What do you see from your window? This #OwnVoices picture book from Brazil offers a firsthand view of what children growing up in the favelas of Rio de Janeiro see every day. A vibrant and diverse celebration of urban community living, brought to life by unique, colorful illustrations that juxtapose brick buildings with lush jungle plants.

*Religion and Empire in Portuguese India* New Directions Publishing  
Three bestselling authors. Two delightful novels. One terrific collection! From Julia Quinn, author of the Bridgerton series, now streaming on Netflix—writing along with close friends and popular authors Eloisa James and Connie Brockway—comes THE LADIES MOST... a duo of cleverly crafted novels, *The Lady Most Likely* and *The Lady Most Willing*, together for the first time. THE LADY MOST LIKELY Hugh Dunne, the Earl of Briarly, needs a wife, so his sister hands him a list of delectable damsels and promises to invite them—and a few other gentlemen—to her country house for what is sure to be the event of the season. Hugh will have time to woo whichever lady he most desires. Unless someone else snatches her first. The invitation list includes: The always outspoken Miss Katherine Peyton The impossibly beautiful (and painfully shy) Miss Gwendolyn Passmore The widowed Lady Georgina Sorrell (who has no plans to marry, ever) And your hostess, Lady Carolyn Finchley, an irrepressible matchmaker with romantic plans for every last one of them—especially THE LADY MOST LIKELY to marry an eligible Earl. THE LADY MOST WILLING Taran Ferguson, laird of his clan, is determined that his ancient (if not so honorable) birthright be secured before he dies. When both his nephews refuse to wed, he takes matters into his own hands, raiding an English lord's Christmas ball and making off with four lovely potential brides (and one very irate duke). When his nephews, the Comte de Rocheforte and the Earl of Oakley, arrive for their annual holiday visit, they are drawn into a matchmaking party, of sorts. Among the unwitting guests are: Miss Fiona Chisholm, a beauty with a scandalous past Lady Cecily Tarleton, a

lovely heiress—but she's English Miss Catriona Burns, a lady with no name or fortune, so clearly someone made a mistake! As the snow piles up outside the highland castle, and the guests are forced to pass the time together, the initial dismay turns to unanticipated attractions and then irresistible passions – and indeed, there might be one LADY MOST WILLING to marry a Scottish lord.

This book is the result of a conference organised by the Contemporary Portuguese Political History Research Centre (CPHRC) and the University of Dundee that took place during September 2000. The purpose of this conference, and the resulting book, was to bring together various experts in the field to analyse and debate the process of Portuguese decolonisation, which was then 25 years old, and the effects of this on the Portuguese themselves. For over one century, the Portuguese state had defined its foreign policy on the basis of its vast empire – this was the root of its 'Atlanticist' vision. The outbreak of war of liberation in its African territories, which were prompted by the new international support for self determination in colonised territories, was a serious threat that undermined the very foundations of the Portuguese state. This book examines the nature of this threat, how the Portuguese state initially attempted to overcome it by force, and how new pressures within Portuguese society were given space to emerge as a consequence of the colonial wars. This is the first book that takes a multidisciplinary look at both the causes and the consequences of Portuguese decolonisation – and is the only one that places the loss of Portugal's Eastern Empire in the context of the loss of its African Empire. Furthermore, it is the only English language book that relates the process of Portuguese decolonisation with the search for a new Portuguese vision of its place in the world. This book is intended for anyone who is interested in regime change, decolonisation, political revolutions and the growth and development of the European Union. It will also be useful for those who are interested in contemporary developments in civil society and state ideologies. Given that a large part of the book is dedicated to the process of change in the various countries of the former Portuguese Empire, it will also be of interest to students of

Africa. It will be useful to those who study decolonisation processes within the other former European Empires, as it provides comparative detail. The book will be most useful to academic researchers and students of comparative politics and area studies.

