amusing facts throughout the book. The book is intended for anyone with an interest in the gut, its immunity and diseases, ranging from school and college biology and biomedical students,

to professionals working in the field, and to patients suffering from intestinal diseases who want to understand more about their conditions.

A provocative and urgent essay collection that asks how we can live with hope in “an age of ecocide” Paul Kingsnorth was once an activist—an ardent environmentalist. He fought against rampant development and the depredations of a corporate world that seemed hell-bent on ignoring a looming climate crisis in its relentless pursuit of profit. But as the environmental movement began to focus on “sustainability” rather than the defense of wild places for their own sake and as global conditions worsened, he grew disenchanted with the movement that

he once embraced. He gave up what he saw as the false hope that residents of the First World would ever make the kind of sacrifices that might avert the severe consequences of climate change. Full of grief and fury as well as passionate, lyrical evocations of nature and the wild, *Confessions of a Recovering Environmentalist* gathers the wave-making essays that have charted the change in Kingsnorth’s thinking. In them he articulates a new vision that he calls “dark ecology,” which stands firmly in opposition to the belief that technology can save us, and he argues for a renewed balance between the human and nonhuman worlds. This iconoclastic, fearless, and ultimately hopeful book, which includes the much-discussed “Uncivilization” manifesto, asks hard

questions about how we've lived and how we should live.

It's true. I'm not what most people would call "pretty" and, well, high school was rough. Fast forward ten years and life is good... Until a bunch of jerks think it's hilarious to put the "butterface" (AKA me) on a wedding Kiss Cam with the hottest guy ever—and that old humiliation hits hard. I recognize him immediately. The sexiest cop in Waterbury and totally out of my league. But then he kisses me. And we totally forget the room, the crowd, everything. Then he tells everyone we've been dating for months. Soon everything starts to feel too real, from adorable fights over "necessary" tools to fix my broken porch to surviving a free-for-all

dinner with his six siblings to picking up where our last kiss left off. But there's something he's not telling me about why he's really hanging around, and I'm pretty sure it has to do with my mob-connected brothers. Because this is not a make-over story, and Cinderella is only a fairy tale... Each book in the Hartigans series is STANDALONE: * Butterface * Muffin Top * Tomboy

Elijah "Li'l Nine" Hassahn born into the gritty environs of South Central Los Angeles in the late 1970s, is ripe to be molded by the first generation of the Crip movement. As a product of the first family of the Rollin 90s Neighborhood Crips, Elijah is forced to adapt to circumstances beyond his control. Shaped by poverty and pain, Elijah takes

lessons of survival from his street-savvy uncles, Big 9-Lives and Cannon, and navigates the school of hard knocks to the upper echelon of the Los Angeles underworld, where murder is currency and trauma a constant companion. Elise Cortez, beautiful, fearless, and deadly, is making her own mark in the L.A. underworld. In her ongoing mission to take back everything she feels was taken from her and quench her burning rage, her world collides with Elijah's to form an unholy alliance created by fate and vengeance. The City of Lost Angels wraps all in its wicked embrace. Will Elijah succumb to his fate in the streets, or will his choices crush the innocence he once knew and threaten his humanity?

 If you were ever a victim of Beatlemania

this book is for you! In the tradition of teenagers around the world, as a teenager the author had fantasized about meeting the Beatles. A strange thing happened to those teenage stories, though. They grew up and became a realistic story of one girl who did meet the Beatles. Tess Martin is an ordinary girl who is thrown into an extraordinary situation and tells her story so believably you quickly forget she and her experiences are fictional. Grounded in the reality of the 60's, the difficulties of fame, the discovery, uncertainty, and awakening sexuality of first love, her story incorporates Beatles history that makes it something that could have happened, characterizations of them that fans can believe, and a story line that will enchant, amuse, startle, and

keep you up half the night needing to read just one more chapter.

From the Big Bang to the Human Predicament Entangled: Amara

* A non-fiction, first-person account of human frailties falling victim to circumstance, this book is bristling in the vernacular, sexually explicit, and graphically descriptive in parts. * A married, 36-year old male teacher is falsely accused of having an affair with Ann, an 18-year old female student, in an Alternative School setting. * The involvement between this unlikely pair simmers in the heat of false accusation before bursting into a torrid love relationship. * The unknowing couple are stunned to learn they are not alone; the path they have traveled is neither unique nor novel, but a quite heavily

traversed and well-worn thoroughfare. * The story ends in tragedy as Ann, stalked by Misfortune for most of her life, falls victim to a final adversity, an inoperable brain tumor. * Ann dies, the memories remain, and the love lives on.

An Act of God (previously published as The Last Testament: A Memoir) is now a major Broadway show starring Jim Parsons (The Big Bang Theory) and directed by Joe Mantello (Wicked)

Over the course of his long and distinguished career, God has literally seen it all. And not just seen. In fact, the multitalented deity has played a pivotal role in many major events, including the Creation of the universe, the entirety of world history, and the successful transitioning of American Idol into the

post-Simon Cowell era. Sometimes preachy, sometimes holier-than-thou, but always lively, An Act of God is the ultimate celebrity autobiography.

Imagine ... a raven on the branch of a fruit tree speaks to you, complimenting you on the song you have just sung. You, Rodger Games, carpenter by day and guitar-player by night, are drawn by the wonder: the how, where, and why of its origins. A dialogue begins. But along with the mystery of the raven arrives the snake, a deadly 'breath-of-heaven', its assassin partner. The duo once worked for Shining Path, the Peruvian Maoist movement founded by the arch-ideologue, Zalo. Soon the trail leads to the Medellin Cartel and 'The Center' – a

secret institute staffed by the tutored sons of Mengele and located in the remotest Amazon. Adjacent to the dialogue appear farm workers and laborers – Black, White, Indian, and Hispanic – a young woman of focal beauty named Luana, and a midnight prowler who drives a black Porsche; and always, the ubiquitous digressions of memory. Where will it lead? To what end? Consider: ravens, snakes, and revolutionaries, God, Devil, man, and woman all transformed into a pair of dice ... roll 'em...whadaya get? The lucky seven? double-sixes? or snake-eyes? And with what consequence? The mystery is something of a creation myth. For eventually there is a harvest: the cruel scythe of political terrorism; the blessing of woman, fruit and song, and

the promise of a mystical union, for with the harvest is planted the seed of new potential ... Geringa.
