## SYLVIA CHASE

*Hainuwele* Boydell & Brewer Ltd  
 “Reading this book, what becomes eminently clear is that Selznick is laying the groundwork for GLBTQIA+ literary history . . . as it pertains to Whitman.” —School Library Journal As he was turning forty, Walt Whitman wrote twelve poems in a small handmade book he entitled “Live Oak, With Moss.” The poems were intensely private reflections on his attraction to and affection for other men. They were also Whitman’s most adventurous explorations of the theme of same-sex love, composed decades before the word “homosexual” came into use. This revolutionary, extraordinarily beautiful and passionate cluster of poems was never published by Whitman and has remained unknown to the general public—until now. New York Times–bestselling and Caldecott Award–winning illustrator Brian Selznick offers a provocative visual narrative of “Live Oak, With Moss,” and Whitman scholar Karen Karbiener reconstructs the story of the poetic cluster’s creation and destruction. Walt Whitman’s reassembled, reinterpreted Live Oak, With Moss serves as a source of inspiration and a cause for celebration. “In harmony, the art, the poems, and [Karbiener’s] analysis all honor while illuminating Whitman’s work and make it more accessible to contemporary readers.” —Publishers Weekly

 This pioneering collection of original essays explores the rich analytical category of psycho- active substances from challenging historical and anthropological perspectives. Psychoactive substances have been central to the formation of civilizations and the growth of the world economy. *Consuming Habits* describes how and why: tea and coffee replaced beer on the breakfast tables of 18th century Europe in Islamic emirates at the turn of the century kola nuts formed part of tax payments, and were given as gifts by so-called ‘big men’ In 1902 opera singers had their doctors prescribe them cocaine to aid singing the original version of ‘coca-cola’ was described as a ‘brain tonic.’ This pioneering collection of original essays explores the rich analytical category of psychoactive substances from challenging historical and anthropological perspectives.

 Do you know when César Vallejo was born? Was he a communist or a lapsed Catholic, or both? Do you know what he died of? Did you know that a new collection of hand-written manuscripts has been recently discovered in Montevideo? You may not know the answer to all these questions (some of them may be unanswerable) but this book will help you to identify and compare

the competing answers. It describes and evaluates the manuscripts, editions, books, collections of essays, articles, translations, and doctoral theses written about Vallejo by a wealth of scholars since Vallejo's death on Good Friday 1938.  
*Last Night I Dreamt I Was a DJ* Chronicle Books  
 The elusive narrator of this beautifully written, complex, and powerfully disconcerting novel is the scion of a decayed aristocratic family from the farther reaches of the defunct Austro-Hungarian Empire. In five psychologically fraught episodes, he revisits his past, from adolescence to middle age, a period that coincides with the twentieth-century’s ugliest years. Central to each episode is what might be called the narrator’s Jewish Question. He is no Nazi. To the contrary, he is apolitical, accommodating, cosmopolitan. He has Jewish friends and Jewish lovers, and their Jewishness is a matter of abiding fascination to him. His deepest and most defining relationship may even be the strange dance of attraction and repulsion that throughout his life he has conducted with this forbidden, desired, inescapable, imaginary Jewish other. And yet it is just his relationship that has blinded him to—and makes him complicit in—the terrible realities his era. Lyrical, witty, satirical, and unblinking, Gregor von Rezzori’s most controversial work is an intimate foray into the emotional underworld of modern European history.

## Poetry in Pieces BoD - Books on Demand

Set against the cultural and political backdrop of interwar Europe and the Americas, *Poetry in Pieces* is the first major study of the Peruvian poet César Vallejo (1892–1938) to appear in English in more than thirty years. Vallejo lived and wrote in two distinct settings—Peru and Paris—which were continually crisscrossed by new developments in aesthetics, politics, and practices of everyday life; his poetry and prose therefore need to be read in connection with modernity in all its forms and spaces. Michelle Clayton combines close readings of Vallejo’s writings with cultural, historical, and theoretical analysis, connecting Vallejo—and Latin American poetry—to the broader panorama of international modernism and the avant-garde, and to writers and artists such as Rainer Maria Rilke, James Joyce, Georges Bataille, and Charlie Chaplin. *Poetry in Pieces* sheds new light on one of the key figures in twentieth-century Latin American literature, while exploring ways of rethinking the parameters of international lyric modernity.

