How The Secret Changed My Life Simon and Schuster

In September 2017, North Korea shocked the world by exploding the most powerful nuclear device tested anywhere in 25 years. Months earlier, it had conducted the first test flight of a missile capable of ranging much of the United States. By the end of that year, Kim Jong Un, the reclusive state's ruler, declared that his nuclear deterrent was complete. Today, North Korea's nuclear weapons stockpile and ballistic missile arsenal continues to grow, presenting one of the most serious challenges to international security to date. Internal regime propaganda has called North Korea's nuclear forces the country's "treasured sword," underscoring the cherished place of these weapons in national strategy. Fiercely committed to self-reliance, Kim remains determined to avoid unilateral disarmament. Kim Jong Un and the Bomb tells the story of how North Korea—once derided in the 1970s as a "fourth-rate pipsqueak" of a country by President Richard Nixon—came to credibly threaten the American homeland by November 2017. Ankit Panda explores the contours of North Korea's nuclear capabilities, the developmental history of its weapons programs, and the prospects for disarming or constraining Kim's arsenal. With no signs that North Korea's total disarmament is imminent over the next years or even decade, Panda explores the consequences of a nuclear-armed North Korea for the United States, South Korea, and the world.

Kim Jong Un and the Bomb Tuttle Publishing

NEW YORK TIMES BESTSELLER • A tale of vaulting ambitions, explosive feuds, worldly mistresses, fabulous art collections, and enormous wealth—a story of high drama in the world of high finance. • "Rips the roof off of one of Wall Street's most storied investment banks." —Vanity Fair Wall Street investment banks move trillions of dollars a year, make billions in fees, pay their executives in the tens of millions of dollars. But even among the most powerful firms, Lazard Frères & Co. stood apart. Discretion, secrecy, and subtle strategy were its weapons of choice. For more than a century, the mystique and reputation of the "Great Men" who worked there allowed the firm to garner unimaginable profits, social cachet, and outsized influence in the halls of power.

But in the mid-1980s, their titanic egos started getting in the way, and the Great Men of Lazard jeopardized all they had built.

William D. Cohan, himself a former high-level Wall Street banker, takes the reader into the mysterious and secretive world of Lazard and presents a compelling portrait of Wall Street through the tumultuous history of this exalted and fascinating company. Cohan deconstructs the explosive feuds between Felix Rohatyn and Steve Rattner, superstar investment bankers and pillars of New York society, and between the man who controlled Lazard, the inscrutable French billionaire Michel David-Weill, and his chosen successor, Bruce Wasserstein. Cohan follows Felix, the consummate adviser, as he reshapes corporate America in the 1970s and 1980s, saves New York City from bankruptcy, and positions himself in New York society and in Washington. Felix's dreams are dashed after the arrival of Steve, a formidable and ambitious former newspaper reporter. By the mid-1990s, as Lazard neared its 150th anniversary, Steve and Felix were feuding openly. The internal strife caused by their arguments could not be solved by the imperious Michel, whose manipulative tendencies served only to exacerbate the trouble within the firm. Increasingly desperate, Michel took the unprecedented step of relinquishing operational control of Lazard to one of the few Great Men still around, Bruce Wasserstein, then fresh from selling his own M&A boutique, for \$1.4 billion. Bruce's take: more than \$600 million. But it turned out Great Man Bruce had snookered Great Man Michel when the Frenchman was at his most vulnerable. The Last Tycoons is a tale of vaulting ambitions, whispered advice, worldly mistresses, fabulous art collections, and enormous wealth—a story of high drama in the world of high finance.

The Secret Soldier BoD - Books on Demand

Soviet Union, 1956: Stalin is dead. With his passing, a violent regime is beginning to fracture - leaving behind a society where the police are the criminals, and the criminals are innocent. The catalyst comes when a secret manifesto composed by Stalin's successor Khrushchev is distributed to the entire nation. Its message: Stalin was a tyrant and a murderer. Its promise: The Soviet Union will transform. But there are forces at work that are unable to forgive or forget Stalin's tyranny so easily, that demand revenge of the most appalling nature. Meanwhile, former MGB officer Leo Demidov is facing his own turmoil. The two young girls he and his wife Raisa adopted have yet to forgive him for his involvement in the murder of their parents. They are not alone. Now that the truth is out, Leo, Raisa and their family are in grave danger from someone with a grudge against Leo. Someone transformed beyond recognition into the perfect model of vengeance.