A new way of thinking about data science and data ethics that is informed by the ideas of intersectional feminism. Today, data science is a form of power. It has been used to expose injustice, improve health outcomes, and topple governments. But it has also been used to discriminate, police, and surveil. This potential for good, on the one hand, and harm, on the other, makes it essential to ask: Data science by whom? Data science for whom? Data science with whose interests in mind? The narratives around big data and data science are overwhelmingly white, male, and

techno-heroic. In *Data Feminism*, Catherine D'Ignazio and Lauren Klein present a new way of thinking about data science and data ethics—one that is informed by intersectional feminist thought. Illustrating data feminism in action, D'Ignazio and Klein show how challenges to the male/female binary can help challenge other hierarchical (and empirically wrong) classification systems. They explain how, for example, an understanding of emotion can expand our ideas about effective data visualization, and how the concept of invisible labor can expose the significant human efforts required by our automated systems. And they show why the data never, ever “speak for themselves.” *Data Feminism* offers strategies for data scientists seeking to learn how feminism can help them work toward justice, and for feminists who want to focus their efforts on the growing field of data science. But *Data Feminism* is about much more than gender. It is about power, about who has it and who doesn't, and about how those differentials of power can be challenged and changed.

Fernando Pessoa wrote this guide to Lisbon, in English, at some point during the 1920s. It was never published and the manuscript was only found amongst his papers long after his death. Its interest is twofold : anything from Pessoa's pen is de facto of interest, but he is also the quintessential city poet, and very much the poet of the city of Lisbon. He loved the city, knew all of its corners, and scarcely left it after his early years there, following his school-days in Durban. The book can still be used as a guide today. The text has been updated only so as to take account of the modern Portuguese spelling of names and places (4e de couv. ).

In the 16th century, Portuguese navigators circumvented the globe, conquering new lands to build one of history's largest empires, and at the same time carrying and introducing crops, food products and a variety of culinary cultures to all corners of the earth. This fascinating collection of 225 authentic recipes is the first cookbook to encompass the entire Portuguese-speaking world and explains how Portugal and its former colonies influenced each other's culinary traditions. Included are dishes containing Asian, South American, African, and European spices, along with varied ingredients like piri-piri pepper, coconut milk,

cilantro, manioc root, bananas, dried fish, seafood and meats. The author also explores the impact of Sephardic Jews on the cuisines of Cape Verde, Angola, and Brazil and the influence of the Moors, who brought to the Iberian peninsula rich desserts, which the Portuguese in turn took around the world. The recipes range from appetisers like: Pastel com o Diabo Dentro (Pastry with the Devil Inside from Cape Verde); to main courses such as Frango ã Africana (Grilled Chicken African Style from Mozambique) and Cuscuz de Camarão (Shrimp Couscous from Brazil), to desserts like Pudim de Côco (Coconut Pudding from Timor). Menus for religious holidays and festive occasions, a glossary, a brief history of the cuisines and a bilingual index will assist the home chef in creating meals that celebrate the rich, diverse, and delicious culinary legacy of this old empire.

História de Portugal The Prince of Tides

This new translation of Clarice Lispector's sensational first book tells the story of a middle class woman's life from childhood through an unhappy marriage and its dissolution to transcendence. Near to the Wild Heart, published in Rio de Janeiro in 1943, introduced Brazil to what one writer called “Hurricane Clarice”: a twenty-three-year-old girl who wrote her first book in a tiny rented room and then baptized it with a title taken from Joyce: “He was alone, unheeded, near to the wild heart of life.” The book was an unprecedented sensation — the discovery of a genius. Narrative epiphanies and interior monologue frame the life of Joana, from her middle-class childhood through her unhappy marriage and its dissolution to transcendence, when she proclaims: “I shall arise as strong and comely as a young colt.”

This volume offers a new understanding of the role of the media in the Portuguese Empire, shedding light on the interactions between communications, policy, economics, society, culture, and national identities. Based on an interdisciplinary approach, this book comprises studies in journalism, communication, history, literature, sociology, and anthropology, focusing on such diverse subjects as the expansion of the printing press, the development of newspapers and radio, state propaganda in the metropolitan Portugal and the colonies, censorship, and the uses of media by opposition groups. It encourages an understanding of the articulations and tensions between the different groups that participated, willingly or not, in the establishment, maintenance and overthrow of the Portuguese Empire in Angola, Mozambique, São Tomé e Príncipe, Cape Verde, Guinea-Bissau, India, and East Timor.