 Although the interest in the concept of partitivity has continuously increased in the last decades and has given rise to considerable advances in research, the fine-grained morpho-syntactic and semantic variation displayed by partitive elements across European languages is far from being well-described, let alone well-understood. There are two main obstacles to this: on the one hand, theoretical linguistics and typological linguistics are fragmented in different methodological approaches that hinder the full sharing of cross-theoretic advances; on the other hand, partitive elements have been analyzed in restricted linguistic environments, which would benefit from a broader perspective. The aim of the PARTE project, from which this volume stems, is precisely to bring together linguists of different theoretical approaches using different methodologies to address this notion in its many facets. This volume focuses on Partitive Determiners, Partitive Pronouns and Partitive Case in European languages, their emergence and spread in diachrony, their acquisition by L2 speakers, and their syntax and interpretation. The volume is the first to provide such an encompassing insight into the notion of partitivity.

Cesar Vallejo, a Selection of His Poetry New York : Harper

The building intended to house the University of Vienna was built in 1753/1755 according to a plan drawn up by Jean Nicolas Jadot, an architect from Lothringen. The opening celebrations, presided over by Emperor Francis I and Empress Maria Theresia, took place in April 1756. In 1857 the building was presented to the Imperial Academy of Sciences - the Austrian Academy of Sciences since 1945 - which had been founded by Emperor Ferdinand I in 1846. The building site for the new assembly hall of the university was not chosen by chance, but was located in that part of town in which the university buildings had been since the late 14th century. The urban setting and the narrow building area called for an unusual design for this "Neue Aula". The narrow side, facing the square, needed to be emphasised by means of its main facade, which now competed with the previously dominant front of the University Church of the Jesuits as a standout feature, thus leading to a reordering of the visual framework of the square. Such a weakening of the sacred context of the square was symbolic of the reorganisation of the course of academic studies at the university, made manifest through the erection of the Neue Aula and which was taken out of the hands of the "Society of Jesus" in successive steps lasting until 1759. If at the beginning the main idea was to set up apartments in the new building for virtually all of the professors of the schools of law and medicine, their preferential treatment can be understood when one considers that particularly the practically oriented schools (law and medicine) were affected by the university reforms of the time. The driving force behind the speedy erection of the building was the Chancellor of the University of Vienna, Archbishop Johann Joseph Graf Trautson, whom Maria Theresia had entrusted with all building projects in March of 1753. No later than February 1754, the unification of the four schools in the new building was placed on the agenda, thus stressing the common identity of the academic disciplines - a point of view that was convincingly taken into account in the frescoes by Gregorio Guglielmi (1755) that decorate the "Festsaal" [great hall]. As far as can be inferred today from the written and pictorial documents, the erection of the new university building should in no way be interpreted as an isolated undertaking. In the final analysis it was part of a comprehensive plan to give the university quarter, which had been located there since the Middle Ages, a clearer structure and a new definition within the concept of town planning. This publication offers a detailed study of the history and the design and decoration of the former assembly hall of the university - today the main building of the Austrian Academy of Sciences - and a description of the genesis and function of this building, all based on a large number of written and pictorial sources.

