Keith Charles Dovoric is a NJ-born-and-bred singer-songwriter with over twenty-five years of composing, recording, performing, and publishing experience. Inspired by the likes of Dylan Thomas, T.S. Eliot and Dorothy Parker -- as well as Bob Dylan, the Doors, and Warren Zevon -- Mr. Dovoric demonstrates a finely-honed, well-

crafted, and refreshingly oblique approach to rock and folk rock-inspired lyric-writing, betraying many cultural and literary influences. *Ransom Notes on Sunny Days*, featuring over eighty works (including five previously-unpublished lyrics and one poem), captures Mr. Dovoric's strengths, proving to be the ideal primer to this hard-to-pigeonhole writer and performer. *The Snow Queen* Jstone Publishing  
"Having left his humanitarian posting in Africa to raise his two orphaned nieces in San Francisco, Dr. Gavin Brice has enough

A working artist for over two decades, NJ-native Keith Charles Dovoric marries the traditions of musicianship and lyric-writing to craft an unexpectedly fresh breath of literary songcraft. Presaged by the likes of the "rock poets" (Dylan, Cohen, Springsteen, Zevon) as well as the giants

of written verse (Dorothy Parker, T.S. Eliot), and featuring over 180 songs, *Another Day, Another Delusion: Selected Lyrics* is the ideal distillation of a writer, musician, and performer whose provocative compositions -- not to mention jaundiced world-view -- have set him apart from the cookie-cutter ethos of middlebrow pop culture. "This compendium is the upshot of ten years' worth of assemblage, blood, glory, misery, malignancy, and squalor. I feel it presents me well, for lack of better terms. I'm very pleased with it."

"As fearless as a futuristic *Game of Thrones*." — MARGARET STOHL, New York Times bestselling co-author of the *Beautiful Creatures* trilogy From Melissa de la Cruz and Michael Johnston, the New York Times bestselling authors of the *Blue Bloods* and *Witches of East End* series. Welcome to New Vegas, a city once covered in bling, now blanketed in ice. Like much of the destroyed planet, the place knows only one temperature—freezing. But some things never change. The diamond in the ice desert is still a 24-hour hedonistic playground and nothing keeps the crowds away from the casino floors, never mind the rumors about sinister sorcery in its shadows. At the heart of this city is Natasha Kestal, a young blackjack dealer looking for a way out. Like many, she's heard of a mythical land simply called "the Blue." They say it's a paradise, where the sun still shines and the waters are turquoise. More importantly, it's a place where Nat won't be persecuted, even if her darkest secret comes to light. But

passage to the Blue is treacherous, if not impossible, and her only shot is to bet on a ragtag crew of mercenaries led by a cocky runner named Ryan Wesson there. Danger and deceit await on every corner, even as Nat and Wes find themselves inexorably drawn to each other. But can true love survive the lies? Fiery hearts collide in this fantastic tale of the evil men do and the awesome power within us all. This is a remarkable first book in a spellbinding new series about the dawn of a new kind of magic.

"Let the official record show that, I, Nikki Tesla, did not intend to destroy the world." There are only so many times a kid can invent an instrument of global destruction without getting grounded. Genius Academy is a school for history's greatest brains. Leo da Vinci? Charlotte Darwin? Bert Einstein? All extraordinary. Yet even among her fellow prodigies, Nikki feels like an outsider thanks to a terrible secret she can't let anyone discover. Ever. But when her death ray is stolen, Nikki must stop worrying about fitting in and learn to play nice with her new classmates. *Breaking into Alcatraz* Ghost Forest Press  
When a young prophetess is rescued from genocide by a retired veteran, our prolific duo teams up with a sultry bounty hunter who falls for any heroic heart. Old comrades unite amid the chaotic collapse of a world power, and rebel armies form new alliances. A princess learns of her true heritage while tribes waken powers of olden. A practitioner of occult science self-fulfills temple prophecy by resurrecting his father from the grave, only to realize the Free People he despises have become his only salvation. Many believe these inevitable events were written in the stars from the dawn of time, and prophets are merely observant students of precession who study repetitive patterns within endless successions of natural cycles. Others say it is impossible to predict legendary incidents which happened

before and are destined to occur again. Civilizations have come and gone, leaving historical warnings carved on ancient walls. Unheeded and forgotten by myth, eras are reborn to rise and fall until there comes an age when every god's immortality nears its end. Set in a post-apocalyptic future, *Time's Disease* offers the classical allure of mythology with enduring messages very relevant to current events. Futuristic themes revolve around castle landscapes to create this novel recipe: a dash of mysticism, sprinkled by romance and topped by spatters of horror. Sup from hopes cup amid epic tragedy, to partake of this bold tale. Revealed by Illiana Rhea and told by the very characters themselves, this is *Laurent In Chains*.

Bringing together literary and cultural studies scholars, historians, artists and creative writers, this collection examines the different ways in which human beings respond to, debate and interact with landscape. While the essays most often begin with the broadly literary - the memoir, the travelogue, the novel, poetry - the contributors approach the topic in diverse and innovative ways. Taken together, the essays interrogate important issues about how we live now and might live in the future.