"The way we manage organizations seems increasingly out of date. Deep inside, we sense that more is possible. We long for soulful workplaces, for authenticity, community, passion, and purpose. In this groundbreaking book, the author shows that every time, in the past, when humanity has shifted to a new stage of consciousness, it has achieved extraordinary breakthroughs in collaboration. A new shift in consciousness is currently underway. Could it help us invent a more soulful and purposeful way to run our businesses and nonprofits, schools and hospitals? A few pioneers have already cracked the code and they show us, in practical detail, how it can be done. Leaders, founders, coaches, and consultants will find this work a joyful handbook, full of insights, examples, and inspiring stories."--Page [4] of cover.

The second edition of the Impact Evaluation in Practice handbook is a comprehensive and accessible introduction to impact evaluation for policy makers and development practitioners. First published in 2011, it has been used widely across the development and academic communities. The book incorporates real-world examples to present practical guidelines for designing and implementing impact evaluations. Readers will gain an understanding of impact evaluations and the best ways to use them to design evidence-based policies and programs. The updated version covers the newest techniques for evaluating programs and includes state-of-the-art implementation advice, as well as an expanded set of examples and case studies that draw on recent development challenges. It also includes new material on research ethics and partnerships to conduct impact evaluation. The handbook is divided into four sections: Part One discusses what to evaluate and why; Part Two presents the main impact evaluation methods; Part Three addresses how to manage impact evaluations; Part Four reviews impact evaluation sampling and data collection. Case studies illustrate different applications of impact evaluations. The book links to complementary instructional material available online, including an applied case as well as questions and answers. The updated second edition will be a valuable resource for the international development community, universities, and policy makers looking to build better

evidence around what works in development.

How did the colonization of Goa in the sixteenth and seventeenth centuries take place? How was it related to projects for the conversion of Goan colonial subjects to Catholicism? In *Religion and Empire in Portuguese India*, Ângela Barreto Xavier examines these questions through a reading of the relevant secular and missionary archives and texts. She shows how the twin drives of conversion and colonization in Portuguese India resulted in a variety of outcomes, ranging from negotiation to passive resistance to moments of extreme violence. Focusing on the rural hinterlands rather than the city of Goa itself, Barreto Xavier shows how Goan actors were able to seize hold of complex cultural resources in order to further their own projects and narrate their own myths and histories. In the process, she argues, Portuguese Goa emerged as a space with a specific identity that was a result of these contestations and interactions. The book de-essentializes

the categories of colonizer and colonized, making visible instead their inner-group diversity of interests, their different modes of identification, and the specificity of local dynamics in their interactions and exchanges—in other words, the several threads that wove the fabric of colonial life.

In a time of terror for Europe's monarchs—imprisoned, exiled, executed—Napoleon's army marched toward Lisbon. Cornered, Prince Regent João had to make the most fraught decision of his life. Protected by the British Navy, he fled to Brazil with his entire family, including his deranged mother, most of the nobility, and the entire state apparatus. Until then, no European monarch had ever set foot in the Americas. Thousands made the voyage, but it was no luxury cruise. It took two months in cramped, decrepit ships. Lice infested some of the vessels, and noble women had to shave their hair and grease their bald heads with antiseptic sulfur. Vermin infested the food, and bacteria contaminated the drinking water. Sickness ran rampant. After landing in Brazil, Prince João liberated the colony from a trade monopoly with Portugal. As explorers mapped the burgeoning nation's distant regions, the prince authorized the construction of roads, the founding of schools, and the creation of factories, raising Brazil to kingdom status in 1815. Meanwhile, Portugal was suffering the effects of abandonment, war, and famine. Never had the country lost so many people in so little time. Finally, after Napoleon's fall and over a decade of misery, the Portuguese demanded the return of their king. João sailed back in tears in 1821, and the last chapter of colonial Brazil drew to a close, setting the stage for the strong, independent nation that we know today, changing the New World forever.