Der Peruanische Nationaldichter César Vallejo ist in Deutschland wenig bekannt, zu wenig fanden einige Dichter aus Berliner Dichtervereinigungen, wie das Köpenicker Lyrikseminar/ Lesebühne der Kulturen, der Friedrichshainer Autorenkreis und die Poeten vom Müggelsee / Friedrichshagener Verswerkstatt. In Auseinandersetzung mit seinen Werken und der Übersetzung / Nachdichtung von Gedichten von Dichtern aus Peru entstand diese zweisprachige Anthologie. Sie war als Arbeitsbuch für die 24. "Fields of Plenty is the memoir of respected farmer, writer, and photographer Michael Ableman as he and his son travel from his own farm in British Columbia across the United States in search of innovative and passionate farmers who are making a difference in what we eat and how we experience food. From California to New York, this story captures the essence of each farmer's vision, the spirit of the land that they work, and the beauty and flavors of the foods that they lovingly produce. Ableman's odyssey takes him to a melon grower who is "militant about flavor," sheep-cheese producers who have built their own culturing caves, an urban farmer growing heirloom tomatoes for market on abandoned lots, and others who are trying to answer the complex questions of sustenance philosophically and, most important, practically."

"Fields of Plenty is a hopeful memoir that reveals the larger issues of food in a modern world. Illustrated with Ableman's photographs and flavored with recipes that feature each farmer's bounty, Fields of Plenty is an intimate portrait of food and agriculture at a critical crossroads."--BOOK JACKET.

Miami, FL's Jai-Alai Books proudly presents, *Last Night I Dreamt I Was a DJ* (2014), Frank Bez's debut volume of poetry in English, translated by P. Scott Cunningham and Hoyt Rogers. A former resident of Chicago, Bez's poetry highlights the deep connections between the United States and the Dominican Republic. He celebrates the lyrical possibilities of Santo Domingo, while also lamenting its systemic failures. He delights in the cultural influence of the United States, while also recognizing the failed exportation of the American dream. Most of all, though, Bez's poems are funny. They laugh at the spectacle of their creator and his struggle to exist as a poet in world hostile to poetry, and they dare to talk back to capitalism with the voices of the voiceless: the poor, working class people haunting the streets of Santo Domingo "like a new Night of the Living Dead sequel."

Gregor von Rezzori was born in Czernowitz, a onetime provincial capital of the Austro-Hungarian Empire that was later to be absorbed successively into Romania, the USSR, and the Ukraine—a town that was everywhere and nowhere, with a population of astonishing diversity. Growing up after World War I

and the collapse of the empire, Rezzori lived in a twilight world suspended between the formalities of the old nineteenth-century order which had shaped his aristocratic parents and the innovations, uncertainties, and raw terror of the new century. The haunted atmosphere of this dying world is beautifully rendered in the pages of *The Snows of Yesteryear*. The book is a series of portraits—amused, fond, sometimes appalling—of Rezzori's family: his hysterical and histrionic mother, disappointed by marriage, destructively obsessed with her children's health and breeding; his father, a flinty reactionary, whose only real love was hunting; his haughty older sister, fated to die before thirty; his earthy nursemaid, who introduced Rezzori to the power of storytelling and the inevitability of death; and a beloved governess, Bunchy. Telling their stories, Rezzori tells his own, holding his early life to the light like a crystal until it shines for us with a prismatic brilliance.

Translated by Vanessa Pérez-Rosario. Mayra Santos-Febres is one of our most powerful writers, and BOAT PEOPLE has long been a part of the poetic counter-tradition that shaped generations of Puerto Rican poets. Thanks to Vanessa Pérez-Rosario, English-language readers are now plunged into the depths of a text that, to echo Patrick Chamoiseau, is composed of 'that strange conference of poets and great beings, 'lost at sea, tossed on shores, or caught in a world without return address or safe passage. Written like a border drawn on water, this oceanic book is both a source of life and a record of death. It remains as devastatingly urgent as the day it was written.--Raquel Salas Rivera The ocean in BOAT PEOPLE is haunted and the book is the heartbreaking journey from sea to horizon. Melancholy and songlike, Santos-Febres documents the nameless, the chum: bodies set adrift by commerce. Like M. NourBese Philips's Zong!, this phenomenal translation in which I become 'a drop of fish sweat, ' my body dancing to the poetry's music but also lamenting the violences that underlie it.--Carmen Giménez Smith Kindlers Literatur Lexikon Issues for Mai-Dez. 2004 ("Zeitschrift für Literatur und Politik") add coverage of politics (and illustrations).