The Ghost Simon and Schuster

The New York Times Bestseller A New York Times Notable Book of 2022 Named one of Vanity Fair's "Best Books of 2022" "Not since Robert Caro's Years of Lyndon Johnson have I been so riveted by a work of history. Secret City is not gay history. It is American history." —George Stephanopoulos Washington, D.C., has always been a city of secrets. Few have been more dramatic than the ones revealed in James Kirchick's Secret City. For decades, the specter of homosexuality haunted Washington. The mere suggestion that a person might be gay destroyed reputations, ended careers, and ruined lives. At the height of the Cold War, fear of homosexuality became intertwined with the growing threat of international communism, leading to a purge of gay men and lesbians from the federal government. In the fevered atmosphere of political Washington, the secret "too loathsome to mention" held enormous, terrifying power. Utilizing thousands of pages of declassified documents, interviews with over one hundred people, and material unearthed from presidential libraries and archives around the country, Secret City is a chronicle of American politics like no other. Beginning with the tragic story of Sumner Welles, Franklin Delano Roosevelt's brilliant diplomatic advisor and the man at the center of "the greatest national scandal since the existence of the United States," James Kirchick illuminates how homosexuality shaped each successive presidential administration through the end of the twentieth century. Cultural and political anxiety over gay people sparked a decades-long witch hunt, impacting everything from the rivalry between the CIA and the FBI to the ascent of Joseph McCarthy, the struggle for Black civil rights, and the rise of the conservative movement. Among other revelations, Kirchick tells of the World War II-era gay

spymaster who pioneered seduction as a tool of American espionage, the devoted aide whom Lyndon Johnson treated as a son yet abandoned once his homosexuality was discovered, and how allegations of a “homosexual ring” controlling Ronald Reagan nearly derailed his 1980 election victory. Magisterial in scope and intimate in detail, *Secret City* will forever transform our understanding of American history.

North Korea Confidential Penguin UK

A boy learns the secret to locating his missing stuffed bunny in this picture book about the extraordinary power of imagination, from the team behind the phenomenally bestselling *The Secret*. When Henry’s beloved stuffed rabbit, Raspberry, goes missing, he enlists his whole family to help him search for the missing toy. But Raspberry can’t be found. Then Henry’s grandfather suggests that Henry use his imagination to find his rabbit. Will the power of Henry’s imagination bring Raspberry back? Or is Raspberry gone for good? Depicting the love of a boy for his toy and the power of friendship, *The Power of Henry’s Imagination* is sure to become an instant classic.

The Power of Henry’s Imagination (The Secret) University of Chicago Press

Even as a young man, Hamid Farsi is acclaimed as a master of the art of calligraphy. But as time goes by, he sees that weaknesses in the Arabic language and its script limit its uses in the modern world. In a secret society, he works out schemes for radical reform, never guessing what risks he is running. His beautiful wife, Noura, is ignorant of the great plans on her husband’s mind. She knows only his cold, avaricious side and so it is no wonder she feels flattered by the attentions of his amusing, lively young apprentice. And so begins a passionate love story of a Muslim woman and a Christian man.

Secret City Penguin

Award winning journalist Ted Gup exposes how and why our most important institutions increasingly keep secrets from the very people they are supposed to serve. Drawing on his decades as an investigative reporter, Ted Gup argues that a preoccupation with secrets has undermined the very values--security, patriotism, and privacy--in whose name secrecy is so often invoked. He explores the blatant exploitation of privacy and confidentiality in academia, business, and the courts, and concludes that in case after case, these principles have been twisted to allow the emergence of a shadow system of justice, unaccountable to the public. *Nation of Secrets* not only sounds the alarm to warn against an unethical way of life, but calls for the preservation of our democracy as we know it.

The Road to Ruin Simon and Schuster

First time available in ebook! *The Secret Daily Teachings*, the much-loved companion guide for living *The Secret* day by day, is now available in a new ebook format. More joy, more abundance, more magnificence—every single day of the year.

The Moon Dragon (The Secrets of Droon #26) Univ of California Press

Originally published in 1995. President Franklin Delano Roosevelt was paralyzed from the waist down, but he concealed the extent of his disability from a public that was never permitted to see him in a wheelchair. FDR’s Secretary of State was old and frail, debilitated by a highly contagious and usually fatal disease that was as closely guarded a state secret as his wife’s Jewish ancestry. The undersecretary was a pompous and aloof man who married three times but, when intoxicated, preferred sex with railroad porters, shoeshine boys, and cabdrivers. These three legendary figures—Franklin Roosevelt, Cordell Hull, and Sumner Welles—not only concealed such secrets for more than a decade but did so while directing United States foreign policy during

some of the most perilous events in the nation’s history. Irwin Gellman brings to light startling new information about the intrigues, deceptions, and behind-the-scenes power struggles that influenced America’s role in World War II and left their mark on world events, for good or ill, in the half-century that followed. Gellman had unprecedented access to previously unavailable documents, including Hull’s confidential medical records, unpublished manuscripts of Drew Pearson and R. Walton Moore, and Sumner Welles’s FBI file. Gellman concludes that while Roosevelt, Hull, and Welles usually agreed on foreign policy matters, the events that molded each man’s character remained a mystery to the others. Their failure to cope with their secret affairs—to subordinate their personal concerns to the higher good of the nation—eventually destroyed much of what they hoped would be their legacy. Roosevelt never explained his objectives to his vice president, Harry Truman, or to anyone else. Hull never groomed a successor, and Welles kept his foreign assignments as classified as his sexual orientation. Gellman tells the dramatic story of how three Americans—despite private demons and bitter animosities—could work together to lead their nation to victory against fascism. —William T. Walker, *Presidential Studies Quarterly*

