First Thousand Words in Arabic

Goodword Books

Arabic is the third most widely used script in the world, and gave rise to one of the richest manuscript cultures of mankind. Its representation in type has engaged printers, engineers, businesses and designers since the 16th century, and today most digital devices render Arabic type. Yet the evolution of the printed form of Arabic, and its development from metal to pixels, has not been charted before. *Arabic Type-Making in the Machine Age* provides the first comprehensive account of this history using previously undocumented archival sources. In this richly illustrated volume, Titus Nemeth narrates the evolution of Arabic type under the influence of changing technologies from the perspective of a practitioner, combining historical research with applied design considerations.

Proclaiming One unifying religion for all the people. The Book is, without a doubt, a revelation from the Lord of the Universe. The Final Testament comes with built-in physical evidence that it is God's message to you; it is mathematically composed beyond human capability. This proves that God is the Truth, and that He revives the dead, and that He is Omnipotent.

In his inimitable "two track" style of creating a fictional future and flashing back to actual events in recent history, Peter T. King once again places Congressman Sean Cross at the center of international terrorism, this time coming from radical Islam in cahoots with the Irish Republican Army. The "reality-based" track gives a minute-by-minute account of September 11, 2001

and its effect on the cities of New York and Washington, and continues with month-by-month accounts up until September 11, 2002. A leading congressional Republican, King offers keen insight into President Bush's inner circle in the days immediately following the attacks. In King's fictional future New York once again comes under attack, and it falls upon the resourceful Sean Cross to uncover the odd bedfellows that comprise this latest conspiracy to visit terror on American soil.

Ibn Arabi's *Small Death* is a sweeping and inventive work of historical fiction that chronicles the life of the great Sufi master and philosopher Ibn Arabi. Known in the West as "Rumi's teacher," he was a poet and mystic who proclaimed that love was his religion. Born in twelfth-century Spain during the Golden Age of Islam, Ibn Arabi traveled thousands of miles from Andalusia to distant Azerbaijan, passing through Morocco, Egypt, the Hijaz, Syria, Iraq, and Turkey on a journey of discovery both physical and spiritual. Witness to the wonders and cruelties of his age, exposed to the political rule of four empires, Ibn Arabi wrote masterworks on mysticism that profoundly influenced the world. Alwan's fictionalized first-person narrative, written from the perspective of Ibn Arabi himself, breathes vivid life into a celebrated and polarizing figure.

The Times Are Urgent God Is on the Move Now Is the Moment to ... ask God to ignite his fire in your soul! Pastor Jim Cymbala believes that Jesus wants to renew his people-to call us back from spiritual dead ends, apathy, and lukewarm religion. Cymbala knows the difference firsthand. Thirty-five years

ago his own church, the Brooklyn Tabernacle, was a struggling congregation of twenty. Then they began to pray ... God began to move ... street-hardened lives by the hundreds were changed by the love of Christ ... and today they are more than ten thousand strong. The story of what happened to this broken-down church in one of America's toughest neighborhoods points the way to new spiritual vitality in the church and in your own life. Fresh Wind, Fresh Fire shows what the Holy Spirit can do when believers get serious about prayer and the gospel. As this compelling book reveals, God moves in life-changing ways when we set aside our own agendas, take him at his word, and listen for his voice.

Abou El Fadl (Islamic law, UCLA School of Law) wrote the 62 brief essays here over the course of five years. Through a combination of musings and critical reflections on classical Muslim authors, he both traces Muslim intellectual history and also confronts questions of ethics, faith, law, politics, culture, and modern identity. He ranges over many facets of Islam in the contemporary world, exploring censorship, political

oppression, terrorism, the veil and the treatment of women, marriage, parental rights, the dynamics between law and morality, the character of the prophet Muhammad, and other topics. About half the essays first appeared in The minaret magazine. c. Book News Inc.

Nothing More to Lose is the first collection of poems by Palestinian poet Najwan Darwish to appear in English. Hailed across the Arab world and beyond, Darwish's poetry walks the razor's edge between despair and resistance, between dark humor and harsh political realities. With incisive imagery and passionate lyricism, Darwish confronts themes of equality and justice while offering a radical, more inclusive, rewriting of what it means to be both Arab and Palestinian living in Jerusalem, his birthplace.

The Book of Disappearance Taylor Trade Publishing

What if all the Palestinians in Israel simply disappeared one day? What would happen next? How would Israelis react? These unsettling questions are posed in Azem's powerfully imaginative novel. Set in contemporary Tel Aviv forty eight hours after Israelis discover all their Palestinian neighbors have

vanished, the story unfolds through alternating narrators, Alaa, a young Palestinian man who converses with his dead grandmother in the journal he left behind when he disappeared, and his Jewish neighbor, Ariel, a journalist struggling to understand the traumatic event. Through these perspectives, the novel stages a confrontation between two memories. Ariel is a liberal Zionist who is critical of the military occupation of the West Bank and Gaza, but nevertheless believes in Israel's project and its national myth. Alaa is haunted by his grandmother's memories of being displaced from Jaffa and becoming a refugee in her homeland. Ariel's search for clues to the secret of the collective disappearance and his reaction to it intimately reveal the fissures at the heart of the Palestinian question. The *Book of Disappearance* grapples with both the memory of loss and the loss of memory for the Palestinians. Presenting a narrative that is often marginalized, Antoon's translation of the critically acclaimed Arabic novel invites English readers into the complex lives of Palestinians living in Israel.

Modern Written Arabic Routledge
New York Times bestseller Now with a new Epilogue, containing letters of response from Palestinian readers. "A profound and original book, the work of a gifted thinker."--Daphne Merkin, The Wall Street Journal Attempting to break the agonizing impasse between Israelis and Palestinians, the Israeli commentator and award-winning author of *Like Dreamers* directly addresses his Palestinian neighbors in this taut and provocative book, empathizing with Palestinian suffering and longing for reconciliation as he explores how the conflict looks through Israeli eyes. I call you "neighbor" because I don't know your name, or anything personal about you. Given our circumstances, "neighbor" might be too casual a word to describe our relationship. We are intruders into each other's dream, violators of each other's sense of home. We are incarnations of each other's worst historical nightmares. Neighbors? *Letters to My Palestinian Neighbor* is one Israeli's powerful attempt to reach beyond the wall that separates Israelis and Palestinians and into the hearts of "the enemy." In a series of letters, Yossi Klein Halevi explains what motivated him to leave his native New York in his twenties and move to Israel to participate in the drama of the renewal of a Jewish homeland, which he is committed to see succeed as a morally responsible, democratic state in the Middle East. This is the first attempt by an Israeli author to directly address his Palestinian neighbors and describe how the conflict appears through Israeli eyes. Halevi untangles the ideological and emotional knot that has defined the conflict for nearly a century. In lyrical,

evocative language, he unravels the complex strands of faith, pride, anger and anguish he feels as a Jew living in Israel, using history and personal experience as his guide. Halevi's letters speak not only to his Palestinian

neighbor, but to all concerned global citizens, helping us understand the painful choices confronting Israelis and Palestinians that will ultimately help determine the fate of the region.