Secret Affairs Simon and Schuster

FROM ZERO TO HERO . . . YOUR SECRET MAP TO A RICH LIFE

What is your true calling and why aren’t you already living it? Imagine if there was a map that showed you step by step how to get from where you are now to your true calling and the life you were born to live - the most brilliant, rich, fulfilling, and dazzling life you could ever dream of. Spying and the Crown Simon and Schuster

A groundbreaking account of the rise of North Korea’s Kim Jong Un—from his nuclear ambitions to his summits with President Donald J. Trump—by a leading American expert “Shrewdly sheds light on the world’s most recognizable mysterious leader, his life and what’s really going on behind the curtain.”—*Newsweek* When Kim Jong Un became the leader of North Korea following his father’s death in 2011, predictions about his imminent fall were rife. North Korea was isolated, poor, unable to feed its people, and clinging to its nuclear program for legitimacy. Surely this twentysomething with a bizarre haircut and no leadership experience would soon be usurped by his elders. Instead, the opposite happened. Now in his midthirties, Kim Jong Un has solidified his grip on his country and brought the United States and the region to the brink of war. Still, we know so little about him—or how he rules. Enter former CIA analyst Jung Pak, whose brilliant Brookings Institution essay “The Education of Kim Jong Un” cemented her status as the go-to authority on the calculating young leader. From the beginning of Kim’s reign, Pak has been at the forefront of shaping U.S. policy on North Korea and providing strategic assessments for leadership at the highest levels in the government. Now, in this masterly book, she traces and explains Kim’s ascent on the world stage, from his brutal power-consolidating purges to his abrupt pivot toward diplomatic engagement that led to his historic—and still poorly understood—summits with President Trump. She also sheds light on how a top intelligence analyst assesses thorny national security problems: avoiding biases, questioning assumptions, and identifying risks as well as opportunities. In piecing together Kim’s wholly unique life, Pak argues that his personality, perceptions, and preferences are underestimated by Washington policy wonks, who assume he sees the world as they do. As the North Korean nuclear threat grows, *Becoming Kim Jong Un* gives readers the first authoritative, behind-the-scenes look at Kim’s character and motivations, creating an insightful biography of the enigmatic man who could rule the hermit kingdom for decades—and has already left an indelible imprint on world history.

Samsung Rising Ballantine Books

In this beautifully illustrated journal based on a TV documentary, writer, comedian and world traveller Michael Palin journeys to North Korea, offering a glimpse of life inside the world’s most secretive country, uncovering surprises and making friends along the way. In May 2018, former Monty Python stalwart and intrepid globetrotter Michael Palin ventured into the Democratic People’s Republic of Korea, camera crew in tow, to gain a glimpse of life in the most notoriously secretive and cut-off nation on earth. His resulting two-part documentary for Channel 5 fascinated millions and won universal plaudits. Now he shares the journal he meticulously kept during his trip, in which he describes his experiences in a country wholly unlike any other he has ever visited: a country where you will find the Tallest Unoccupied Building in the World; where the residents of Pyongyang awake every morning to the strains of ‘Where Are You, Dear General?’, broadcast from speakers across the city; and where there are fifteen approved styles of haircut. He chronicles a journey of stark contrasts that takes in a gleamingly modern capital complete with triumphal statues and arches one day, and a countryside that has barely changed in decades on another. He travels to the heavily fortified Demilitarized Zone, to a centuries-old Confucian academy, and to the heart of North Korea’s exquisitely beautiful mountains and lakes. He recounts conversations with official guides, teachers, propaganda artists, farmers and soldiers in which mutual incomprehension and shared humanity are constantly intermingled. And he muses on what makes people tick under a regime that to outsiders seems so utterly alien and so grimly authoritarian. Written with Palin’s trademark warmth and wit, and illustrated with beautiful colour photographs throughout, Palin’s journal offers a rare insight into the North Korea behind the headlines.

Go get the life you want. Be a Rhinoceros! There is something dangerous about this book. Something big. Something full of power, energy and force of will. It could be about you. You could become three tons of thick-skinned, snorting hard-charging rhinoceros. It is time to go get the life you want.

The Secret Daily Teachings Simon and Schuster

The tenth-anniversary edition of the book that changed lives in profound ways, now with a new foreword and afterword. In 2006, a groundbreaking feature-length film revealed the great mystery of the universe—*The Secret*—and, later that year, Rhonda Byrne followed with a book that became a worldwide bestseller. Fragments of a Great Secret have been found in the oral traditions, in literature, in religions and philosophies throughout the centuries. For the first time, all the pieces of *The Secret* come together in an incredible revelation that will be life-transforming for all who experience it. In this book, you’ll learn how to use *The Secret* in every aspect of your life—money, health, relationships, happiness, and in every interaction you have in the world. You’ll begin to understand the hidden, untapped power that’s within you, and this revelation can bring joy to every aspect of your life. *The Secret* contains wisdom from modern-day teachers—men and women who have used it to achieve health, wealth, and happiness. By applying the knowledge of *The Secret*, they bring to light compelling stories of eradicating disease, acquiring massive wealth, overcoming obstacles, and achieving what many would regard as impossible.
